

Collecting Plant Species on the Rio Grande National Forest

Species listed in the Rio Grande National Forest's Land Management Plan (Appendix D.) may not be collected. Information on how to find a list of Endangered Species Act (ESA) Threatened, Endangered, and Proposed for Listing species can be found below. **You are responsible for the correct identification of species and must have the appropriate permits.**

Land Management Plan : Appendix D. Species of Conservation Concern Presence and Concern for Persistence

Species				
Black Canyon gilia <i>Aliciella penstemonoides</i>	Dwarf alpine hawksbeard <i>Crepis nana</i>	Gray's draba <i>Draba grayana</i>	Colorado tansy aster <i>Machaeranthera coloradoensis</i>	King's campion <i>Silene kingii</i>
Stonecrop gilia <i>Aliciella sedifolia</i>	James' cryptantha <i>Cryptantha cinerea</i> var. <i>pustulosa</i>	Smith's draba <i>Draba smithii</i>	House's sandwort <i>Minuartia macrantha</i>	Fine bog-moss <i>Sphagnum angustifolium</i>
Brandeggee milkvetch <i>Astragalus brandegeei</i>	Weber's catseye <i>Cryptantha weberi</i>	Colorado Divide whitlow-grass <i>Draba streptobrachia</i>	Parry's crazy-weed <i>Oxytropis parryi</i>	Rothrock Townsend daisy <i>Townsendia rothrockii</i>
Ripley's milkvetch <i>Astragalus ripleyi</i>	Slender rock-brake <i>Cryptogramma stelleri</i>	Philadelphia fleabane <i>Erigeron philadelphicus</i>	West silver bladderpod <i>Physaria scrotiformis</i>	
Northern moonwort <i>Botrychium pinnatum</i>	Mountain bladder fern <i>Cystopteris montana</i>	Many-flowered gilia <i>Ipomopsis multiflora</i>	Southern Rocky Mountain cinquefoil <i>Potentilla ambigens</i>	
Least moonwort <i>Botrychium simplex</i>	Colorado larkspur <i>Delphinium alpestre</i>	Spiny-spored quillwort <i>Isoetes tenella</i>	Arizona willow <i>Salix arizonica</i>	
Downy Indian paintbrush <i>Castilleja puberula</i>	San Juan draba <i>Draba graminea</i>	Colorado woodrush <i>Luzula subcapitata</i>	Tundra saxifrage <i>Saxifraga caespitosa</i> ssp. <i>monticola</i>	

A list of Endangered Species Act (ESA) Threatened, Endangered, and Proposed for Listing species can be found on the Colorado Natural Heritage Program's website.

<https://cnhp.colostate.edu/ourdata//trackinglist/custom-tracking/>

Select the following filters:

- *Vascular Plants* under 'Major Group'
- *ESA Threatened, ESA Proposed Threatened, ESA Endangered* under 'Status'
- Select the *County(s)* you will be collecting from under 'County'
