

FY23 Authorized and Funded Deferred Maintenance Projects | Great American Outdoors Act – Legacy Restoration Fund

All Forests & Research Stations

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	BEAVERHEAD-DEERLODGE NATIONAL FOREST	DELMOE LAKE ROAD RESURFACING, CAMPGROUND, AND DAY USE UPDATES	This project will add gravel over the entirety of the road. The project will increase maintainability, reduce erosion, and provide a safer route for the high volumes of traveling public. This project would bring the campground and associated boat launch and day use site up to current design and accessibility standards. A full redesign will incorporate off-highway vehicle use and link the campground to the motorized trail system.	MT - JEFFERSON	2ND MONTANA
R1, NORTHERN REGION	BEAVERHEAD-DEERLODGE NATIONAL FOREST	SOUTHWEST MONTANA RECREATION AND ROAD SIGNS DEFERRED MAINTENANCE REDUCTION	This project will install and replace directional and destination road signs, recreation site signs, information kiosks and bulletin boards, trailhead signs, trail signs and markers, and Bear Aware signs across National Forest lands. The project enhances visitor experience by improving signage to recreation sites, facilities and locations.	MT - BEAVERHEAD, MT - DEER LODGE, MT - GRANITE, MT - JEFFERSON, MT - MADISON, MT - POWELL, MT - SILVER BOW	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	BEAVERHEAD-DEERLODGE NATIONAL FOREST	FOREST-WIDE TOILET REPLACEMENT: INSTALLATION OF CONCRETE TOILETS ACROSS DISTRICTS - SOUTHWEST MONTANA	The Forest-wide Toilet Replacement project involves replacing non-standard toilets at recreation sites and rental cabins across the Forest. The project will also focus on reducing deferred maintenance tasks and correcting deficiencies in accessibility, sanitation, and the protection of resources. These updates will greatly improve recreation access and provide a better overall experience for Forest visitors.	MT - BEAVERHEAD, MT - DEER LODGE, MT - GRANITE, MT - JEFFERSON, MT - MADISON, MT - POWELL	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	BEAVERHEAD-DEERLODGE NATIONAL FOREST	MOTORIZED AND NON-MOTORIZED TRAIL DEFERRED MAINTENANCE	This project will relocate segments of trails across the Beaverhead-Deerlodge National Forest to meet National Quality Standards and reduce deferred maintenance. Work will correct poorly designed switchbacks, steeply graded trails, etc. A high-quality system of trails creates opportunities to safely access the forest by non-motorized and motorized means, supporting hunters, outfitters and guides, and general recreation users and contributing to the local recreation and tourism economies.	MT - BEAVERHEAD, MT - DEER LODGE, MT - GRANITE, MT - JEFFERSON, MT - MADISON, MT - SILVER BOW	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	BITTERROOT NATIONAL FOREST	MEADOW VAPOR AND DARBY AQUATIC ORGANISM PASSAGE AND STORMWATER UPGRADES	This project will replace Aquatic Organism Passage structures, surface crossings and mitigate associated drainage issues with these features, as well as implement best management practices on two major roads in the same watershed.	MT - RAVALLI	1ST MONTANA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	BITTERROOT NATIONAL FOREST	BITTERROOT RECREATION WATER SYSTEM DEFERRED MAINTENANCE	This multi-year project will install a new disinfection system for the Warm Springs Campground water system and a new water distribution, controls, pumphouse, and wastewater system for Rombo Campground.	MT - RAVALLI	1ST MONTANA
R1, NORTHERN REGION	BITTERROOT NATIONAL FOREST	DEVELOPED RECREATION CAMPGROUND MAINTENANCE AND ACCESSIBILITY IMPROVEMENTS	This project consists of replacing illegible signage and deteriorating picnic tables in campgrounds across the Forest. Sites include, but are not limited to, the Lake Como and Bass Creek Recreation Areas, Indian Trees and Spring Gulch Campgrounds, Sam Billings Campground, Blodgett Campground and Trailhead, Fales Flat Group Site and Alta campgrounds.	ID - IDAHO, MT - RAVALLI	1ST IDAHO, 1ST MONTANA
R1, NORTHERN REGION	BITTERROOT NATIONAL FOREST	BITTERROOT TRAIL RECONDITIONING AND DRAINAGE REPAIR	This two-year project addresses vital deferred maintenance needs across the Forest trails system. Work will include improved drainage and structure repair, tread reconstruction, and brushing of trail corridors, to maintain recreation access and improve the sustainability and safety of the trails system. Deferred maintenance tasks will occur both inside and outside of designated Wilderness areas, benefitting both motorized and non-motorized users.	ID - IDAHO, MT - RAVALLI	1ST IDAHO, 1ST MONTANA
R1, NORTHERN REGION	BITTERROOT NATIONAL FOREST	ROMBO CAMPGROUND SHORELINE STABILIZATION	This multi-year project will protect the infrastructure and investments in Rombo Campground by preventing future shoreline destabilization, restore and improve vegetation, provide needed campground improvements, and reduce deferred maintenance.	MT - RAVALLI	1ST MONTANA
