Final Environmental Impact Statement for the Land and Resource Management Plan

Chattahoochee-Oconee National Forests

The revision of the Land and Resource Management Plan for the Chattahoochee-Oconee National Forests is presented in the following set of USDA Forest Service Management Bulletins for Region 8:

Record of Decision for the Final Environmental Impact Statement for the Revision of the Chattahoochee-Oconee National Forests Land and Resource Management Plan. 2004. R8-MB 113C. Atlanta, GA. U.S. Department of Agriculture, Forest Service, Southern Region.

Summary of the Final Environmental Impact Statement for the Revision of the Chattahoochee-Oconee National Forests Land and Resource Management Plan. 2004. R8-MB 113D. Atlanta, GA. U.S. Department of Agriculture, Forest Service, Southern Region.

Final Environmental Impact Statement for the Revision of the Chattahoochee-Oconee National Forests Land and Resource Management Plan. 2004. R8-MB 113B. Atlanta, GA. U.S. Department of Agriculture, Forest Service, Southern Region.

Appendices to the Final Environmental Impact Statement for the Revision of the Chattahoochee-Oconee National Forests Land and Resource Management Plan. 2004. R8-MB 113F. Atlanta, GA. U.S. Department of Agriculture, Forest Service, Southern Region.

Chattahoochee-Oconee National Forests Land and Resource Management Plan. 2004. R8-MB 113A. Atlanta, GA. U.S. Department of Agriculture, Forest Service, Southern Region.

Appendices to the Chattahoochee-Oconee National Forests Land and Resource Management Plan. 2004. R8-MB 113E. Atlanta, GA. U.S. Department of Agriculture, Forest Service, Southern Region.

The original distribution of these documents included, at a minimum, a printed copy of the Record of Decision and the Summary, as well as a CD containing all of the documents in their entirety and allocation maps. For further information, refer to the Chattahoochee-Oconee National Forests website: www.fs.fed.us/conf.

The cover - The cover graphic shows National Forest (dark gray) in the context of states, interstate corridors, and surrounding metropolitan statistical areas (medium gray) from Census Bureau year 2000 data. The encircling border of international symbols typifies some of the mounting use pressures affecting the Chattahoochee-Oconee NF.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.

**Final Environmental Impact Statement of the
Land and Resource Management Plan Revision for the
Chattahoochee-Oconee National Forests**

Chattahoochee National Forest – Banks, Catoosa, Chattooga, Dawson, Fannin, Floyd, Gilmer, Gordon, Habersham, Lumpkin, Murray, Rabun, Stephens, Towns, Union, Walker, White, and Whitfield Counties

Oconee National Forest – Greene, Jasper, Jones, Monroe, Morgan, Oconee, Oglethorpe, and Putnam Counties

State of Georgia, USA

Responsible Agency: USDA - Forest Service

Responsible Official: Robert Jacobs, Regional Forester
USDA - Forest Service, Southern Region
1720 Peachtree Road NW
Atlanta GA 30309-9102

For Information Contact: Kathleen Atkinson, Forest Supervisor
Chattahoochee-Oconee National Forests

FINAL ENVIRONMENTAL IMPACT STATEMENT FOR THE REVISION OF THE CHATTAHOOCHEE-OCONEE NATIONAL FORESTS LAND AND RESOURCE MANAGEMENT PLAN

TABLE OF CONTENTS

CHAPTER 1 - PURPOSE, NEED, AND SIGNIFICANT ISSUES

Introduction	1
Reasons for the Revision	1
Decisions Made in Forest Plans	6
Supporting Environmental Impact Statements	7
Forest Profile	8
Southern Appalachian Forest Coordination	13
Public Involvement	14
Significant Issues	15
Planning Process	19
Planning Process Records	19

CHAPTER 2 - ALTERNATIVES

Consistency Across Forests/State Lines	1
Alternative Development	2
The Development of Alternative I	3
Changes Between Draft and Final	4
Alternatives Considered But Eliminated From Detailed Study	8
Alternative C	8
Alternative H	11
Georgia Blue Ridge National Recreation Area	13
Alternatives Considered in Detail	14
Alternative A	17
Alternative B	19
Alternative D	21
Alternative E	23
Alternative F (Current Management - the No-Action Alternative)	25
Alternative G	26
Alternative I (the Selected Alternative)	28

Conformance with RPA	30
Comparison Of Alternatives	30
Management Prescription Acres by Alternative	31
Comparison of Alternatives by Issue	34

