

TRAILS  
SIERRA ANCHA WILDERNESS

There is a network of “system” trails serving the Sierra Ancha Wilderness Area and contiguous areas. Their condition varies from satisfactory to very poor. All trails are closed to motor vehicles and mechanical transport such as bikes.

Use a great deal of caution when traveling on backcountry trails such as this one and be aware of the risks you assume.

A few brief comments are in order about the following trail:

**Center Mtn. Tr. 142:** 3.0 miles in length. This trail climbs onto Center Mountain through stands of Ponderosa Pine. Good viewpoints. Elevation: 6700 - 7500 feet. Difficulty level: Most Difficult. Use level: Light. Restrictions: Closed to all motorized equipment, bike or other mechanical transport. Trailhead: **Bill Lawrence TH.**

No more than 15 people are allowed to be in a group. No more than 15 head of livestock are allowed in a group.
