

Invasive Species

Eligible Objectors & Interested Persons for this issue:

- Sierra Club/Alliance for the Wild Rockies
- The Lands Council

Objections:

- The revised Land Management Plan (LMP) promotes increased motor vehicle access, which will increase the spread of noxious weeds.
- The revised LMP contains no direction to manage noxious weed spread resulting from increased motor vehicle access.
- The impacts on other key resources from noxious weed spread are not analyzed or disclosed in the Environmental Impact Statement.

Resolution options proposed by objectors: None

There were no resolution options proposed by objectors on this issue, therefore, it will not be discussed at the Objection Resolution Meeting. The issue is being reviewed by the Reviewing Officer and will be addressed in the response to objections.
