Superior National Forest - East Bearskin Lake

Description

East Bearskin Lake Campground is located on East Bearskin Lake at the edge of the Boundary Waters Canoe Area Wilderness. It is a perfect choice for people who want the flavor of the Boundary Waters and the convenience of car camping. Some sites are hike-in access. There are three camper cabins: Aspen and Tamarac sleep 7, Alder sleeps 5. All use lofts, single, double, and bunk beds. Cabins do not have mattresses, bedding, cooking facilities, or bathrooms; bring sleeping pads, bags, and a cook stove. The boat ramp allows access to the lake by both motorboats and canoes. The two eastern bays of East Bearskin Lake are within the BWCAW and require permits for entry. Day permits for non-motorized use are available at the campground, but overnight and motor use permits must be applied for in advance.

Be bear aware while camping. Close and fasten campground waste containers. Lock food securely in vehicles - bears have been known to break into pick-up toppers and RV screen doors. Never burn food waste or packaging, and never store food in tents.
