Sawtimber	Red Alder, Douglas-fir and Other Hardwood Species	81.00	CCF		.00		.00
<b>Total Quantity:</b>		81.00		<b>Total Sale Value:</b>			.00

**General Conditions**

Amount Payable for Timber. Purchaser shall pay to USDA Forest Service the total sale value for products and road maintenance when the contract is executed. Additional timber shall be paid for prior to removal.

Additional Timber. Forest Service may add to the contract timber cut to facilitate operations and undesigned trees damaged by Purchaser. Such timber shall be paid for at contract rates, plus deposits. Timber subject to agreement may be added to the contract, subject to agreement on volume.

Statutory Compliance. Purchaser agrees to conduct operations under this contract and other related business activities in compliance with Federal, State, and local statutes, standards, orders, permits, or other regulations.

Use of Roads by Purchaser. Purchaser is authorized to use existing National Forest roads when such use will not cause damage to the roads or National Forest resources and when hauling can be done safely.

Road Maintenance. If Purchaser elects to use different roads than those in Forest Service Road Maintenance Plan, Forest Service shall determine Purchaser's commensurate share of road maintenance and revise road maintenance deposits.

Product Identification. West of the 100th meridian, before transport, unless Contracting Officer determines that circumstances warrant a written waiver or adjustment, Purchaser shall hammer brand, with assigned brand, all products that are eight (8) feet or more in length and one-third (1/3) or more sound, on each end that is seven (7) inches or more in diameter. Products that require domestic processing that are eight (8) feet or more in length and one-third (1/3) or more sound must also be painted with a spot of highway-yellow paint at least three (3) square inches in size on each end that is seven (7) inches or more in diameter. All hammer brands and/or highway-yellow paint must remain on logs until they are domestically processed.

Title Passage. All right, title, and interest in and to timber shall vest in Purchaser when it has been decked and paid for. Title to any timber that has not been removed from National Forest land by Purchaser on or prior to termination date shall revert to Forest Service.

Liability for Loss. If timber is destroyed or damaged the party holding title shall bear the value loss resulting from such destruction or damage.

Contract Term Adjustment. The contract term shall be adjusted to include additional calendar days equal to the actual time lost if hauling is interrupted due to causes beyond Purchaser's control or Purchaser accepts Forest Service written request to interrupt or delay operations.

Contract Term Extension. If the associated procurement contract is extended the contract term of this contract shall be extended to include additional calendar days equal to the additional time on the procurement contract.

Termination. In event the associated procurement contract is canceled, this contract shall be terminated without liability to either party due to the termination. Purchaser shall receive a refund for any included timber not removed due to termination.

Disputes. This contract is subject to the Contract Disputes Act of 1978.

**Other Conditions**

The 57-610 Road Salvage Sale is located approximately 6.8 miles northeast of the town of Chelatchie, Washington, off of Forest Road 57-610.

Included material consists of individual log decks that have numbers painted on them with blue paint and are also designated with blue partial cut boundary signs that say 57-610 Road Salvage Sale.

All trees in log decks and scattered trees that run along the 57-610 Road for about 0.4 miles need to be removed. Trees are full length with limbs.

Remaining slash from the decks needs to be lopped and scattered. All slash that is over 1 inch and up to 5 inches in diameter shall not extend more than 18 inches above the ground.

Tree species in log decks is mostly red alder mixed with other hardwood species and limited amounts of Douglas-fir are also present, making up about 5% of the total volume.

Spotted owl limited operating period (July 16 to February 28) applies to the first 2 decks at the beginning of the 57-610 Road, for activities involving chainsaws and heavy equipment operation, with the exception of timber haul. Decks 3 thru 10 are farther in on the 57-610 Road and are not subject to the spotted owl limited operating period. Purchaser can drive by the first 2 decks to access and work in decks 3 thru 10 and can haul logs out from these decks, prior to the limited operating period.

Harvest activities may occur Monday through Friday, dawn to dusk, unless otherwise agreed to with the Forest Service.

Acceptable equipment: log truck with self loader, truck with trailer, pickup truck or as otherwise agreed to with the Forest Service.

If turn around area needs to be created for logging equipment to turn around, then remaining slash resulting from that activity needs to be lopped and scattered. All slash that is over 1 inch and up to 5 inches in diameter shall not extend more than 18 inches above the ground.
