

Appendix A, Maps

This appendix provides the maps that were used for the analyses. Forestwide maps are displayed first, followed by geographic area maps, followed by recommended wilderness area maps. Each set of geographic area maps includes a land ownership map. This map displays topographic features, roads, and other reference points that may not be displayed on the rest of the maps.

Forestwide Maps

Map Name	Number
Montana State 2016 303 (d) Listed Water Quality Impaired Streams	FW01
Wild and Scenic River Eligibility Study	FW02
Region 1 Broad Potential Vegetation Types	FW03
Grizzly Bear Conservation Strategy Management Zones	FW04
Lynx Habitat	FW05
Communication Sites	FW06
Recommended Wilderness Areas – Alternative A	FW07
Recommended Wilderness Areas – Alternatives B and C	FW08
Recommended Wilderness Areas – Alternative D	FW09
