[6:25 PM] Tyler Imig (Guest)

Group 6 didn't have a moderator so we did the best we could. I took basic notes.

[6:30 PM] Laurette Kirchoff (Guest)

No judgement Shelly. Thank you for taking the notes

[6:33 PM] Terry (Guest)

thats not going to work

[6:33 PM] Chris Gotschalk (Guest)

Rules need to be simple.

[6:33 PM] Chris Gotschalk (Guest)

agree that will now work

[6:34 PM] Scott (Guest)

Days of week for use is not a solution and would not work

[6:34 PM] Kilee Stevens (Guest)

No rules, no limitations. All pay the same taxes to use these lands.

[6:34 PM] Anna McCabe (Guest)

Ranger Dowling & I discussed that issue, if multiple user groups is what has to happen it needs to be seasonal.

[6:35 PM] Terry (Guest)

any type of bike use is not good with horses and hikers

[6:36 PM] Keith Hammer (Guest)

non-motorized folks are helping to maintain trails too

[6:37 PM] Keith Hammer (Guest)

Keith will report for his group when you are ready.

[6:37 PM] Mercer, Derrick -FS

Dawn, Brad or Jeff-will one of you please report out when it's time. Thanks-Derrick

[6:37 PM] Unknown User 986 043 521# (Guest) no longer has access to the chat.

[6:39 PM] Dawna Cegler (Guest)

I've never seen a hiker with a chainsaw and horses do more damage to a trail than a dirtbike

[6:39 PM] Terry (Guest)

i agree wildlife needs its area too

[6:41 PM] Terry (Guest)

horses do a lot less damage that dirtbikes some of the nicest trails are horse trails

[6:42 PM] Erica (Guest)

I agree with Dawna that horses can damage trails, but also want it noted that equestrians do help maintain trails. Especially members of Backcountry horsemen

[6:42 PM] William McCabe (Guest)

4th point is an excellent idea

[6:43 PM] Anna McCabe (Guest)

I agree lets put \$ towards more law enforcement!

[6:43 PM] Dawna Cegler (Guest)

I am not against horses at all. Horse riders open a lot of trails also. I'm just saying that putting all the blame on motorized use is silly

[6:43 PM] Unknown User Lance Beach (Guest) has temporarily joined the chat.

[6:44 PM] Erica (Guest)

Right. Dawna that is how I understand your original comment

[6:45 PM] Ulwelling, Alicia (Guest)

Many users cause damage because of use when trails are wet in the spring-- everyone is anxious to get out when the snow melts but it tears up the trails.

[6:47 PM] Laurette Kirchoff (Guest)

Thank you Shelly

[6:48 PM] William McCabe (Guest)

signs in the area are used for target practice

[6:48 PM] Keith Hammer (Guest)

Glad Cindy and Mark were in fact in another group. I'm just reporting what our Teams participant window said.

[6:49 PM] Erica (Guest)

Cory I forgot to add to your presentation of our group that us equestrians are interested in parking spaces for rigs that are designated as rig only parking.

[6:50 PM] Anna McCabe (Guest)

The FS is not in compliance with the current signs on the district. Why would we waste money on more signs that will get damaged?

[6:51 PM] Davis, Cory (Guest)

Erica, thanks, I'll make sure that gets added to the list.

[6:52 PM] Britt Kanter (Guest)

Mountain bikers have been clearing these Kraus trails for years... not the FS.

[6:52 PM] Anna McCabe (Guest)

illegally

[6:52 PM] Kilee Stevens (Guest)

Jewel Basin, Glacier National Park, Bob Marshall for example are places you can go for "intrusions/degradation of all terrain vehicles"

[6:52 PM] Britt Kanter (Guest)

Yep. If they stopped who would clear them.

[6:53 PM] Terry (Guest)

people who help clear the trails help make them better for all to use

[6:54 PM] Mercer, Derrick -FS

I'll report out for the group. -Derrick

[6:54 PM] Keith Hammer (Guest)

Swan View Coalition maintains trails in Krause Basin under a volunteer agreement with the FS and intends to continue doing so.

