

BITTERROOT NATIONAL FOREST SYSTEM TRAILS

Legend

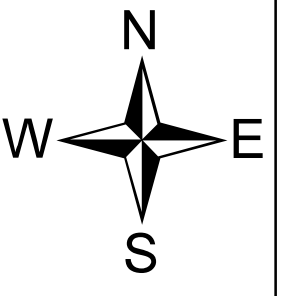

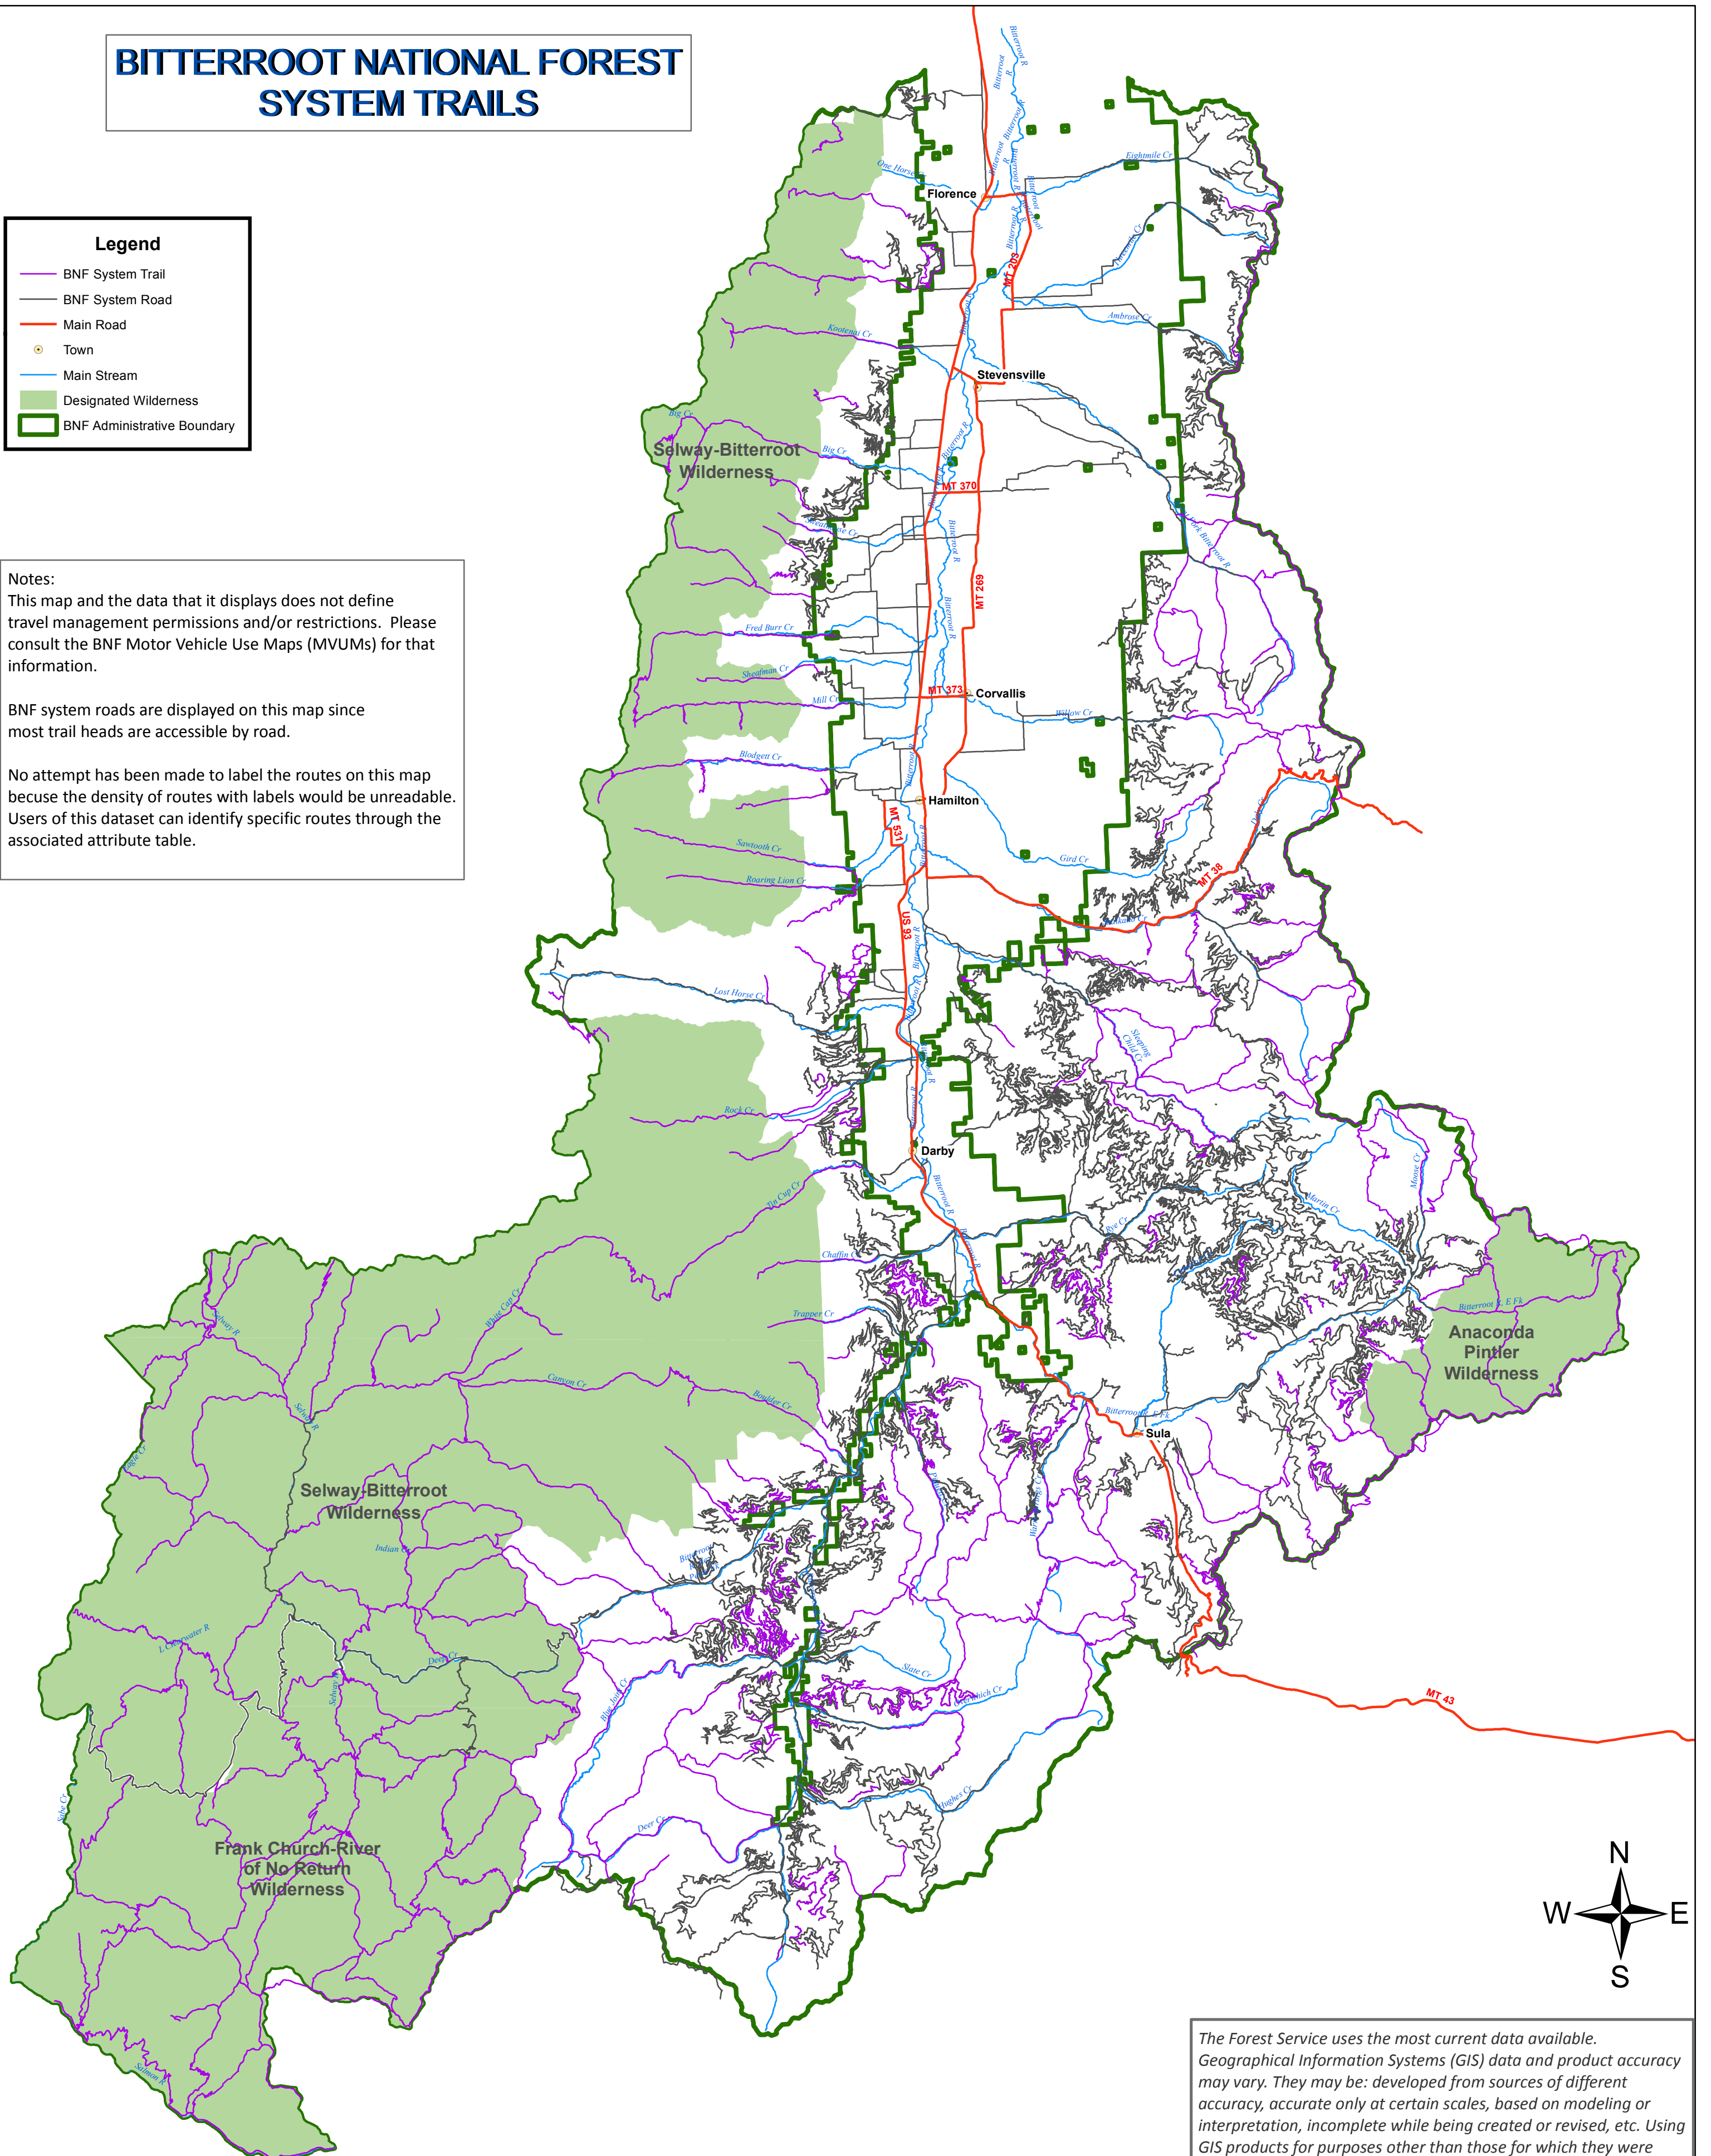

- BNF System Trail
- BNF System Road
- Main Road
- Town
- Main Stream
- Designated Wilderness
- BNF Administrative Boundary

Notes:

This map and the data that it displays does not define travel management permissions and/or restrictions. Please consult the BNF Motor Vehicle Use Maps (MVUMs) for that information.

BNF system roads are displayed on this map since most trail heads are accessible by road.

No attempt has been made to label the routes on this map because the density of routes with labels would be unreadable. Users of this dataset can identify specific routes through the associated attribute table.

The Forest Service uses the most current data available. Geographical Information Systems (GIS) data and product accuracy may vary. They may be: developed from sources of different accuracy, accurate only at certain scales, based on modeling or interpretation, incomplete while being created or revised, etc. Using GIS products for purposes other than those for which they were created may yield inaccurate or misleading results. The Forest Service reserves the right to add, correct, update, modify, or replace GIS products without notification.