R1, NORTHERN REGION	CUSTER GALLATIN NATIONAL FOREST	CRITICAL WILDERNESS STOCK PROGRAM SUPPORT	This project will address deferred maintenance at equine stock handling facilities across the Forest. The type of work at sites includes moving and replacing pasture fence to facilitate wildlife movement, building maintenance, lead paint mitigation, building replacement, water system maintenance and road and parking facility maintenance and improvements.	MT - PARK, MT - STILLWATER	2ND MONTANA
R1, NORTHERN REGION	CUSTER GALLATIN NATIONAL FOREST	BRIDGERS AND BANGTAILS TRAIL FACILITY RENOVATIONS	This multi-year project will address deferred trail maintenance. The work will include all aspects of maintenance tasks and trailhead improvements such as signage, surfacing, brushing, limbing, waterbar restoration and installation, check-fill restoration and installation, rock removal and general tread improvements.	MT - GALLATIN, MT - PARK	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	CUSTER GALLATIN NATIONAL FOREST	ABSAROKA BEARTOOTH ZONE DEFERRED TRAIL MAINTENANCE	This multi-year project will address deferred trail maintenance. The work will include all aspects of trail maintenance tasks such as brushing, limbing, water bar restoration and installation, check-fill restoration and installation, rock removal and general tread improvements. The Montana Conservation Corps is a partner in delivering this project.	MT - CARBON, MT - PARK, MT - STILLWATER, MT - SWEET GRASS	2ND MONTANA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	CUSTER GALLATIN NATIONAL FOREST	RECREATION SITE TOILET DEFERRED MAINTENANCE IMPROVEMENT	This multi-year project will address deferred maintenance on toilets across the Forest. The work will include replacing deteriorating toilets, retrofitting existing toilets for function and accessibility, and installing toilets in locations with human waste issues. New installations will utilize larger vaults to reduce frequency of pumping where applicable.	MT - CARBON, MT - CARTER, MT - GALLATIN, STILLWATER, MT - MADISON, MT - PARK, MT - POWDER RIVER, MT - ROSEBUD, MT - STILLWATER, MT - SWEET GRASS, SD - HARDING, WY - PARK	1ST MONTANA, 2ND MONTANA, 1ST SOUTH DAKOTA
R1, NORTHERN REGION	CUSTER GALLATIN NATIONAL FOREST	GALLATIN RIVER BRIDGES REHABILITATION	This multi-year project will replace the iconic Markley Bridge over the Gallatin River with components and likeness to the existing structure. The work will include bridge replacement, approach upgrades to Highway 191 and access to the picnic area, private inholding and trailhead.	MT - GALLATIN	1ST MONTANA
R1, NORTHERN REGION	CUSTER GALLATIN NATIONAL FOREST	30 MILES PAVEMENT PRESERVATION AND REPLACEMENT: WEST YELLOWSTONE, GALLATIN RIVER, BEARTOOTH MOUNTAINS, AND ASHLAND	This project entails maintaining and replacing pavement on roads, campgrounds, and public facing facilities on the Custer Gallatin National Forest to address deferred maintenance and to improve visitor experience. The road system supports public access to the Forest and provides access for agricultural, water, mineral, utility and timber commerce as well as supporting numerous economic sectors including construction, recreation, resource use and recovery on Forest.	MT - CARBON, MT - GALLATIN, MT - MADISON, MT - PARK, MT - ROSEBUD, SD - HARDING	1ST MONTANA, 2ND MONTANA, 1ST SOUTH DAKOTA
R1, NORTHERN REGION	CUSTER GALLATIN NATIONAL FOREST	MAIN FORK OF ROCK CREEK RECREATION AREA IMPROVEMENTS	This project consists of resurfacing and improving drainage along the Main Fork Rock Creek Road. The work will occur from the Greenough trailhead to the Greenough and M-K campgrounds. Work will also include improvements to the Greenough Lake campground sites to meet accessibility standards. The Main Fork Rock Creek supports access to the Beartooth Highway All American Road, developed and dispersed recreation, motorized and non-motorized trails, wilderness, fishing, and hiking.	MT - CARBON	1ST MONTANA
R1, NORTHERN REGION	CUSTER GALLATIN NATIONAL FOREST	BIG CREEK, WINDOW ROCK, AND BASIN STATION RENTAL CABIN REPAIRS: PARADISE VALLEY, HYALITE CANYON, AND WEST YELLOWSTONE	This multi-year project will restore priority historic rental cabins with focus on the structure envelope, foundation, accessibility, and other work as needed. Specific cabins addressed by the project includes Big Creek Cabin on the Yellowstone Ranger District, Window Rock Cabin on the Bozeman Ranger District and Basin Station on the Hebgen Ranger District. Typical work will involve roof replacements, chimney repairs, toilet replacements, masonry repairs, chinking, painting, and staining.	MT - CARBON, MT - GALLATIN, MT - MADISON, MT - MEAGHER, MT - PARK, MT - POWDER RIVER, MT - STILLWATER, MT - SWEET GRASS	1ST MONTANA, 2ND MONTANA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	DAKOTA PRAIRIE GRASSLANDS	NATIONAL NORTH COUNTRY SCENIC TRAIL DEFERRED MAINTENANCE	This project will resurface the trail with specified aggregate, and include the reduction of erosion protects drainage areas, harden trail surface aligns with user expectations, and increase visitation and use contributes to local economy.	ND - RANSOM, ND - RICHLAND	1ST NORTH DAKOTA
