

# Prevent Wildfires While Target Shooting

- ⚙️ Avoid shooting into rocks and dry grass.
- ⚙️ If fire danger is high, consider shooting at an established outdoor or indoor range.
- ⚙️ Put targets against an earthen backstop and away from all flammable vegetation.
- ⚙️ Don't shoot with steel core ammo.
- ⚙️ Exploding targets, tracer ammo and incendiary ammo are illegal on public lands.
- ⚙️ Don't shoot trash like TVs or other appliances.
- ⚙️ Don't smoke or park near dry grass.
- ⚙️ Watch the target area for signs of fire for at least 30 minutes.

Only YOU can  
prevent wildfires.
