PURPOSE AND CONTENTS OF THIS MAP

The designations shown on this motor vehicle use map are effective as of the date on the front cover, and will remain in effect until superseded by the next year's motor vehicle use map.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use or implying that the road, trail or area is passable, actively maintained, or safe for travel.

This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

Motor vehicle use off of designated roads for the purpose of dispersed camping is permitted on National Forest Lands for up to 300 feet from the centerline of the road from the period 1/01 to 12/31 unless a seasonal closure is in effect on forest road.

Motor vehicles may be parked up to 20 feet from the edge of the road surface when it is safe to do so without causing damage to NFS resources or facilities, unless prohibited by state law, a traffic sign, or an order (36 CFR 261.54).

PROHIBITIONS

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the Rogue River-Siskiyou National Forest other than in accordance with these designations (CFR 261.13).

Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (18 U.S.C. 3571(e)). This prohibition applies regardless of the presence or absence of signs.

This map does not display nonmotorized uses, over-snow uses, or other facilities and attractions on the Rogue River-Siskiyou National Forest.

Designated roads, trails and areas may also be subject to temporary emergency closures. As a visitor, you must comply with signs notifying you of such restrictions.

The designation "road or trail open to all motor vehicles" does not supersede State traffic law.

OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting. Not only must you know and follow all applicable traffic laws, you need to show concern for the environment as well as other Forest users.

Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants.
