Temperature Affects Distribution & Abundance

Thermal niches differ among species

Frequency of Occurrence

NorWeST Stream Temperature (S1)

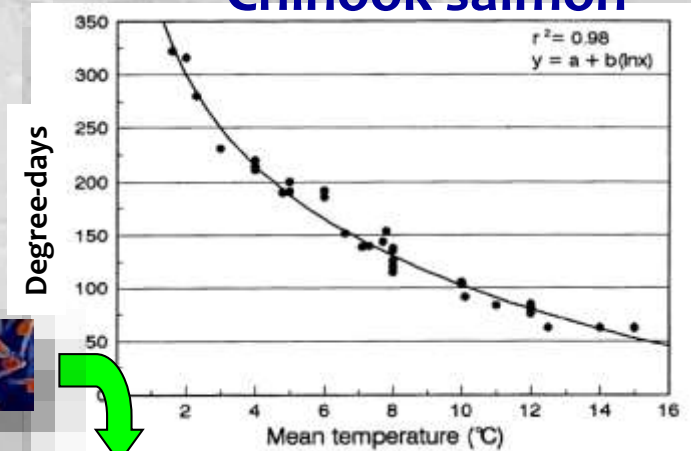

Wenger et al.
In Review.

Temperature Affects Phenology

Spawn timing - Chinook salmon

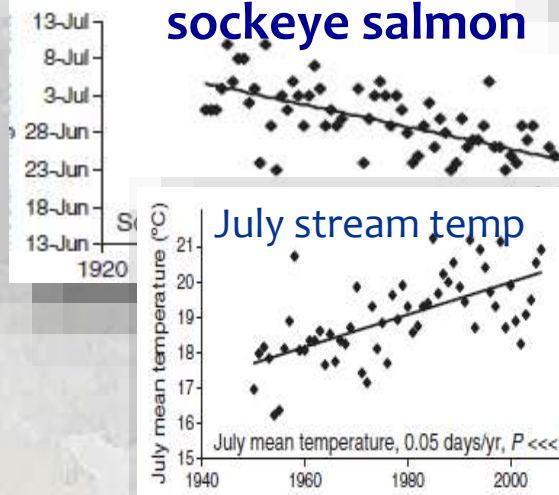

Incubation time - Chinook salmon

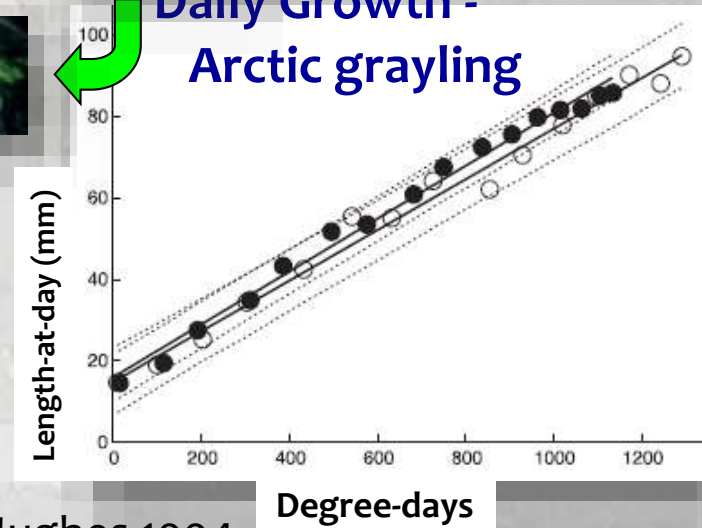

Brannon et al. 2004

Migration timing - sockeye salmon

Daily Growth - Arctic grayling

Crozier et al. 2008

Dion and Hughes 1994

Temperatures are Getting Warmer...

