

# Water Rights

---

## **Eligible Objectors & Interested Persons for this issue:**

- Stevens County Commissioners

## **Objections:**

- Water quantity has not been adequately addressed in the revised Land Management Plan and more policies are needed. Stevens County would benefit economically if the Colville watershed had advanced flows from tributaries on the Colville National Forest that would maintain current uses and allow for new water rights to be made available.

## **Resolution options proposed by objectors: None**

*There were no resolution options proposed by objectors on this issue, therefore, it will not be discussed at the Objection Resolution Meeting. The issue is being reviewed by the Reviewing Officer and will be addressed in the response to objections.*
