1/ DEFINITION OF UNITS:

National forests.---Areas established as national forests by Act of Congress or Presidential Proclamation. Acres shown as under Forest Service administration include small administrative sites outside of proclaimed boundaries and those portions of land utilization projects and other areas over which the Forest Service has supervision located within the national-forest boundaries. Land utilization and other areas located outside the national forests and under Forest Service supervision are not included; such areas being listed under the classification "Land utilization and other areas".

Purchase units.---Areas established by the Secretary of Agriculture with the concurrence of the National Forest Reservation Commission but not formalized by Act of Congress or Presidential Proclamation. Acreages shown under Forest Service administration include all administrative sites outside the established boundaries and those portions of the land utilization projects and other areas over which the Forest Service has supervision located within the established purchase unit boundaries. Land utilization and other areas located outside the boundaries and under Forest Service supervision are not included; such areas being listed under the classification "Land utilization and other areas".

Experimental areas.---Areas outside of the exterior boundaries of national forests or purchase units which have been reserved and dedicated to forest or range research and experimentation by Executive Order or other authorized administrative action. The Massabesic Experimental Forest in Maine and the McNeill Division of the Harrison Experimental Forest in Mississippi, which have both purchase unit and experimental area status, are only included in the experimental area summaries.

Land utilization and other areas.---See captions and footnotes of special tables on page 13.

2/ Does not include lands within certain state forests in Michigan which have been acquired by the United States with intent to exchange them for state lands within the national forests.

3/ Exclusive of the area at the Beltsville Research Center of the Department of Agriculture that is used by the Forest Service as an experimental area.

4/ See table on page 13.

5/ Includes national forest lands under the primary jurisdiction of other federal agencies where the national forest withdrawal has not been revoked.

6/ Lands within the unit boundaries in private, state, county, and municipal, etc., ownership, and federal lands over which the Forest Service has no jurisdiction.