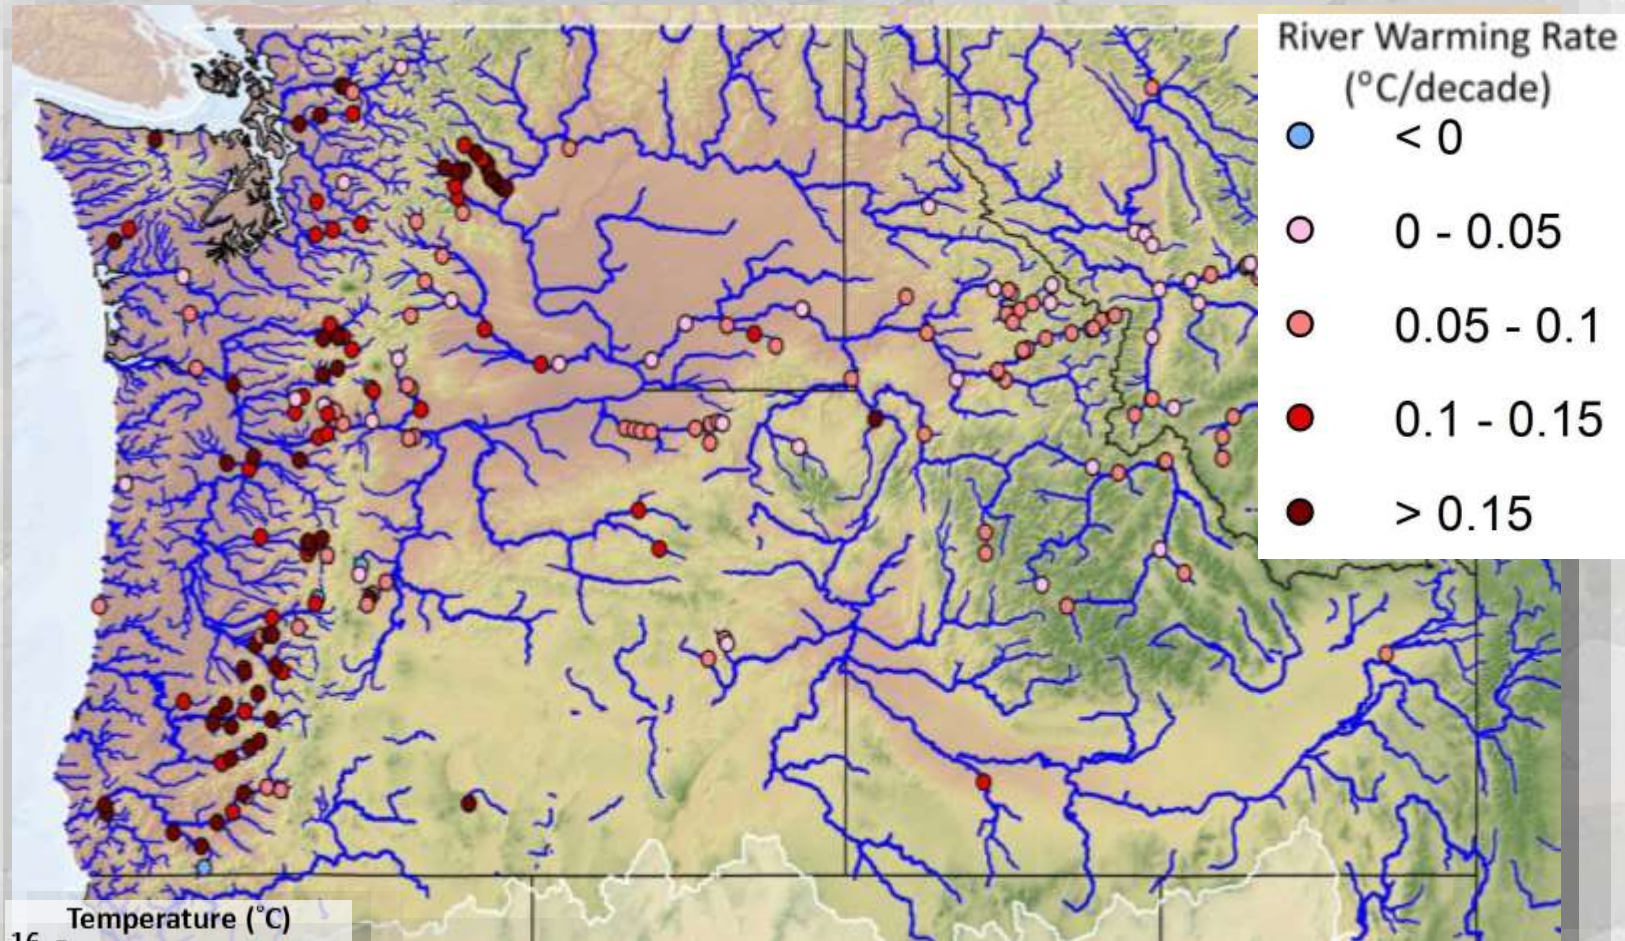

1880-2014 Global Air Temperature Trend

Plan on continued warming for decades...

