

Logan Ranger District
1500 East U.S. Highway 89 Logan, Utah 84321
(435) 755-3620
Office Hours: M-F 8-4:30
Recreation Update
5/20/2024

All dates provided in this update are subject to change based on weather, flooding, road conditions, public health, and safety concerns.

The snow line has melted to elevations of around 7,000 feet. Trails and roads with North facing slopes may still find snow is covering at elevations slightly lower than 7,000 feet. Snow is melting fast; rivers and streams are running full. Please keep an eye on children and pets when recreating near water.

High Creek Road, FR 048, Forest boundary gate opened on 5/15/2024.

Logan Canyon, snow topping the highest peaks.

Logan River running along U.S. Highway 89.

Franklin Basin road is still snow covered approximately 1.5 miles North from U.S. Highway 89.

Campgrounds:

Campgrounds are concessionaire operated by the Utah Recreation Company. For additional information about campgrounds please call 385-273-1100 or visit www.recreation.gov.

Reservations:

Reservations can be made up to four months in advance for single sites, 12 months in advance for group sites. Please visit www.recreation.gov for more information.

Dispersed Camping:

Visitors may camp for up to 14 days in any 30-day consecutive period in areas designated for dispersed camping. Dispersed camping along U.S. Highway 89 in Logan Canyon and S.R.101 in Blacksmith Fork Canyon is prohibited. Please see the Logan Ranger District Motor Vehicle Use Map for dispersed camping designations.

Logan Cave:

The cave is gated closed to public entry. The cave was closed on October 1, 1997, to ensure the viability of a rare and special biological community of Townsend's Big-Eared Bats that is in the Logan Cave. The bats are particularly vulnerable to human disturbance during their periods of mating, hibernation, and maternity colony, which runs from about October to August each year. The Big-Eared Bat is listed as a sensitive species by both the Forest Service and Utah Division of Wildlife Resources. To aid with protecting this species during their vulnerable period, it is prohibited to go into or within 250 feet of the mouth of the Logan Cave.

Certified Weed Free Hay:

To prevent the spread of noxious weeds into vulnerable ecosystems on National Forest System lands, hay, straw, and mulch must be certified weed free.

Certified Weed Free Vendor List as of July 2021