R1, NORTHERN REGION	DAKOTA PRAIRIE GRASSLANDS	RECONDITIONING, SPOT SURFACING, AND DRAINAGE REPAIRS ON 47 ROADS	This project will recondition various locations on several roads to improve access for visitors and permittees to recreational opportunities including fishing dams, Shadehill Reservoir, hunting land, and trailheads in the National Grasslands. Work includes spot surfacing and culvert replacement. Reconditioning allows greater access while addressing and mitigating safety concerns.	ND - RANSOM, ND - RICHLAND, SD - CORSON, SD - PERKINS	1ST NORTH DAKOTA, 1ST SOUTH DAKOTA
R1, NORTHERN REGION	DAKOTA PRAIRIE GRASSLANDS	RECONDITIONING, SPOT SURFACING, AND DRAINAGE REPAIRS ON 7 ROADS	This project will recondition, spot surface, and replace culverts on roads to improve access to the Little Missouri National Grasslands. These road improvements will improve safety and better accommodate the increased use by permittees, local residents and recreationists that support the local economies.	ND - MCKENZIE	1ST NORTH DAKOTA
R1, NORTHERN REGION	DAKOTA PRAIRIE GRASSLANDS	MAAH DAAH HEY TRAIL REROUTE AND TRAILHEAD	This project will reroute the trail and improve the Maah Daah Hey trailhead to improve safety and visitor experience. Trail users are accessing the trail by parking on the shoulder of the road in a county right-of-way. The Maah Daah Hey Trail crosses road 742-2 on the crest of a hill creating unsafe conditions not only for the user but also for the traveling public.	ND - BILLINGS, ND - GOLDEN VALLEY, ND - MCKENZIE, ND - SLOPE	1ST NORTH DAKOTA
R1, NORTHERN REGION	FLATHEAD NATIONAL FOREST	FLATHEAD NATIONAL FOREST TRAIL DEFERRED MAINTENANCE REDUCTION PROJECT	This is a multi-year project to reduce trail deferred maintenance on the Tally Lake and Swan Lake Ranger Districts on the Flathead National Forest, some of which are located in the Mission Mountain Wilderness. These trails provide recreation opportunities for motorbikes, mountain bikers, stock users and hikers.	MT - FLATHEAD, MT - LAKE, MT - LINCOLN, MT - MISSOULA	1ST MONTANA
R1, NORTHERN REGION	FLATHEAD NATIONAL FOREST	HUNGRY HORSE RESERVOIR PHASE TWO CAMPGROUND AND BOAT LAUNCH RENOVATIONS	This is a multi-year project to renovate Emery Bay Campground and to develop Abbot Bay and FK&L recreation sites. Work at Emery Bay includes adding and improving sites to improve accessibility and accommodate modern vehicles. Abbot Bay and FK&L will see boat ramp, parking, road, sanitation, accessibility, and group site work.	MT - FLATHEAD	1ST MONTANA
R1, NORTHERN REGION	FLATHEAD NATIONAL FOREST	SOUTH FORK OF THE FLATHEAD WATERSHED IMPROVEMENT	This multi-year project will replace a 55-year-old bridge and upgrade fish barrier culverts to restore trout movement through the stream network. Forest Road 38 is an arterial route on the east side of Hungry Horse Reservoir. It crosses numerous streams occupied by native west slope cutthroat trout.	MT - FLATHEAD	1ST MONTANA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	FLATHEAD NATIONAL FOREST	FLATHEAD WILD AND SCENIC RIVER ACCESS SITE DEFERRED MAINTENANCE	This multi-year project addresses deferred maintenance needs at each of the Flathead National Forest's developed river access sites. The project includes sign modernization, gravel and asphalt road surface maintenance, brushing, striping, boat ramp reconstruction and minor traffic flow improvements to ensure sustainable access to sites for wide range vehicles and trailers. Additional work includes barrier maintenance to protect natural resources adjacent to sites.	MT - FLATHEAD	1ST MONTANA
R1, NORTHERN REGION	FLATHEAD NATIONAL FOREST	RECREATION SITE ROAD DEFERRED MAINTENANCE	The roads that access developed recreation sites and trailheads do not receive regular maintenance because mobilization costs are high relative to their length. This project will replace gravel and improve drainage on access roads, in developed recreation sites, and at trailheads across the forest.	MT - FLATHEAD, MT - LAKE, MT - MISSOULA	1ST MONTANA
R1, NORTHERN REGION	FLATHEAD NATIONAL FOREST	FOREST-WIDE WATER AND WASTEWATER SYSTEM DEFERRED MAINTENANCE	This multi-year project addresses deferred maintenance items of water and wastewater systems in recreation sites across the Forest. Work items range from maintenance and standardization of recreation site toilets to design and replacement of campground water systems that will improve security of water and wastewater systems on the Forest, preventing failures and system closures. The project also includes upgrades to meet Americans with Disabilities Act accessibility standards.	MT - , MT - FLATHEAD, MT - LAKE, MT - MISSOULA,	1ST MONTANA
