

**Purpose:** The purpose of the Feather River Ranger District Collaborative is to provide a venue and opportunity for any interested or concerned citizen or stakeholder to be involved in the active and adaptive management of our public lands under the jurisdiction of the Feather River Ranger District on the Plumas National Forest as part of the US Forest Service and Department of Agriculture.

**Formation:** The FRRD Collaborative was formed with a public organizational meeting, June 5, 2018, to help accentuate and augment public resources currently available and those not available to ensure all aspects of the FRRD management of public lands can be addressed in a transparent and inclusive manner.

**Participants:** All US citizens, visitors, and interested groups in our public lands are invited and encouraged to participate in this Collaborative and associated sub-committees, groups, and activities.

**Members:** The primary members of the Collaborative will be those of the specific staff/resource areas of the Feather River Ranger District and any other members/groups that want to be involved in planning, development and implementation activities in District and Plumas NF geographic areas. Members must commit to active involvement in meetings, correspondence, and communication. The organizational meeting included 15 representatives of local government, non-government organizations, forest user groups, timber industry, federal agencies, and private citizens.

**Interest Groups:** The following groups were established as part of the FRRD Collaborative.

1. Forest Health and Wildlife Habitat
2. Recreation and Access

**Meetings:** Meetings will occur once-a-quarter at the Feather River Ranger District. A general collaborative meeting will be followed by breakout into interest groups. The meeting months will generally be in February, May, September, and November to shoulder the active summer field season. The initial meeting was scheduled at the Feather River Ranger District Office, 875 Mitchell Blvd, Oroville, CA 95965 on Tuesday June 5<sup>th</sup>, 2018 from 4pm to 7pm.

**Authority:** The FRRD Collaborative is a volunteer partner, collaborative, and input group to the Feather River Ranger District Team, the Feather River District Ranger, and to the Plumas National Forest. It is a public forum and does not carry any financial or fiduciary responsibilities.