Summer River Temp Trends (1968-2011)

245 sites with >10 year monitoring records

Southern Steelhead Range = Lots of Temperature Data

>150,000,000 hourly records
>20,000 unique stream sites

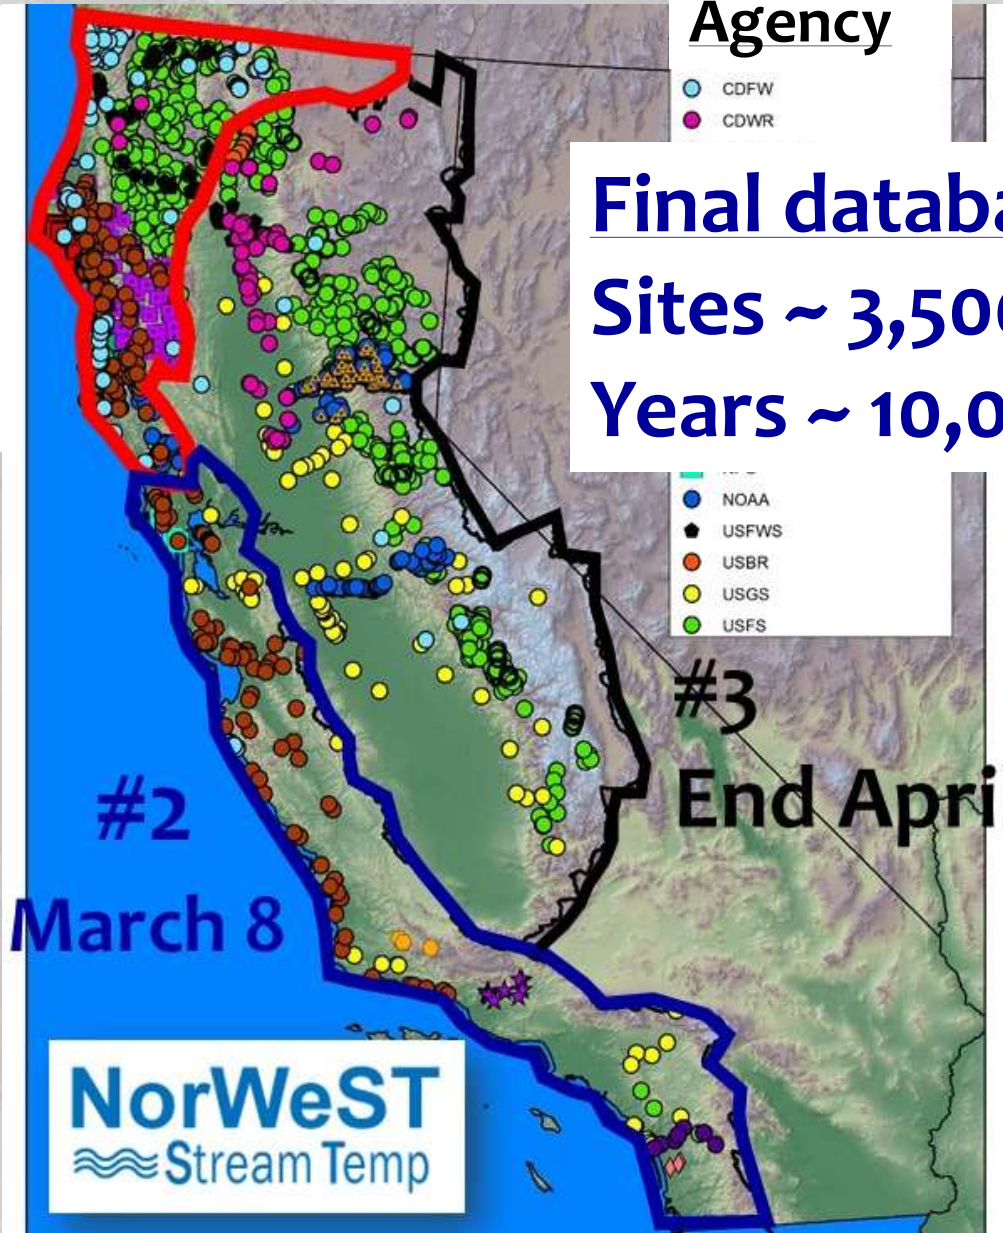

>100 agencies

California Temperature Database

#1

- Database & scenarios online
- More data coming
- Eli Asarian, Rich Fadness
- Refit model in fall

Final database
Sites ~ 3,500
Years ~ 10,000

Predictive Accuracy of Temperature Model

Covariate Predictors

1. Elevation (m)
2. Canopy (%)
3. Stream slope (%)
4. Ave Precipitation (mm)
5. Latitude (km)
6. Lakes upstream (%)
7. Baseflow Index
8. Watershed size (km²)
9. Glacier (%)

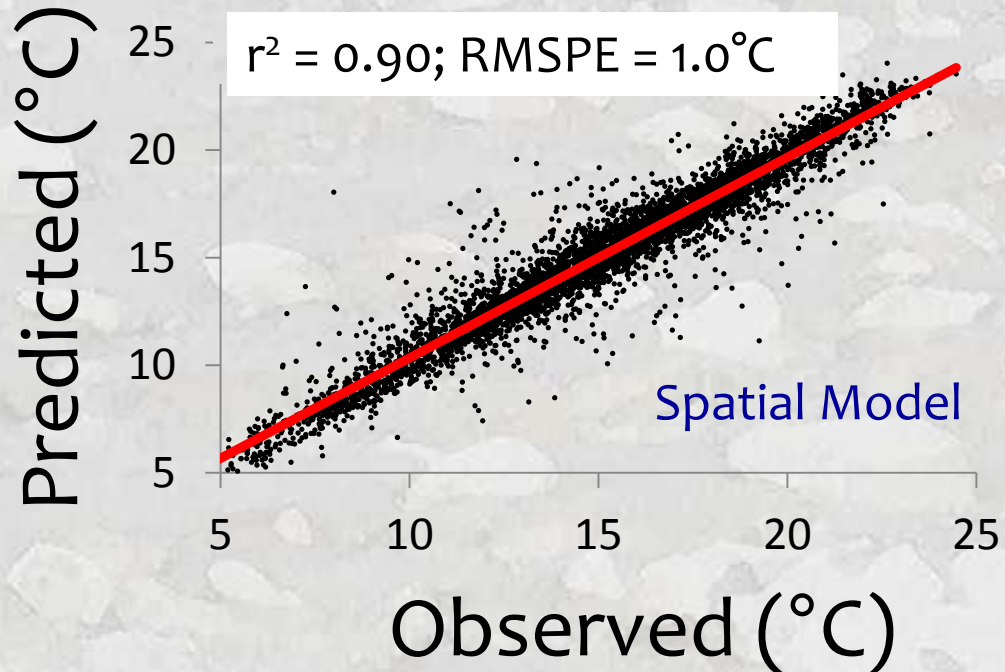

10. Discharge (m³/s)

USGS gage data

11. Air Temperature (°C)

RegCM3 NCEP reanalysis

30 Climate Scenarios (Historic & Future)

Scenario	Description
S1_93_11	Historical scenario representing 19 year average August mean stream temperatures for 1993-2011
S2_02_11	Historical scenario representing 10 year average August mean stream temperatures for 2002-2011
S3_1993	Historical scenario representing August mean stream temperatures for 1993
S4_1994	Historical scenario representing August mean stream temperatures for 1994
Etc...	
S23-33	10 Future scenarios...

Ideas

Data

Analysis

Information

High-Resolution, Spatial Information for Steelhead Decision Support is Possible

Fundamental Questions:

- How much steelhead habitat is in this river network?
- What are the spatial patterns in steelhead densities?
- What are the environmental constraints on fish density?
- Is climate change something to worry about for this population?
- Where should strategic conservation investments be made?

I'm going to invest here...

...not here

The End
