When contract resources are unavailable, the resources will not be eligible for dispatch under the Agreement.

D.6.1 -- DISPATCH PRIORITY.

(a) Each host dispatch center will give dispatch priority to the resource offering the greatest advantage (See D.6.2) before all other private resources not under Agreement with the following

exceptions:

(1) For initial attack, dispatchers will follow the closest forces concept and utilize locally available resources according to agency and incident needs. The priority dispatch ranking may not be used during initial attack and Contractor resources may or may not be used.

(2) Tribal preference policy established within reservation jurisdiction.

(3) Government normally will dispatch resources in accordance with this protocol; however, the number of fire orders in process and actual fire conditions at the time of dispatch may require a deviation from normal procedures in order to respond effectively to such conditions. (b) In addition to the award evaluation factors in B.3, criteria have been developed for some categories of equipment to assess the advantages for dispatch priority. If no additional criteria are identified, lowest price awarded resources will be ranked highest on the dispatch list.

(c) Within each small business program category, priority will be given according to the price offered for the type of resource. The price will be based on the daily rate and mileage rate offered, with the lowest price being ranked highest on the dispatch list: $\text{Lowest Price} = (\text{Daily Rate} \times 80\%) + (\text{Mileage Rate} \times 20\%)$.

D.6.2.1 -- Tied Prices/CBA Scores. The following methodology will be used to break ties that result when determining the ranking for the dispatch priority list. Preference will be given to those small businesses that are also labor surplus area (LSA) concerns. Any ties remaining among LSA concerns will be resolved using programmatically driven random ranking within the VIPR system. This functionality will also be used to resolve any ties that occur among non-LSA concerns.

.
D.6.3 -- ORDERING PROCEDURES FOR RESOURCES.

D.6.3.1 -- Following Agreement award, each host dispatch center will have an established dispatch priority list showing the resources located within the selection made at D.6.2. The Government intends to dispatch contractor resources based on this priority ranking for other than initial attack.