R1, NORTHERN REGION	FLATHEAD NATIONAL FOREST	RENTAL CABIN DEFERRED MAINTENANCE REDUCTION	This multi-year project focuses on reducing deferred maintenance on recreation rental cabins across the Forest. The National Forest cabin rental program provides a unique recreation experience that is very popular with cabins exceeding 75% occupancy. The cabins have varying needs from roof replacements to electrical repairs to appliance updates. Accessibility will be improved to meet Americans with Disabilities Act requirements.	MT - FLATHEAD, MT - LAKE, MT - MISSOULA	1ST MONTANA
R1, NORTHERN REGION	HELENA-LEWIS AND CLARK NATIONAL FOREST	BOB MARSHALL WILDERNESS COMPLEX AND ADJACENT LANDS PRIORITY AREA TRAIL MAINTENANCE	This multi-year project focuses on reducing trail deferred maintenance within the Bob Marshall Wilderness Complex and the Adjacent Lands Priority Area. This is one of the National Trail Priority Areas established under the National Forest System Trail Stewardship Act of 2016. The project is a coordinated effort between the Flathead, Lolo, and Helena Lewis and Clark National Forests and their partners.	MT - FLATHEAD, MT - GLACIER, MT - LEWIS AND CLARK, MT - LINCOLN, MT - MISSOULA, MT - PONDERA, MT - POWELL, MT - TETON	1ST MONTANA, 2ND MONTANA

<u>Region</u>	<u>Forest or Station</u>	<u>Project Name</u>	<u>Project Summary</u>	<u>State - County</u>	<u>Congressional District</u>
R1, NORTHERN REGION	HELENA-LEWIS AND CLARK NATIONAL FOREST	TRAIL DEFERRED MAINTENANCE REDUCTION	This four-year project addresses maintenance tasks that have not met their prescribed frequency on multiple system trails. With this project, trails will be brushed and cleared, drainage structures will be maintained or replaced, and the trail tread will be repaired, where necessary.	MT - BROADWATER, MT - CASCADE, MT - FERGUS, MT - GLACIER, MT - GOLDEN VALLEY, MT - JEFFERSON, MT - JUDITH BASIN, MT - LEWIS AND CLARK, MT - MEAGHER, MT - PONDERA, MT - POWELL	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	HELENA-LEWIS AND CLARK NATIONAL FOREST	FOREST-WIDE CABIN DEFERRED MAINTENANCE REDUCTION	This four-year project works toward reducing deferred maintenance tasks at recreation cabins across the forest. Several cabins have gone into disrepair and are no longer habitable or able to be a part of the cabin rental program. Deferred maintenance tasks include replacing roofs, windows, and oil logs, repainting, reflooring, updating signs, as well as replacing several other cabin infrastructure items.	MT - BROADWATER, MT - CASCADE, MT - FERGUS, MT - JEFFERSON, MT - JUDITH BASIN, MT - LEWIS AND CLARK, MT - MEAGHER, MT - POWELL, MT - TETON	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	HELENA-LEWIS AND CLARK NATIONAL FOREST	ROAD RECONDITIONING AND AGGREGATE SURFACE IN-PLACE PROCESSING IN CENTRAL MONTANA	This is a four-year project that endeavors to complete between deferred maintenance across several Forest Service roads. The identified roads provide access to multiple recreation sites, administrative sites, and active management areas. The road maintenance will include grinding, ripping, shaping, blading, and compacting road surfaces. Roadway drainage features will also be repaired, where necessary.	MT - BROADWATER, MT - CASCADE, MT - JEFFERSON, MT - LEWIS AND CLARK, MT - MEAGHER, MT - POWELL	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	HELENA-LEWIS AND CLARK NATIONAL FOREST	FALLS CREEK AND SUMMIT TRAILHEAD AND CAMPGROUND CONSTRUCTION AND IMPROVEMENTS	This project is a two-year project focused on restoring the Falls Creek Trailhead and Campground, along with the Falls Creek Boat Launch. The Summit Trailhead will also be upgraded as part of the project and much-needed facility improvements will be made.	MT - GLACIER, MT - LEWIS AND CLARK	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	HELENA-LEWIS AND CLARK NATIONAL FOREST	MEMORIAL WAY ROAD RECONSTRUCTION PHASE TWO	This two-year project focuses on both the upgrading of the Memorial Way Road and the completion of the Deadman Road to Spring Creek Road connection. The project does not require road relocation but will instead focus on improving the road prism, fixing drainage issues, and laying down crushed aggregate surfacing where needed.	MT - JUDITH BASIN, MT - MEAGHER	2ND MONTANA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	HELENA-LEWIS AND CLARK NATIONAL FOREST	FOREST-WIDE ROAD, TRAIL AND ACCESS SIGN REPLACEMENT PROJECT	This four-year project involves the replacement of existing road, trail, and forest access signs. Several signs across the forest are no longer legible and need to be completely replaced while others just need updating. The forest has identified signs that require immediate replacement to be tackled during the early phases of the project.	