The holder further agrees, to the extent legally permissible, to use its appropriations and resources as required to pay any claims and to repair damage to the land within the permit area. This provision is intended to shield the appropriations of the Forest Service from any burdens, other than administrative costs, which may arise in connection with the use and occupancy authorized by this permit.

<User Note: If the prospective holder is a state or one of its political subdivisions that has statutory or constitutional authorities limiting its liability or obligation to indemnify, the authorized officer shall prepare a risk assessment to determine the potential for loss to the United States from personal injury, death, or property damage associated with the prospective holder's use and occupancy.
