The total annual burden on respondents for the renewal period is estimated to be less than the 2011 estimate because the number of times the form has to be completed by each respondent has been greatly reduced. ACUS estimates a total burden of 45 hours (down from 135 hours in 2011), based on estimates of 90 persons submitting the form an average of 2 times per year, requiring no more than 15 minutes per response.

Interested persons are invited to submit comments regarding this burden estimate or any other aspect of this information collection, including its necessity, utility and clarity for the proper performance of the Conference’s functions.