CHAPTER 3 – AFFECTED ENVIRONMENT AND ENVIRONMENTAL CONSEQUENCES

Introduction	1
Purpose and Organization	1
Relationship Between the Southern Appalachian Assessment and Management Areas	1
Relationship Between Watershed Management Areas and Management Prescriptions	2
Relationship Between Programmatic and Site-Specific Analysis	2
Types of Effects	2
Physical Elements	3
Description of Ecological Units	3
Ecological Units of the Chattahoochee-Oconee National Forests	4
Geology of the Chattahoochee-Oconee National Forests	14
Soils	17
Watersheds	35
Riparian Areas/Floodplains/Wetlands	73
Air	81
Minerals	94
Biological Elements	99
Major Forest Communities	99
Mesic Deciduous Forests	102
Eastern Hemlock and White Pine Forests	109
Oak and Oak-Pine Forests	114
Pine and Pine-Oak Forests	123
Mixed Woodlands, Savannas, and Grasslands	131
Rare Communities	134
Wetlands	134
Glades, Barrens, and Associated Woodlands	137
Canebrakes	139
Caves and Mines	141
Table Mountain Pine	143
Rock Outcrops and Cliffs	146
High Elevation Balds	149
Basic Mesic Forests	151
Successional Stage Habitats	153
Successional Forests	153
High-Elevation, Early-Successional Habitats	166
Old Growth	170
Forest Interior Birds	207
Permanent Openings, Old Fields, Rights-of Way, Improved Pastures	218

Special Habitat Attributes	225
Riparian Habitats (Terrestrial)	225
Snags, Dens, and Downed Wood	230
Aquatic Habitats	234
Threatened and Endangered Plant Species	252
Green Pitcher Plant (<i>Sarracenia oreophila</i>)	252
Large-flowered Skullcap (<i>Scutellaria montana</i>)	255
Persistent Trillium (<i>Trillium persistens</i>)	257
Relict Trillium (<i>Trillium reliquum</i>)	259
Rock Gnome Lichen (<i>Gymnoderma lineare</i>)	259
Small Whorled Pogonia (<i>Isotria medeoloides</i>)	262
Smooth Coneflower (<i>Echinacea laevigata</i>)	265
Swamp pink (<i>Helonias bullata</i>)	268
Georgia Aster – <i>Symphyotrichum georgianus</i>	269
White Fringeless Orchid (<i>Platanthera integrilabia</i>)	271
Threatened and Endangered Terrestrial Animal Species	273
Bald Eagle (<i>Haliaeetus leucocephalus</i>)	273
Red-cockaded Woodpecker (<i>Picoides borealis</i>)	275
Wood Stork (<i>Mycteria americana</i>)	278
Gray bat (<i>Myotis grisescens</i>)	281
Threatened and Endangered Aquatic Species	284
Amber Darter (<i>Percina antesella</i>)	284
Goldline darter (<i>Percina aurolineata</i>)	286
Etowah darter (<i>Etheostoma etowahae</i>)	287
Blue shiner (<i>Cyprinella caerulea</i>)	289
Conasauga logperch (<i>Percina jenkinsi</i>)	291
Alabama moccasinshell (<i>Medionidus acutissimus</i>)	292
Coosa moccasinshell (<i>Medionidus parvulus</i>)	294
Fine-lined pocketbook (<i>Lampsilis altilis</i>)	296
Southern pigtoe (<i>Pleurobema georgianum</i>)	297
Southern clubshell (<i>Pleurobema decisum</i>)	298
Ovate clubshell (<i>Pleurobema perovatum</i>)	299
Triangular kidneyshell (<i>Ptychobranthus greeni</i>)	301
Demand Species	302
Black Bear	302
White-tailed Deer	306
Eastern Wild Turkey	311
Ruffed Grouse	314
Northern Bobwhite	318
American Woodcock	323
Migratory Birds	327
Species Viability	332
Terrestrial Species Viability Evaluation	332
Aquatic Species Viability Evaluation	360
Forest Cover	368
Forest Health	400
Developed and Dispersed Recreation	437

Wilderness and Roadless Areas	469
Scenery	489
Wild and Scenic Rivers	516
Heritage Resources	525
Forest Products	541
Rangeland	575
Lands	579
Special-Uses	584
Fire Management	587
Infrastructure (Roads and Access)	600
Social and Economic Environment	611
Demographic Changes	611
Economic Trends	617
Effect of Demographic Changes on Natural Resource Management	625
Social Impacts	636
Present Net Value of the Alternatives	642
Unavoidable Adverse Effects	646
Relationship Of Short-Term Use And Long-Term Productivity	647
Irreversible And Irretrievable Commitment Of Resources	648
Effect On Wetlands And Floodplains	649
Unavailable Or Incomplete Information	650
Environmental Justice	650
