^{1/} DEFINITION OF UNITS:

National forests.--- Areas formally designated or proclaimed as national forests. Acres shown as "National forest lands and other lands administered by the Forest Service" include small administrative sites outside of national forest boundaries and those portions of land utilization projects and other areas over which the Forest Service has supervision located within the national-forest boundaries. Land utilization and other areas under Forest Service supervision located outside the national forests are listed under the classifications "Land utilization projects", and "Other areas".

Purchase units.--- Areas established by the Secretary of Agriculture with the concurrence of the National Forest Reservation Commission but not formally designated or proclaimed as national forests. Acreages shown as "National forest lands, and other lands administered by the Forest Service" include all administrative sites outside the established purchase unit boundaries and those portions of the land utilization projects and other areas over which the Forest Service has supervision located within the established purchase unit boundaries. Land utilization and other areas under Forest Service supervision located outside the boundaries are listed under the classifications "Land utilization projects", and "Other areas".

Experimental areas.--- Areas outside of the boundaries of national forests or purchase units which have been reserved and dedicated to forest or range research and experimentation.

Land utilization projects.--- Lands outside the national forests and purchase units that are administered by the Forest Service in pursuance of certain national programs of land utilization and adjustment. Does not include land utilization project lands that are managed by the States or State agencies under lease or cooperative license agreement.

Other areas.--- Lands administered by the Forest Service that are not included in the above designated groups.

- ^{2/} Does not include lands within certain State forests in Michigan which have been acquired by the United States with intent to exchange them for State lands within the national forests.
- ^{3/} Exclusive of the areas at the Beltsville Research Center of the Department of Agriculture that is used by the Forest Service as an experimental area.
- ^{4/} Includes national forest lands under the primary jurisdiction of other federal agencies where the national forest withdrawal has not been revoked.
- ^{5/} Lands within the unit boundaries in private, state, county, and municipal, etc., ownership, and federal lands over which the Forest Service has no jurisdiction.

ABBREVIATIONS: NF-National forest; PU-Purchase unit; EF, ER, and EA-Experimental forest, range and area; LU-Land Utilization project.

Land Utilization Project Lands under Long-term Lease or Cooperative License Agreement, or Sale Agreement

Lands acquired by the United States in pursuance of certain national programs of land utilization and adjustment which, under authority of Title III of the Bankhead-Jones Farm Tenant Act: (1) are being administered by State agencies in connection with their conservation and forestry programs under lease or cooperative license agreements; or (2) are under agreements to sell to said agencies for public purposes. All or part of the oil, gas and other mineral interests acquired by the United States have been reserved by the Government. The Forest Service is the custodial agency for the Government's interest in the lands. These lands are not included in any other part of the National Forest Area Report.
