PURPOSE AND CONTENTS

OF THIS MAP This map dated 10/01/2025 shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands in the Chattahoochee-Oconee National Forest that are designated for motor vehicle use pursuant to 36 CFR 212.51. The map also contains a list of those designated roads, trails, and areas that enumerates the types of vehicles that are allowed on each route and in each area and any seasonal restrictions that apply on those routes and in those areas. The Map is valid from October 1, 2025 through September 30, 2026.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use, or to imply that the road, trail or area is passable, actively maintained, or safe for travel. Motor vehicle designations include parking along designated routes and at facilities associated with designated routes when it is safe to do so and when not causing damage to National Forest System resources. Seasonal weather conditions and natural events may render designated routes and trails impassable for extended periods. Designated areas may

contain dangerous or impassable terrain. Many designated roads and trails may be passable only by high-clearance vehicles or four-wheel drive vehicles. Maintenance of designated roads and trails will depend on available resources, and many may receive little maintenance. This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36

CFR 212.51 for the purpose of enforcing the prohibition at

36 CFR 261.13. This is a limited purpose. The other public

roads are shown for information and navigation purposes

only and are not subject to designation under the Forest

Service travel management regulation. These designations apply only to National Forest System roads, National Forest System trails, and areas

on National Forest System lands.

OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting. Not only must the motor vehicle operators know and follow all applicable traffic laws, but they need to show concern for the environment as well as other forest users. The misuse of motor vehicles can lead to the temporary or permanent closure of any designated road, trail, or area. Operators of motor vehicles are subject to State traffic law, including State requirements for licensing, registration, and operation of the vehicle in

question. Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants. Riders should drive cautiously and anticipate rough surfaces and features, such as snow, mud, vegetation, and water crossings common to remote driving conditions. Participants voluntarily assume full responsibility for these damages, risks, and dangers. Motor vehicle operators should take care at all times to protect themselves and

those under their responsibility. Much of the Chattahoochee-Oconee National Forest is remote, and medical assistance may not be readily available. Cellular telephones do not work in many areas of the Chattahoochee-Oconee National Forest. Operators should take adequate food, water, first aid supplies, and other equipment appropriate for the conditions and

ALWAYS REMEMBER TO RESPECT PRIVATE LAND! PROTECT YOUR PRIVILEGE. STAY ON DESIGNATED ROADS AND TRAILS AND IN DESIGNATED AREAS. Read and understand this map in its entirety. If you

have questions, please contact the Chattahoochee-Oconee National Forest for clarification. Road, trail, and area users must comply with this map,

as well as all Federal, State, and local laws and regulations. Forest roads are only open to registered vehicles and mopeds in accordance with state law (OCGA 40-2-20, OCGA40-2-8). All other vehicles including "motorized carts", "low speed vehicles", and "all-terrain vehicles" are prohibited. (OCGA 40-1-1) Compliance with

these rules is the responsibility of the user.