MT - BROADWATER, MT - CASCADE, MT - FERGUS, MT - JEFFERSON, MT - JUDITH BASIN, MT - LEWIS AND CLARK, MT - MEAGHER, MT - POWELL, MT - TETON	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	HELENA-LEWIS AND CLARK NATIONAL FOREST	FOREST-WIDE CAMPGROUND AND TRAILHEAD IMPROVEMENTS	This project aims to reduce deferred maintenance across the forest to provide improved recreational opportunities to the public. The project involves several sites and includes road improvements as well as resurfacing of trailheads, campgrounds, spurs, and parking areas. Other planned upgrades include increasing camping area sizes, updating kiosks, signage, new gravel, hazard tree removal, vegetation treatments, and replanting trees.	MT - BROADWATER, MT - CASCADE, MT - FERGUS, MT - GLACIER, MT - JEFFERSON, MT - JEFFERSON, POWELL, MT - JUDITH BASIN, MT - LEWIS AND CLARK, MT - MEAGHER, MT - POWELL, MT - TETON	1ST MONTANA, 2ND MONTANA
R1, NORTHERN REGION	IDAHO PANHANDLE NATIONAL FORESTS	ROUTE OF THE HIAWATHA RAIL TRAIL TRESTLE IMPROVEMENTS	This project includes all critical health and safety needs for the Trestles and snowsheds. The Route of the Hiawatha Trail is a unique, highly scenic 15-mile trail that follows the railroad grade of the Milwaukee Railroad from near Saint Regis, Montana to Wallace, Idaho. The route provides experiences through tunnels and over trestles.	ID - SHOSHONE	1ST IDAHO
R1, NORTHERN REGION	IDAHO PANHANDLE NATIONAL FORESTS	BONNERS FERRY TRAIL RECONSTRUCTION	This project addresses outstanding maintenance items on the Canyon Creek, Red Top, Bussard, Rutledge and Grouse Mountain Trails. The trails provide recreation opportunities for hikers, stock users, mountain bikers and motorbikes. Project work includes reconstructed trail tread, reroutes of steep trail segments suffering severe erosion, and switchbacks reconstructed with turning radius appropriate to the mode of travel.	ID - BOUNDARY	1ST IDAHO
R1, NORTHERN REGION	IDAHO PANHANDLE NATIONAL FORESTS	LITTLE SNOWY TOP TRAIL IMPROVEMENTS	This multi-year project reduces a significant backlog of deferred maintenance associated with the Snowy Top Trail. Sections of the trail are sloughing off due to steep hillsides. A fire completely destroyed this trail nearly a dozen years ago and needs to be fully rerouted.	ID - BOUNDARY	1ST IDAHO
R1, NORTHERN REGION	IDAHO PANHANDLE NATIONAL FORESTS	HISTORIC ROUTE OF THE HIAWATHA RAILS-TO-TRAILS TUNNELS IMPROVEMENTS	This project addresses improvements to the tunnels on the trail that are critical to health and safety. Work includes rock bolts and shotcrete within the tunnels. The Route of the Hiawatha Trail is a unique, highly scenic 15-mile trail that follows the railroad grade of the Milwaukee Railroad from near Saint Regis, Montana to Wallace, Idaho.	ID - SHOSHONE	1ST IDAHO

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	IDAHO PANHANDLE NATIONAL FORESTS	SOUTH ZONE TRAILS SAINT JOE WILD AND SCENIC RIVER TRAILS	This project will reduce trail deferred maintenance by doing heavy brushing and significant tread repair. The Saint Joe Wild and Scenic River Trail System is recognized as a priority area in the forest's sustainable recreation strategy. There are several points of historic interest, outstanding camping locations, and good fishing along these trails.	ID - SHOSHONE	1ST IDAHO
R1, NORTHERN REGION	KOOTENAI NATIONAL FOREST	KOOTENAI ACCESS IMPROVEMENT AND TRAILS DEFERRED MAINTENANCE	This five-year project addresses trail deferred maintenance across the forest. Project work includes cutting out blowdown, trimming brush, reestablishing tread, and fixing drainage.	MT - LINCOLN, MT - SANDERS	1ST MONTANA
R1, NORTHERN REGION	KOOTENAI NATIONAL FOREST	RECREATION SITE TOILET REPLACEMENT AND REPAIR	This project will update or replace toilet facilities across the forest to improve the visitors experience. Aging vault and pit toilet facilities identified for replacement and will be removed and replaced with facilities that provide a healthy, safe, and universally accessible option for Forest visitors. Recreation sites contribute to local county and community tourism in rural western Montana.	MT - LINCOLN	1ST MONTANA
R1, NORTHERN REGION	KOOTENAI NATIONAL FOREST	NORTHWEST MONTANA RECREATION SITES CAMPFIRE RING REPLACEMENT	The project will replace damaged or missing fire rings with units that meet accessibility guidelines. New campfire devices will be installed with adequate clearances and reach, reducing hazards to visitors. Replacement will improve public safety, increase visitor enjoyment, and provide facilities that help reduce wildland fires. Fire rings across the Forest are showing signs of aging and degradation.	MT - FLATHEAD, MT - LINCOLN, MT - SANDERS	1ST MONTANA
R1, NORTHERN REGION	KOOTENAI NATIONAL FOREST	NORTHWEST MONTANA RECREATION SITES, CABINS, AND LOOKOUTS DEFERRED MAINTENANCE	This five-year project rental cabins and lookouts project includes painting, shutter repairs, stair replacement, and electrical systems upgrades with the goal to reduce deferred maintenance on recreation sites and rentals across the forest. These improvements will enhance visitor access and experience and benefit communities served by these rentals with support from partners, other agencies, contracts, and Forest Service crews.	MT - FLATHEAD, MT - LINCOLN, MT - SANDERS	1ST MONTANA
R1, NORTHERN REGION	KOOTENAI NATIONAL FOREST	MCGREGOR AND LAKE KOOCANUSA BOAT DOCKS REPLACEMENT	The project will replace damaged boat docks, and repair deteriorating boat launches across the forest. Aging facilities will be removed and replaced with quality, accessible resources to provide recreational access to waterways across the Forest. New boat docks and launches will improve recreation opportunities and experiences for all.	MT - FLATHEAD, MT - LINCOLN	1ST MONTANA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	KOOTENAI NATIONAL FOREST	KOOTENAI NATIONAL FOREST RECREATION SITE PICNIC TABLES AND BENCH REPLACEMENT	This project will replace damaged or missing picnic tables across the Forest with units that meet accessibility guidelines to help provide high quality recreation opportunities for all members of the public. Replacement will improve public safety and increase visitor experience. Campgrounds and day use areas contribute to local county and community tourism in rural western Montana. Picnic tables across the forest are showing signs of aging and breakdown. .	MT - FLATHEAD, MT - LINCOLN	1ST MONTANA
R1, NORTHERN REGION	LOLO NATIONAL FOREST	BORAX TUNNEL DECOMMISSION AND BY PASS ROUTE	This project entails the installation of permanent barricades at the tunnel, the construction of a rerouted road, and the installation of the interpretative signage to highlight the history of the tunnel.	MT - MINERAL	1ST MONTANA
R1, NORTHERN REGION	LOLO NATIONAL FOREST	TROUT CREEK CAMPGROUND WATER SYSTEM REPAIR	This project will replace a failed water system, fire rings, tables, trash bins, and other minor campground features in poor condition. Improvements will be applied to the host site and individual campsites. The project will also install gates for effective closure management.	MT - MINERAL	1ST MONTANA
R1, NORTHERN REGION	LOLO NATIONAL FOREST	BIGHORN CAMPGROUND RECONSTRUCTION	This multi-year project will improve visitor access and experience by reconstructing the access road and designing and constructing additional developed campsites. The project will reduce recurring resource damage on the access road and impacts associated with dispersed camping.	MT - GRANITE	1ST MONTANA
R1, NORTHERN REGION	LOLO NATIONAL FOREST	LOLO TIMBER AND FUELS ACCESS ROADS	This multi-year project provides access for the Soldier Butler and Sawmill Petty projects, which are critical to forest timber and fuels targets. The project improves the transportation system, wildland-urban interface fire protection, water quality and aquatics, and safety. The project will construct road for fire and fuels access, replace undersized culverts to meet aquatic organism passage standard, relocate roads, and reconstruct roads as required mitigation prior to timber haul.	MT - MINERAL, MT - MISSOULA	1ST MONTANA
R1, NORTHERN REGION	LOLO NATIONAL FOREST	LEE CREEK CAMPGROUND WATER SYSTEM MAINTENANCE	This multi-year project will reduce deferred maintenance on the existing water system at the Lee Creek Campground. The water system is experiencing ongoing maintenance issues and parts of the system are no longer functional. An improved water system in the campground is essential to health, safety, and the visitor experience.	MT - MINERAL, MT - MISSOULA	1ST MONTANA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	LOLO NATIONAL FOREST	GREAT BURN PROPOSED WILDERNESS TRAILS MAINTENANCE AND WEST FORK FISH CREEK TRAIL PACK BRIDGE	This project includes extensive high elevation tread work, heavy brushing, and replacement of failing puncheon and turnpike. Work includes replacement of failing West Fork Pack Bridge at a dangerous crossing, and it would significantly reduce deferred maintenance and provide recreation access and economic benefits in Mineral County.	MT - MINERAL, MT - MISSOULA	1ST MONTANA
R1, NORTHERN REGION	LOLO NATIONAL FOREST	LOLO TIMBER HAUL ROUTE DEFICIENT BRIDGE REPLACEMENTS	This multi-year project will reduce deferred maintenance with complete replacement of a deteriorating bridge with sub-standard ratings. Replacement of bridge will provide access for planned management activities that will reduce wildfire risk and forest health.	MT - MISSOULA	1ST MONTANA
R1, NORTHERN REGION	NEZ PERCE-CLEARWATER NATIONAL FOREST	REPAIR THREE HISTORIC ROUTES AND ASSOCIATED RECREATION SITES	This project will repair or replace recreation facilities, conduct deferred maintenance on national historic trails, provide interpretation, and repair historic roads within the Lolo Trail National Historic Landmark, the Elk City Wagon Road, and Magruder Corridor. Facilities along these travel routes are relatively primitive, so upgrades would improve the visitor experience without changing the rustic character. Road and trail projects will be designed to improved access in these corridors.	ID - CLEARWATER, ID - IDAHO	1ST IDAHO
