Subject: Addendum to the May 5, 2018 Emergency Response Decision Memorandum
To: File

This is an addendum to the Emergency Response Decision Memorandum for the Emergency Wild Horse Gather near Cold Creek, Nevada, dated May 5, 2018.

I have issued this addendum in order to incorporate public input as well as the most recent information about the condition of the excess wild horses and the range prior to the implementation of the emergency gather. This most recent information includes:

- **Attachment 1.** Cold Creek Range Condition and Wild Horse Assessment, dated May 8, 2018.
- **Attachment 2.** Description of the emergency gather area and population estimates.
- **Attachment 3.** Summary of public input received since the emergency gather was announced to the public on May 7, 2018.

Consistent with the May 5, 2018 decision, supplemental feeding was commenced the afternoon of May 5, 2018. Based on the additional information provided above and all the information considered in making the May 5, 2018 decision, I authorize the emergency removal of all wild horses in the Cold Creek area of the Wheeler Pass Joint Management Area to commence on May 10, 2018 consistent with my May 5, 2018 decision and in cooperation with the Bureau of Land Management (BLM).
