

List of Sensitive Species - Sensitive species for the nine Forest Service Regions by species group, and a determination of the regions where species are likely to be impacted by inventoried roadless area(s). An "X" adjacent to a species name indicates that the species has been listed as a Federal Candidate Species under the Endangered Species Act. This list is current as of September 1, 2000.

List of Sensitive Species - Sensitive species for the nine Forest Service Regions by species group, and a determination of the regions where species are likely to be impacted by inventoried roadless area(s). An "X" adjacent to a species name indicates that the species has been listed as a Federal Candidate Species under the Endangered Species Act. This list is current as of September 1, 2000.

List of Sensitive Species - Sensitive species for the nine Forest Service Regions by species group, and a determination of the regions where species are likely to be impacted by inventoried roadless area(s). An "X" adjacent to a species name indicates that the species has been listed as a Federal Candidate Species under the Endangered Species Act. This list is current as of September 1, 2000.

List of Sensitive Species - Sensitive species for the nine Forest Service Regions by species group, and a determination of the regions where species are likely to be impacted by inventoried roadless area(s). An "X" adjacent to a species name indicates that the species has been listed as a Federal Candidate Species under the Endangered Species Act. This list is current as of September 1, 2000.

List of Sensitive Species - Sensitive species for the nine Forest Service Regions by species group, and a determination of the regions where species are likely to be impacted by inventoried roadless area(s). An "X" adjacent to a species name indicates that the species has been listed as a Federal Candidate Species under the Endangered Species Act. This list is current as of September 1, 2000.
