In accordance with FACA and departmental regulations this charter will expire two years from the date of filing and may be renewed if authorized by legislation.

12. **Membership and Designation**

12a. Each RAC will be fairly balanced in its membership in terms of the points of view represented and the functions to be performed. Steps will be taken to encourage fresh points of view, such as establishing staggered membership terms and limiting the number of renewed memberships.

12b In accordance with the Act, each RAC shall be comprised of 15 members who provide balanced and broad representation from within each of the following three categories of interests specified in the Act:

- a. Five persons who represent:
  1. organized labor or non-timber forest product harvester groups;

- b. Five persons who represent:
  1. nationally recognized environmental organizations;
  2. regionally or locally recognized environmental organizations;
  3. dispersed recreational activities;
  4. archaeological and historical interests; or
  5. nationally or regionally recognized wild horse and burro interest groups, wildlife or hunting organizations, or watershed associations.

In accordance with the Act, members and replacements are appointed to 4-year terms or reappointed for an additional 4 years. The term begins on the date of the Secretary's decision to appoint the member or replacement.

The Secretary may appoint a replacement for each of the three membership categories who may serve on the RAC in the event that a vacancy arises.

If an appropriate replacement member is not available, nominees will be sought through an open and public process and submitted to the Secretary for vetting, approval, and appointment.

12c. Of these members, one will become the chairperson who is recognized for his or her ability to lead a group in a fair and focused manner and who has been briefed on the mission of this Committee. A co-chairperson may be assigned, especially to facilitate his or her transition to become the chairperson in the future.

#### 12d. Ethics Statement

To maintain the highest levels of honesty, integrity and ethical conduct, no Committee or subcommittee member shall participate in any "specific party matters" (i.e., matters are narrowly focused and typically involve specific transactions between identified parties) such as a lease, license, permit, contract, claim, grant, agreement, or related litigation with the Department in which the member has a direct or indirect financial interest. This includes the requirement for Committee or Subcommittee members to immediately disclose to the DFO (for discussion with USDA's Office of Ethics) any specific party matter in which the member's immediate family, relatives, business partners or employer would be directly seeking to financially benefit from the Committee's recommendations. Members of the Committee shall be required to disclose their direct or indirect interest in leases, licenses, permits, contracts, claims, grants, or agreements that involve lands or resources administered by the Forest Service, or in any litigation related thereto. For the purposes of this paragraph, indirect interest includes holdings of a spouse or dependent child.

All members will receive ethics training to identify and avoid any actions that would cause the public to question the integrity of the Committee's advice and

recommendations. Members who are appointed as “Representatives” are not subject to Federal ethics laws because such appointment allows them to represent the point(s) of view of a particular group, business sector or segment of the public.

Members appointed as “Special Government Employees” (SGEs) are considered intermittent Federal employees and are subject to Federal ethics laws. SGE’s are appointed due to their personal knowledge, academic scholarship, background or expertise. No SGE may participate in any activity in which the member has a prohibited financial interest. Appointees who are SGEs are required to complete and submit a Confidential Financial Disclosure Report (OGE-450 form) and, upon request, USDA will assist SGEs in preparing these financial reports. To ensure the highest level of compliance with applicable ethical standards USDA will provide ethics training to SGEs on an annual basis. The provisions of these paragraphs are not meant to exhaustively cover all Federal ethics laws and do not affect any other statutory or regulatory obligations to which advisory committee members are subject.

#### 12e. Equal Opportunity Statement

Equal opportunity practices, in line with USDA policies, will be followed in all membership appointments to the committee. To help ensure that the recommendations of the RAC have taken into account the needs of the diverse groups served by USDA, membership shall include women, men, racial and ethnic groups, and persons with disabilities.

The USDA prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA.

#### 13. **Subcommittees**

The Forest Service has the authority to create subcommittees. Subcommittees must report back to the parent committee, and must not provide advice or work products directly to the Agency.

#### 14. Recordkeeping

The records of this Committee, formally and informally established subcommittees, or other subgroups of the committee, shall be handled in accordance with General Records Schedule 6.2 or other approved agency records disposition schedule. These records shall be available for public inspection and copying, subject to the Freedom of Information Act, 5 U.S.C. 552. Information about this Committee is available online at:
