

JOB CORPS CIVILIAN CONSERVATION CENTERS

Map Producer: Geospatial Technology and Applications Center, Salt Lake City, Utah

Map Production Date: September 22, 2020

Point of Contact: Alicia D. Bennett, alicia.d.bennett@usda.gov

Map Description: Twenty-four Job Corps Civilian Conservation Centers (CCCs) are associated with national forests or grasslands and are operated by the Forest Service in partnership with the U.S. Department of Labor. Civilian Conservation Centers provide youth ages 16 to 24 the opportunity to earn high school diplomas, GEDs, and certification in traditional vocational trades, including carpentry, welding, heavy equipment operations, and natural resources trades such as forestry, firefighting, and urban forestry.

The USDA Forest Service uses the most current and complete data available. GIS data and product accuracy may vary. Using GIS products for purposes other than those for which they were intended may yield inaccurate or misleading results.
