

Dubois Ranger District Regulations for Firewood Cutters

Welcome to the Targhee National Forest! We hope you have a safe and enjoyable visit. To help you get started properly, we have compiled this list of regulations and helpful hints.

Firewood cutting is open District Wide and can only be cut within 300 feet off any OPEN road. (see MVUM map)

An insufficient funds check makes the permit invalid.

The following regulations apply to personal use permits on the Dubois Ranger District.

1. Follow & obey the most recent Forest Service Visitor and Motor Vehicle Use Maps.
2. **DO NOT CUT ANY TREES WITH SIGNS ON THEM.** Some trees have been designated for wildlife, timber sales or legal Landmarks, etc. Check with District firewood compliance personnel before cutting any questionable trees.
3. Any use of mechanized equipment other than Chain Saws and trucks must be approved in writing by the Dubois District Ranger.
4. Any resource damage is prohibited.
5. Colored firewood tags **must** be visible and individually tracked on the back of each load of wood removed from the forest. The month and date of removal must be punched out.

NO firewood cutting within **300** feet of a watered stream, lake or pond. NO firewood cutting within **100** feet of a dry stream, lake or pond.
