(MVUM) were made by the responsible official pursuant to 36 CFR 212.51; are effective as of the date on the front cover of this MVUM; and will remain in effect until superceded by next year's MVUM.

Forest Supervisor, Bridger-Teton National

PURPOSE AND CONTENTS

OF THIS MAP

The designations shown on this motor vehicle use map

It is the responsibility of the user to acquire the current MVUM. This MVUM shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands in the Bridger-Teton National Forest that are designated for motor vehicle use pursuant to 36 CFR 212.51. This MVUM also identifies the vehicle classes allowed on each route and in each area; and any seasonal restrictions that apply on those routes and in those areas.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use or implying that the road, trail, or area is passable, actively maintained, or safe for travel. Motor vehicle designations include parking along designated routes and at facilities associated with designated routes when it is safe to do so and when not causing damage to National Forest System resources. Seasonal weather conditions and natural events may render designated roads and trails impassable for extended periods. Designated areas may contain dangerous or impassable terrain. Many designated roads and trails may be passable only by high-clearance vehicles or four-wheel-drive vehicles. Maintenance of designated roads and trails will depend on available resources, and many may receive little maintenance.

This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13. This is a limited purpose. The other public roads are shown for information and navigation purposes only and are not subject to designation under the Forest Service travel management regulation.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

PROHIBITIONS

It is prohibited to possess or operate a motor vehicle

on National Forest System lands on the Bridger-Teton

National Forest other than in accordance with these

designations (CFR 261.13) Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (18 U.S.C. 3571(e)). This prohibition applies regardless of the presence or absence of signs.

This map does not display nonmotorized uses, oversnow uses, or other facilities and attractions on the Bridger-Teton National Forest. Obtain forest visitor information from the local National Forest office.

Designated roads, trails and areas may also be subject to temporary, emergency closures. As a visitor, you must comply with signs notifying you of such restrictions. A national forest may issue an order to close a road, trail or area on a temporary basis to protect the life, health, or safety of forest visitors or the natural or cultural resources in these areas. Such temporary and/or emergency closures are consistent with the Travel Management Rule (36 CFR 212.52 (b), 36 CFR 261 subpart B).

The designation "road or trail open to all motor vehicles" does not supersede State traffic law.

Marked Designated Dispersed Sites

In certain areas along designated motor vehicle routes where general dispersed camping with motor vehicles is not allowed, a number of designated dispersed campsites have been marked on-the-ground. In these designated dispersed campsites, the access road to the site and the site | This symbol, used in conjunction with one of the oth itself are only open to motor vehicles for the purpose of camping during the same season

Currently, marked designated disperesed sites are located in the Phillips Ridge, Curtis Canyon, Shadow Mountain, Spread Creek, Buffalo Valley and Pacific Creek areas.

of use indicated for the adjacent road.

OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting. Not only must you know and follow all applicable traffic laws, you need to show concern for the environment as well as other forest users. The misuse of motor vehicles can lead to the temporary or permanent closure of any designated road, trail, or area. As a motor vehicle operator, you are also subject to State traffic law, including State requirements for licensing, registration, and operation of the vehicle in question.

Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants. Drive cautiously and anticipate rough surfaces and features, such as snow, mud, vegetation, and water crossings common to remote driving conditions. By your participation, you voluntarily assume full responsibility for these damages, risks, and dangers. Take care at all times to protect yourself and those under your responsibility.

Much of the Bridger-Teton National Forest is remote. Medical assistance may not be readily available. Cellular telephones do not work in many areas of the Bridger-Teton National Forest. Take adequate food, water, first-aid supplies, and other equipment appropriate for the conditions and expected weather.

ALWAYS REMEMBER TO RESPECT PRIVATE LAND! PROTECT YOUR PRIVILEGE. STAY ON DESIGNATED ROADS AND TRAILS AND IN DESIGNATED AREAS.

Read and understand this map in its entirety. If you have questions, please contact the Bridger-Teton National Forest for clarification.

As a motor vehicle operator on a National Forest System road, trail, or area you must comply with this map, as well as all Federal, State, and local laws and regulations. Compliance with these rules is your responsibility.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual prientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require Iternative means for communication of ogram information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a compliant of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence

Avenue, S.W., Washington, D.C. 20250-

720-6382 (TDD). USDA is an equal

opportunity provider and employer.

or Information on These Roads

Lakes and Rivers 4215

EXPLANATION OF LEGEND ITEMS Roads Too Short to Be Seen Clearly on the Map Route Designation Roads Open to Highway Legal Vehicles Only: These roads are open only to motor vehicles license under State law for general operation on all public r within the state. Roads Open to All Vehicles: ____ These roads are open to all motor vehicles, includin off-highway vehicles that may not be licensed for high use (but not to oversize or overweight vehicles under traffic law). These trails are open only to wheeled, motor vehicle than 50 inches in width at the widest point on the ve Trails Open to Motorcycles Only: These trails are open only to motorcycles. Sidecars not permitted. Special Vehicle Designation: This symbol indicates the road or trail is open to cla vehicles other than those listed above. Refer to the and Special Designation Table for further instruction Seasonal Designation trail symbols, indicates that the road or trail is open certain portions of the year. Refer to Seasonal and S

Other Public Trails These symbols are used to show routes the Forest does not have jurisdiction over and has not designat motorized use. These symbols are part of the referen showing connections to towns and cities outside the Dispersed Camping Allowed:

Designation Table for further instructions.

-Highways, U.S., State

Other Public Roads

Other Public Roads and Trails:

Designated Dispersed Sites.

This symbol is used for roads that are too short to show a symbol type on the map. The symbol contains the number of the road or trail. Users should refer to the corresponding number in the Short Route Table for designation information.

This symbol is used to display the beginning and ending mileposts of a road that has a change in the designation but not the symbology. Motorized Trail Access:

This symbol indicates a trailhead for access to a motorized route. Not all motorized routes have trailheads and those that do may range from primitive to developed.
