To: Gifford Pinchot, Willamette, NFs

It is with great pleasure that I have received the first recommendation from the newly formed Pacific Northwest Recreation Resource Advisory Committee (Recreation RAC) from their meeting April 11-12, 2007. Your patience in the process of establishing a Recreation RAC, as required by the Federal Recreation Lands Enhancement Act, and your thoroughness is much appreciated.

You are hereby authorized to implement your proposed fee changes as identified in the table below. Please make sure that you follow established regional accounting guidelines for 2007.

As part of the recommendation, the Recreation RAC requested a follow-up report to evaluate the implementation of the fee proposal. Your staff will need to closely monitor this request and be prepared to present to the Recreation RAC in eighteen months.

Forest/BLM Unit	Site Name and Type	Proposed Action
Willamette NF	Shady Cove campground	Increase fee from \$5 to \$8/vehicle/day
Willamette NF	Trail Bridge campground	Increase fee from \$6 to \$10/vehicle/day
Willamette NF	Gold Butte Lookout	Establish \$65.00/night rental fee
Gifford Pinchot NF	Mt. St. Helens Monument Visitor Centers	Increase and streamline fee structure from \$3/center/day to \$8/day single pass for all centers. Children under the age of 15 free at all visitor centers. RRAC interested in having an update from the Forest regarding how well new fee structure is working.

Again, congratulations on receiving a positive recommendation to implement your fee proposals.
