

## TRAILS SALOME WILDERNESS

There is a network of “system” trails serving the Salome Wilderness Area and contiguous areas. Their condition varies from satisfactory to very poor. All trails are closed to motor vehicles and mechanical transport such as bikes.

Use a great deal of caution when traveling on backcountry trails such as this one and be aware of the risks you assume.

A few brief comments are in order about the following trail:

**Jug Trail 61**: 2.0 miles in length. This route was an old jeep road. It winds along the ridges south of Salome Mountain steadily descending towards Salome creek where it dead-ends. The southern boundary of the Wilderness is adjacent to this trail. Elevation: 2800 - 3300 feet. Difficulty level: More difficult. Use level: Moderate. Trailhead: **A Cross TH.**

Use of any mechanized or motorized is prohibited on this trail. No more than 15 people are allowed to be in a group. No more than 15 head of livestock are allowed in a group.