[6:54 PM] Dawn Brennan (Guest)

thanks Derrick

[6:55 PM] Britt Kanter (Guest)

Keith, How many trails have they cut?

[6:56 PM] Britt Kanter (Guest)

I mean how many trees, Keith.

[6:57 PM] Davis, Cory (Guest)

Thanks Mark! We'll get you next

[6:58 PM] Terry (Guest)

do not destroy the area motorized belong on roads not trails

[6:58 PM] Ulwelling, Alicia (Guest)

Can we add the simple need for basic trail etiquette, respect for the resource no matter the use?

[6:58 PM] Anna McCabe (Guest)

Anna McCabe

[6:59 PM] Anna McCabe (Guest)

Anna McCabe I agree Terry, thank you!

[6:59 PM] Erica (Guest)

Corey, sorry, one more thing, I mentioned I don't want Krause Basin to become the land of "NO" like Glacier has become.

[7:00 PM] Davis, Cory (Guest)

Got it Erica, we'll add that as well before we send this out

[7:00 PM] Terry (Guest)

enjoy the area for what it is

[7:01 PM] Keith Hammer (Guest)

Page 5 of our newsletter has links to a couple of studies that indeed show all use has impacts to wildlife, but that mountain bike and motorized vehicle impacts are greatest:

http://www.swanview.org/newsletters/Winter-Spring_2021.pdf

[7:02 PM] Keith Hammer (Guest)

Our goal is to decrease impacts by choosing the least impactful ways to recreate.

[7:04 PM] Terry (Guest)

signs are just targets for disrespectful people and will not help

[7:05 PM] Anna McCabe (Guest)

Anna McCabe, I agree Terry!

[7:06 PM] Susan K (Guest)

Maybe some of the user created trails are better than non maintained USFS trails,

[7:06 PM] Britt Kanter (Guest)

What trails have been illegally made? All the trails out there are on older maps.

[7:06 PM] Tyler Imig (Guest)

Who is the decision authority on this issue?

[7:07 PM] Terry (Guest)

that is very true on trail maintenance

[7:07 PM] Jeff (Guest)

The only place on the entire Swan View Ranger District that is legal to drive an ATV and only for 60 days in the summer. Ridiculous and unsustainable motorized recreation.

no way too manage that

[7:15 PM] Tyler Imig (Guest)

Solid compromise

[7:15 PM] Jeff (Guest)

we only get 60 days for motorized as it is now.

[7:15 PM] Keith Hammer (Guest)

People at this point can't respect the season of use in Krause Basin and it is hard to enforce. Day-of-week would be an ineffective nightmare.

5. The top opportunities for improvements to the trail system in Krause Basin are (select your top 3):

- Too few authorized trails/system expansion needed
- Too many trails/system reduction needed
- Too many new user-created trails
- More trail signage
- Trail maintenance needs
- Trail user education opportunities (e.g. signs, events, training)
- Accurate area trail map needed
- User congestion on trails
- Conflicting trail uses
- Trailhead improvements needed (parking, restroom, garbage)
- Area trail user group needed (for education, monitoring, mai...

[7:19 PM] Jeff (Guest)

Need trails open to motorized for more than just two months

[7:19 PM] Laurette Kirchoff (Guest)

I'm just reading it off of the % now

[7:19 PM] Dawna Cegler (Guest)

I picked other because I like the basin how it is and wish it would be left alone, not promoted. No signs, no maps, no restrictions on how people chose to use it

[7:19 PM] Pam Willison (Guest)

Illegal use (motorized in areas they shouldn't be and damage from that.

More regulation leads to more regulation. Give government an inch and they can take a mile.... If we let them. Let it be. If you want solitude... buy some land.

[7:24 PM] Tyler Imig (Guest)

Until someone else pays my property tax/fed taxes... the loudest voices mean no more than the quiet ones.

[7:26 PM] Pam Willison (Guest)

The existing rules aren't respected or enforced. Not necessarily asking for "more regulation". Just respect for existing.

[7:26 PM] Tyler Imig (Guest)
