PURPOSE AND CONTENTS

The designations shown on this motor vehicle use map (MVUM) were made by the responsible official pursuant to 36 CFR 212.51, and are effective as of the date on the front cover of this MVUM, and will remain in effect until superseded by next year's MVUM.

Kim Pierson, Idaho Panhandle National Forests

It is the responsibility of the user to acquire the current MVUM. This MVUM shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands in the St. Joe Ranger District that are designated for motor vehicle use pursuant to 36 CFR 212.51. This MVUM also identifies the vehicle classes allowed on each route and in each area, and any seasonal restrictions that apply on those routes and in those areas.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use or implying that the road, trail, or area is accessible, actively maintained, or safe for travel. Motor vehicle designations include parking along designated routes and at facilities associated with designated routes when it is safe to do so and when not causing damage to National Forest System resources. Seasonal weather conditions and natural events may render designated roads and trails impassable for extended periods. Designated areas may contain dangerous or impassable terrain. Many designated roads and trails may be passable only by high-clearance vehicles or four-wheel-drive vehicles. Maintenance of designated roads and trails will depend on available resources, and many may receive little or no maintenance.

This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13. This is a limited purpose. The other public roads are shown for information and navigation purposes only and are not subject to designation under the Forest Service travel management regulations.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

PROHIBITIONS

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the St. Joe Ranger District, Idaho Panhandle National Forests, other than in accordance with these designations (36 CFR 261.13).

Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (18 U.S.C. 3677(a)). This prohibition applies regardless of the presence or absence of signs.

This map does not display nonmotorized uses, over-snow uses, or other facilities and attractions on the St. Joe Ranger District. Obtain forest visitor information from the local national forest office.

Designated roads, trails and areas may also be subject to temporary, emergency closures. As a visitor, you must comply with signs nothing you of each restriction. A national forest may issue an order to close a road, trail or area on a temporary basis to protect the life, health, or safety of forest visitors or the natural or cultural resources in these areas. Such a temporary and/or emergency closure is consistent with the Travel Management Rule (36 CFR 212.52 (b)), 36 CFR 261 subpart B).

The designation "road or trail open to all motor vehicles" does not supersede State traffic law.

EXPLANATION OF LEGEND

Roads Open to Highway Legal Vehicles Only
These roads are open only to motor vehicles licensed under State law for general operation on all public roads within the state.

Roads Open to All Vehicles
These roads are open to all motor vehicles, including smaller off-highway vehicles that may not be licensed for highway use (but not to oversize or overweight vehicles under State traffic law).

Trails Open to Vehicles 50 inches or Less in Width
Trails open only to motor vehicles less than 50 inches in width at the widest point on the vehicle.

Trails Open to Wheeled Vehicles 50" or Less in Width
These trails are open only to wheeled, motor vehicles with less than 50 inches in width at the widest point on the vehicle.

Trails Open to Motorcycles Only
These trails are open only to motorcycles. Sidecars are not permitted.

Special Vehicle Designation
This symbol indicates the road or trail is open to classes of vehicles other than those listed above. Refer to the Seasonal and Special Designation Table for further instructions.

Other Public Roads and Trails
These symbols are used to show routes the Forest Service does not have jurisdiction over and has not designated for motorized use. These symbols are part of the reference layers showing connections to towns and cities outside the forest boundary.

Route Identifier
This symbol is used for roads that are too short or not enough room to show a symbol type on the map. The symbol contains the number of the road or trail.

MOTORIZED ROAD AND TRAIL SIGNS

3134 Annual use restricted, a motorized trail

800 Annual use restricted, a motorized road

Dispersed Camping:

For the purpose of dispersed camping, motor vehicle use of ROAD designated open to all vehicles and off-ROAD designated open to all vehicles and off-ROAD designated open to vehicles 50' or less in width is permitted on National Forest System lands on established routes to dispersed sites for a distance not to exceed 300 feet from the centerline of the road.

For the purpose of dispersed camping, motor vehicle use of TRAILS designated for motorcycles is permitted on National Forest System lands for a distance not to exceed 100 feet from the centerline of the trail.

Exceptions include areas in recommended wilderness, the wild portion of the St. Joe Wild and Scenic River corridor, and the wild portion of the Little North Fork of the Clearwater Eligible Wild and Scenic River corridor. Motorized use for dispersed camping off designated routes is not allowed in these areas.

Developed Campgrounds:

All roads within the following developed Campgrounds are open to all motorized vehicles as long as the Campground is open:

Beaver Creek, Big Creek, Camp 3, Cedar Creek (gated when closed), Conrad Crossing, Donkey Creek, Emerald Creek (gated when closed), Fly Flat, Heiler Creek, Mammoth Springs, Marble Creek, Packaddle, Shadowy St. Joe (gated when closed), Spruce Tree, Telichpah, Tin Can, and Turner Flat.

Water spigots in campgrounds are turned off for the winter.

OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting. Not only must you know and follow all applicable traffic laws, you need to know concerns for the environment as well as other forest users. The misuse of motor vehicles can lead to the temporary or permanent closure of any designated road, trail, or area. As a motor vehicle operator, you are also subject to State traffic law, including State requirements for licensing, registration, and operation of the vehicle in question.

Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants. Drive cautiously and anticipate rough surfaces and features, such as snow, mud, vegetation, and water crossings, common to remote driving conditions. By your participation, you voluntarily assume full responsibility for these damages, risks, and dangers. Take care at all times to protect yourself and those under your responsibility.

Much of the St. Joe Ranger District is remote. Medical assistance may not be readily available. Cellular telephones do not work in many areas of the St. Joe Ranger District. Take adequate food, water, first-aid supplies, and other equipment appropriate for the conditions and expected weather.

ALWAYS REMEMBER TO RESPECT PRIVATE LAND! PROTECT YOUR PRIVILEGE. STAY ON DESIGNATED ROADS AND TRAILS AND IN DESIGNATED AREAS.

Read and understand the map in its entirety. If you have questions, please contact the St. Joe Ranger District for clarification.

As a motor vehicle operator on a National Forest System road, trail, or area you must comply with this map, as well as all Federal, State, and local laws and regulations. Compliance with these rules is your responsibility.
