Campfire Permits

You may want a campfire for cooking, enjoying its warmth, and roasting marshmallows.

For campfires, stoves, lanterns or barbeques used outside a campground or recreational vehicle and some developed campgrounds, you need a campfire permit.

The permit is free, valid for a full year from January 1 to December 31, and may be obtained in person from Forest Service, Bureau of Land Management, CAL FIRE offices, or online at <https://www.readyforwildfire.org/prevent-wildfire/campfire-safety/>

Your responsibilities for building and putting out your fire safely are explained on the campfire permit. 36 CFR 261.52(k) PRC 4433.

Be aware that as fire danger becomes greater, campfires may be prohibited. Please check to find out if there are fire restrictions in the area where you intend to camp.

You are welcome to gather dead and down wood to use for your campfire, but not to take home unless you obtain a fuelwood permit.

Firearms:

Firearms are not to be discharged within 150 yards of campgrounds, roads, trails, buildings or any body of water. Discharging of a firearm or any other implement capable of taking human life, causing injury, or damaging property is prohibited.
