# ACKNOWLEDGMENTS

The Pacific Southwest Region wishes to acknowledge the participation and support of several individuals and organizations in the preparation of the Rangeland Analysis and Planning Guide. The majority of the document was prepared by the Rocky Mountain Region personnel and their cooperators. The Pacific Southwest Region modified their Guide to address the differences in our regions. However, the review and modifications took a significant amount of time for a number of individuals. We wish to acknowledge Keith Guenther, Regional Planning Wildlife Biologist, Anne Bradley, Regional Planning Botanist, Jim Shevock, Regional Botanist, David Diaz, Regional Ecologist, Barry Davis, Regional Rangeland Specialist, Tom Frolli, Regional Range Program Manager, and Steve Bishop, former Regional Range Program Manager.

A special thanks goes to Anabelle Ado-Krupa for the word processing and her efforts to make this document look and read great.

The time these individuals and organizations put into producing this Guide has been invaluable. Their efforts have only served to strengthen and improve this document. A very big and sincere, "THANK YOU" to all of you.
