

These are areas on National Forest System land that allow 124°20'0"W (MVUM) were made by the responsible official pursuant to 36 this MVUM; and will remain in effect until superseded by next roads. National Forest System trails, and the areas on National Forest System lands in the SIUSLAW NATIONAL

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use or implying that the road, trail, or area is passable, actively maintained, or safe for travel. Motor vehicle designations include parking along designated routes and at facilities associated with designated routes when it is safe to do so and when not causing damage to National Forest System resources. Seasonal weather conditions and natural events may render designated roads and trails impassable for extended periods. Designated areas may contain dangerous or impassable terrain. Many designated roads and trails may be passable only by high-clearance vehicles or four-wheel-drive vehicles. Maintenance of designated roads and trails will depend on available resources, and many may receive little This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36

CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13. This is a limited purpose. The other public roads are shown for information and navigation purposes only and are not subject to designation under the Forest 124°19'30"W These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

PROHIBITIONS It is prohibited to possess or operate a motor vehicle on National Forest System lands on the SIUSLAW NATIONAL FOREST other than in accordance with these designations (36 CFR 261.13). Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (18 U.S.C. 3571(e)). This prohibition applies regardless of the presence or

absence of signs.

This map does not display non-motorized uses, over-snow uses, or other facilities and attractions on the SIUSLAW NATIONAL FOREST. Obtain forest visitor information from the local national forest office.. Designated roads, trails and areas may also be subject to temporary, emergency closures. As a visitor, you must comply with signs notifying you of such restrictions. A national forest may issue an order to close a road, trail or area on a temporary basis to protect the life, health, or safety of forest visitors or the natural or cultural resources in these areas. Such a temporary and/or emergency closures are consistent with the Travel Management Rule (36 CFR 212.52 (b), 36 CFR 261 subpart B). The designation "road or trail open to all motor vehicles" does not supersede State traffic law.

OPERATOR RESPONSIBILITIES Operating a motor vehicle on National Forest System roads,

National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting. Not only must you know and follow all applicable traffic laws, you need to show concern for the environment as well as other forest users. The misuse of motor vehicles can lead to the temporary or permanent closure of any designated road, trail, or area. As a motor vehicle operator, you are also subject to State traffic law, including State requirements for licensing, registration, and operation of the vehicle in question. Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants. Drive cautiously and anticipate rough surfaces and features, such as snow, mud, vegetation, and participation, you voluntarily assume full responsibility for these damages, risks, and dangers. Take care at all times to protect yourself and those under your responsibility. Much of the SIUSLAW NATIONAL FOREST is remote. Medical assistance may not be readily available. Cellular telephones do not work in many areas of the SIUSLAW 124°19'0"W NATIONAL FOREST. Take adequate food, water, first-aid supplies, and other equipment appropriate for the conditions and expected weather.

PROTECT YOUR PRIVILEGE. STAY ON DESIGNATED ROADS AND TRAILS AND IN DESIGNATED AREAS. Read and understand this map in its entirety. If you have questions, please contact the SIUSLAW NATIONAL FOREST for clarification. As a motor vehicle operator on a National Forest System road, trail, or area you must comply with this map, as well as all Federal, State, and local laws and regulations. Compliance with these rules is your responsibility.

ALWAYS REMEMBER TO RESPECT PRIVATE LAND!

To file a program discrimination complaint, complete the USDA Program Discrimination
Complaint Form, AD-3027, found online at http:// www.ascr.usda.gov/complaint filing cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights. 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7441; or (3) email: program.intake@usda.gov USDA is an equal opportunity provider and

3750 National Forest National Forest Horizontal Route Marker Distinctive Route Route Marker Distinctive and Horizontal Route Markers Distinctive route markers typically consist of two digits and they identify significant, highly traveled roads through the forest passable by passenger cars during the normal season Horizontal route markers typically consist of four digits with the first two digits identifying the distinctive route that is branched

standard passenger cars during the normal season of use. These are all considered higher level roads. Vertical Route Markers Vertical route markers identify roads that are not maintained for travel in standard passenger cars. These markers typically identify the higher level road they branch off of with the higher level road number displayed horizontally above the vertical number.

off of. They identify all other forest roads passable by
