

Mt. Hood National Forest

Clackamas River Ranger District

Travel from Hwy. 224 to Timothy Lake now open!

Forest visitors can now travel from the Hwy. 224 corridor to Lake Harriet and Timothy Lake, following the reopening of more roads on the Clackamas River Ranger District.

- Forest Road (FR) 4631 is now open and is temporarily the suggested route between Hwy. 224 by the Ripplebrook Store and Lake Harriet. **Look for detour signs**.
- FR 4630/Pipeline Rd. is now open. Watch for work trucks.
- FR 57 continues to have hazard log & wood removal and upcoming culvert replacement. Although it's open, expect delays of up to 30 minutes while loading is occurring and a complete, temporary closure when culverts are replaced later this summer.
- RVs & large trailers should continue to take Hwy. 26 to reach Timothy Lake while work on FR 57 continues, as the detour route has a few narrow spots.
- Download a free [Mt. Hood Motor Vehicle Use Map](#) ahead of time to show your location on forest roads. The Clackamas River RD has virtually no cell service.

Open Clackamas River RD Campgrounds & Day-Use Areas:

- [Alder Flat Trailhead](#)
- [Bagby Campground & Hot Springs](#)
- [Kingfisher Campground](#)
- [Lake Harriet Campground & Day Use](#)
- [Olallie Lake Resort](#)
- [Raab Campground](#)
- [Ripplebrook Store](#)
- [Shellrock Creek Campground](#)
- [Timothy Lake Campgrounds & Day Use](#) (all)

*[Hideaway Lake Campground](#) will be opening soon!

Camping on the District

Fire- & storm-damaged campgrounds will continue to reopen on the Clackamas River RD as they are repaired.

All open campgrounds along Hwy. 224, FR 63, & FR 70 are first come, first served this year. Bring cash or check to pay at the fee tube.

Find the status and planning info for [all Mt. Hood campgrounds here](#).

Fire-damaged trails update

The Clackamas River Ranger District has some great trails – some of which were impacted by the 2020 and 2021 wildfires. Here are a few options this summer via Hwy. 224:

- [Alder Flat Trail](#)
- [Dickey Lake Trail](#)
- [Dry Ridge Trail](#)
- [Pansy Lake Trail](#)
- [Rhododendron Ridge Trail](#)
- [Round Lake Trail](#)

Some of these trails are along roads requiring high clearance vehicles, so know before you go. And always bring the [10 Essentials](#) for safety!

Campfire Safety

Campfire safety is important year-round. Never leave your campfire unattended & make sure your campfire is completely out!

- Soak it
- Stir it
- Soak it again
