## Justification for Order

The purpose of this order is to minimize impacts along the shores of the Allegheny Reservoir and specifically within the Corydon Riverview Heritage area. It is also intended to provide for a natural touring experience on the National Scenic Byway and to limit off-road motor vehicle use throughout a popular and heavily-used area.

This order is an updated and revised edition stemming from a previously existing and in effect order from 2008.

This update is to ensure that consistent and accurate information is being portrayed to the public and also to reflect the recent change in Forest leadership staffing.

## Enforcement Plan

This order will be enforced by law enforcement officers as well as forest protection officers. The primary method of enforcement will be through regular patrols via boat or foot. All policies regarding the use of vessels shall be strictly adhered to. These patrols may or may not include other law enforcement agencies.
