District Range Specialist

Approved By: /s/ signatures Date: 01/17/2023  
District Ranger

# Annual Operating Instructions

## I. INTRODUCTION

Kendall Brown (Forest Service) met with Jerry Jump (Permittee) on January 17, 2023 to discuss management of the Whiterocks Allotment during the current grazing year and to plan grazing management for the upcoming grazing season. These Annual Operating Instructions are the result of that discussion.

Term Permitted Livestock Numbers:

Allotment	Number & Class of livestock	Dates
Whiterocks	45 Cow/Calf	03/01 – 02/28

Authorized Use:

Allotment	Number & Class of livestock	Dates
Whiterocks	60 Cow/Calf	03/01 – 06/30
Whiterocks	15 Cow/Calf	07/01 – 02/28

Pasture Rotations:

Class of Livestock	Rotation Date	Allotment	Pasture
Cow/Calf	03/01 – 04/15	Whiterocks	Lower
Cow/Calf	04/16 – 06/30	Whiterocks	Middle
Cow/Calf	07/01 – 02/28	Whiterocks	Upper

*\*The Whiterocks rotation is in conjunction with Pueblo Creek Allotment south rotation. See Pueblo Creek AOI.*

**NOTE:** The above schedule for stocking the allotment depends upon the availability of forage and water. Some flexibility in the above pasture rotation dates will be allowed for justifiable causes such as weather conditions, livestock management needs, and range conditions. If there is a need to deviate from the above pasture rotation schedule by more than 15 days, you must notify the Range Staff at the Glenwood Ranger District of the proposed change in the pasture rotation date and the reason for the change. A deviation from the above schedule of more than 15 days must be approved verbally or in writing. Credit/Refund applications will not be processed unless District personnel have been notified either in advance or at the time of removal of stock.

## II. MANAGEMENT OF LIVESTOCK

The permittee is responsible for monitoring water availability and forage utilization and moving livestock when sufficient water is no longer available or when proper forage utilization is achieved in a pasture. The permittee is responsible for keeping track of and maintaining control of livestock. In the event livestock are found to be out of the scheduled pasture, it is required to find, gather, and return those animals to the proper pasture as soon as possible.

## III. IMPROVEMENT MAINTENANCE

All range improvements assigned in the 10-year Term Grazing Permit are to be maintained in a functioning condition. In the event these improvements cannot be brought up to a functioning condition, you should notify the Range Staff at the Glenwood Ranger District to schedule them

for reconstruction as funds become available.

- You would like to maintain the following earthen tanks this year: Pasture Tank (Bull Pasture). If weather conditions allow (tank need to be dry) you plan on cleaning/maintaining these tanks in 2023.

#### **IV. SPECIAL MANAGEMENT CONCERNS**

Keep track of conditions on your allotment. Make plans to reduce or remove livestock if vegetative/watershed conditions could be substantially harmed due to continued grazing.

You indicated that you are in favor of managed wildfire on your allotment as long your cattle and management are taken into account. Your concerns will be considered when/if a wildfire occurs and management decisions are being made. Necessary changes to this AOI to accommodate fire management will be made at that time.

#### **V. MODIFICATIONS**

If unforeseen operational conditions require a change in the management specified in this AOI please contact rangeland management personnel at the Glenwood Ranger District. Change requests should be made in advance so that field inspections (if necessary) can be conducted. Approval of changes to this AOI may be verbal or written, depending on the nature of the change requested. Verbal changes will be documented to your file for record keeping purposes. Failure to follow the direction provided in this AOI, or other instructions (verbal or written) of a Forest Officer may lead to adverse action against your Term Grazing Permit (Part 1, Section 3 of your Term Grazing Permit).

Open and positive communications concerning all AOI content is encouraged. Feel free to contact Kendall Brown if you have any questions or concerns.
