

Chattahoochee-Oconee National Forest

Recreation Fee Program Accomplishment Highlights 2017

Longest Swinging Bridge

Swinging Bridge on the Toccoa River provides access to the Benton MacKaye Trail and Duncan Ridge Recreation Area. It's the longest swinging bridge and is popular with hikers, paddlers, and fishermen. The forest, in partnership with the Georgia Appalachian Trail Club constructed the 270-foot long bridge in 1977.

Recreation fee dollars of \$3,500.00 helped replace the aged decking, replace bolts, and repair fencing.

Recreation Fee Dollars

Recreation fee dollars are an investment in outdoor recreation. They support and enhance:

- Public safety
- Recreation site maintenance and improvements
- Educational experiences
- Informational wayside exhibits
- Youth programs and partnerships
- Interpretive programs

Current and future generations benefit as 80-95% of the funds are reinvested in the facilities and services that visitors enjoy, use, and value.

OHV Trails Maintained

Satterfield Trailhead at Beasley Knob OHV Area

Satterfield Trailhead is one of two sites that provide access to Beasley Knob OHV Area, which is a popular destination for four wheel drive vehicles, AVTs/UTVs and dirt bike riders.

Recreation fee funds of about \$2,430.00 help to leverage state recreation trails grant funds to maintain this 10.8 mile motorized trail system each year. In addition volunteers from the Georgia Bounty Runners Jeep Club give hundreds of hours to ensure the trail is in the best shape possible.

Upgraded Amenities

The forest installed four new fire rings at Deep Hole Campground. This is a small but popular campground with access to the 13 mile Toccoa River Canoe Trail.

Other Accomplishments

- Purchased supplies to help with operation and maintenance at developed campgrounds, picnic areas, shooting ranges and trailheads.
- Replaced two pedestal grills at Pocket Campground.
- Made improvements at the Deep Hole Recreation Area, including constructing a redi-rock sea wall and retaining wall for \$18,444.
- Improved access on forest roads used by outfitter guides. Work included spreading gravel, blading, cleaning drainage and repairing the road surface.
- Washed and painted five restroom facilities.
- Painted and pressure washed accessible ramp at Roberts Bike Camp motorcycle/ATV trail.
- Replaced sand at the Lake Sinclair Beach Area.
- Removed sewage at the Lake Sinclair Recreation Area.

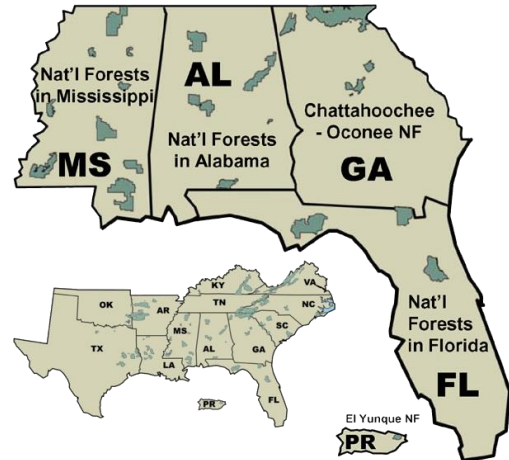

New sand at the Lake Sinclair Recreation Area

60 acre freshwater wetland created to provide healthy and sustainable waterfowl habitat