R1, NORTHERN REGION	NEZ PERCE-CLEARWATER NATIONAL FOREST	SALMON RIVER AND RED RIVER CAMPGROUNDS DEFERRED MAINTENANCE	This project will address deferred maintenance at recreation facilities along the South Fork Clearwater, North Fork Slate Creek and Fish Creek Campground Complexes. Project work will consist of improvement of existing sanitation facilities, water systems, signage, picnic tables, etc. as well as improvements to campground access roads. These repairs will reduce maintenance costs and will improve visitor experience.	ID - IDAHO	1ST IDAHO
R1, NORTHERN REGION	NEZ PERCE-CLEARWATER NATIONAL FOREST	TOILET REPAIR AND REPLACEMENT	This project will repair or replace these aging facilities with vault toilet facilities that provide a healthy, safe and universally accessible facility.	ID - CLEARWATER, ID - IDAHO, ID - LATAH	1ST IDAHO
R1, NORTHERN REGION	NEZ PERCE-CLEARWATER NATIONAL FOREST	TRAILHEAD AND ROAD ACCESS REPAIRS AND UPDATES	This project reduces deferred maintenance at major trailheads and on associated access roads on the forest, which will improve access and the quality of visitor experience. Some of the trailheads addressed by the project include the Indian Hill, Fog Mountain, Idaho Point, Tom Beale, Elk Summit, Mocus Point, Warm Springs, Split Creek, Coolwater, Elk Summit, and Five Mile trailheads.	ID - IDAHO	1ST IDAHO

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R1, NORTHERN REGION	NEZ PERCE-CLEARWATER NATIONAL FOREST	REALIGN PARKING AND REPAIR BOATING FACILITIES AT SIX SITES: LOCHSA RIVER AND SALMON RIVER	This project involves improvements on the Lochsa and Salmon Rivers, which are premier destination rivers on the forest. On the Lochsa this project will improve river access parking and boat launch facilities at several access sites including Knife Edge, Fish Creek, and Boulder Flat. On the Salmon River this project will include improvements to river access at the Spring Bar access site, parking at the Carey Creek access site, and parking at Wind River Trailhead.	ID - IDAHO	1ST IDAHO
R1, NORTHERN REGION	NEZ PERCE-CLEARWATER NATIONAL FOREST	TRAIL STEWARDSHIP ACT PRIORITY AREA: CENTRAL IDAHO COMPLEX DEFERRED MAINTENANCE	This multi-year project will reduce trail deferred maintenance across the 4-million-acre forest through such work as clearing and brushing, tread repair, drainage maintenance, and trail bridge replacements. Visitor access and experiences will be improved for motorized and non-motorized trails. The Central Idaho Complex Priority Area is a nationally selected priority area under the Trail Stewardship Act.	ID - CLEARWATER, ID - IDAHO, ID - VALLEY, MT - RAVALLI	1ST IDAHO, 1ST MONTANA
R2, ROCKY MOUNTAIN REGION	ARAPAHO-ROOSEVELT NATIONAL FORESTS	SHADOW MOUNTAIN VILLAGE REHABILITATION	This multi-year project includes the assessment, design, and reconstruction of the Shadow Mountain Village buildings and transportation facilities on the Arapaho-Roosevelt National Forests. Project work consists of refurbishing historic houses and facilities as well as reconditioning and repair to the surrounding roads.	CO - GRAND	2ND COLORADO, 3RD COLORADO, 4TH COLORADO
R2, ROCKY MOUNTAIN REGION	ARAPAHO-ROOSEVELT NATIONAL FORESTS	BRAINARD LAKE RECREATION AREA DEFERRED MAINTENANCE	This multi-year project includes the design and reconstruction of Niwot trailhead, Red Rock Lake picnic site, and replacement of vault toilets. It also includes the construction of an accessible loop trail around the lake and connectivity trails with in the Brainard Lake recreation area.	CO - BOULDER, CO - GRAND	2ND COLORADO
R2, ROCKY MOUNTAIN REGION	ARAPAHO-ROOSEVELT NATIONAL FORESTS	ARAPAHO NATIONAL RECREATION AREA DEFERRED MAINTENANCE	The multi-year project addresses deferred maintenance on the Arapaho National Recreation Area by replacing toilets, installing new toilets, and addressing water system deferred maintenance while expanding those systems to support the efforts of Colorado Parks and Wildlife and Aquatic Nuisance Species operations in high use boating sites on Lake Granby.	CO - GRAND	2ND COLORADO, 3RD COLORADO
R2, ROCKY MOUNTAIN REGION	ARAPAHO-ROOSEVELT NATIONAL FORESTS	IMPROVING TRAIL SYSTEM ACCESS AND CONNECTIVITY	This project will improve trails and trailheads on the West Magnolia, Magnolia, Pawnee Buttes, and Crow Valley trail systems. Project work also includes a designated dispersed camping management plan.	CO - BOULDER, CO - WELD	2ND COLORADO, 4TH COLORADO

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R2, ROCKY MOUNTAIN REGION	ARAPAHO-ROOSEVELT NATIONAL FORESTS	BRIGGS DALE HISTORICAL REHABILITATION FOR RECREATION, ADMINISTRATIVE, AND VISITOR INFORMATION SERVICES	This multi-year project includes design and construction for adaptive reuse of the house and the other buildings on site as well as recreation enhancements.	CO - WELD	4TH COLORADO
