

## Gifford-Pinchot National Forest – Developed Recreation Fee Proposal Comment Form

The Gifford-Pinchot National Forest desire your comments on a proposal for new and increased developed recreation fees at numerous developed recreation sites.

- These sites include campgrounds, developed day-use areas, group camping and picnic sites, and recreation rentals.
- The Mount St. Helens National Volcanic Monument Pass (Monument Pass) is being proposed at \$30 per vehicle (\$25 per motorcycle) for seven days. An optional proposal is \$12 per person to enter Johnston Ridge Observatory (JRO). Either the \$30 vehicle pass OR the \$12 per person fee would be implemented, not both. The Monument Pass, or the \$12 per person, would replace the current \$8 per person fee to enter Johnston Ridge Observatory (JRO) and would also be accepted at all other sites within the Mount St. Helens National Volcanic Monument (MSHNVM) boundary. The Northwest Forest Pass (NWFP) would also be accepted at all of sites within the MSHNVM boundary, except at JRO.

You can also provide feedback electronically at SM.FS.GPNFRecFees@usda.gov or find a complete list of proposed developed recreation site changes and comment online by visiting — <a href="https://www.fs.usda.gov/goto/gp/fees">https://www.fs.usda.gov/goto/gp/fees</a>.

- Comments will be accepted through September 16, 2022.
- If you have additional questions, please contact Kyung Koh Willis at 360-891-5177
- Comments should be relevant to the proposed fee changes.
- Comments which address a fee change at a specific site are particularly useful, such as what would you change about the proposal and why.