R2, ROCKY MOUNTAIN REGION	BIGHORN NATIONAL FOREST	DAYTON GULCH ROADWAY IMPROVEMENTS	This project consists of road reconstruction, surfacing, drainage, and improving safety on the roadway. Dayton Gulch Road is heavily used by permittees, timber purchasers, and outfitters. The road provides access to numerous developed and dispersed recreation sites.	WY - SHERIDAN	1ST WYOMING
R2, ROCKY MOUNTAIN REGION	BIGHORN NATIONAL FOREST	PAINTROCK ROCK ROAD SURFACING	This project consists of road reconstruction, surfacing, drainage, brushing and improved road safety. Paintrock Road on the Bighorn National Forest is designated as a high priority route by the Federal Lands Transportation Program.	WY - BIG HORN	1ST WYOMING
R2, ROCKY MOUNTAIN REGION	BIGHORN NATIONAL FOREST	FOREST SERVICE ROAD 33 ("CRAZY WOMAN ROAD") REPAIRS	This multi-year project will conduct road reconstruction, surfacing, drainage, and improved safety measures for public access. Additional work includes road stabilization and bridge improvements. Crazy Woman Road on the Bighorn National Forest provides access to many developed and dispersed recreation sites.	WY - JOHNSON	1ST WYOMING
R2, ROCKY MOUNTAIN REGION	BIGHORN NATIONAL FOREST	FOREST-WIDE PICNIC AREA DM	This project will upgrade the picnic grounds and day use facilities on the Bighorn National Forest. New furniture, signing and other site improvements will make the picnic area more accessible.	WY - BIG HORN, WY - JOHNSON, WY - SHERIDAN	1ST WYOMING
R2, ROCKY MOUNTAIN REGION	BIGHORN NATIONAL FOREST	STORY PENROSE TRAIL IMPROVEMENTS	The project includes construction of drainage structures, realignment, turnpikes, stream crossings, trail reconditioning, and bank stabilization. The Story Penrose Trail has received extensive work via partnership in recent years, and this project will continue rehabilitation of this trail and the adjacent Stockwell Trail and North Piney Trail.	WY - SHERIDAN	1ST WYOMING
R2, ROCKY MOUNTAIN REGION	BIGHORN NATIONAL FOREST	SHELL FALLS WAYSIDE VISITOR CENTER - PRIMARY POWER REPLACEMENT	The project will replace high voltage underground cable and restore power to the visitor center. The Shell Falls Wayside Visitor Center is a heavily frequented facility on the Bighorn National Forest. The primary, grid tied power was lost three years ago due to failed power lines.	WY - BIG HORN	1ST WYOMING

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R2, ROCKY MOUNTAIN REGION	BIGHORN NATIONAL FOREST	BIGHORN FOREST-WIDE TRAILHEAD IMPROVEMENTS	This multi-year project entails trailhead access road repairs, installation or repair of toilet facilities, construction of parking areas, installation or repairs of recreation and regulatory signing, and addressing site drainage and resource concerns at multiple sites.	WY - BIG HORN, WY - JOHNSON, WY - SHERIDAN	1ST WYOMING
R2, ROCKY MOUNTAIN REGION	BIGHORN NATIONAL FOREST	FOREST-WIDE VAULT TOILET REPLACEMENTS	This multi-year project will replace toilets at several picnic grounds, campgrounds and trailheads.	WY - BIG HORN, WY - JOHNSON, WY - SHERIDAN	1ST WYOMING
R2, ROCKY MOUNTAIN REGION	BIGHORN NATIONAL FOREST	FOREST-WIDE HISTORICAL PRESERVATION AND REHABILITATION OF THE FOREST RECREATION RENTAL PROGRAM	This multi-year project includes planning, business plans, and substantial repairs for six facilities to be placed in the Federal Lands Recreation Enhancement Act program. Work includes infrastructure and power repairs or improvements to bring assets to standard.	WY - BIG HORN, WY - JOHNSON, WY - SHERIDAN, WY - WASHAKIE	1ST WYOMING
R2, ROCKY MOUNTAIN REGION	BLACK HILLS NATIONAL FOREST	BISMARCK LAKE BOARDWALK AND FISHING PIER RECONSTRUCTION	This project will restore safety, stability and accessibility to the Bismarck Lake Boardwalk and Fishing Pier in compliance with accessibility guidelines. Project work includes reconstruction of the boardwalk and fishing pier, which is warped and damaged by ice heaving. Additionally, interpretive signs will be replaced.	SD - CUSTER	1ST SOUTH DAKOTA
R2, ROCKY MOUNTAIN REGION	BLACK HILLS NATIONAL FOREST	PACTOLA CAMPGROUND LOOP B RECONSTRUCTION	This project will make improvements to the road - to include design, construction and resurfacing. Pactola Campground Loop B will be reconstructed to increase capacity, improve the water system, and improve host sites with repaired sewage vaults. Camp sites will be designed for modern recreational vehicles using accessible design and furnished with accessible amenities.	SD - PENNINGTON	1ST SOUTH DAKOTA
R2, ROCKY MOUNTAIN REGION	BLACK HILLS NATIONAL FOREST	GRIZZLY BEAR CAMPGROUND RECONSTRUCTION	This project will reconstruct the campsite for improved accessibility and drainage and add accessible amenities, upgrade the water system, repair the historic stone pavilion, reshape, and resurface the road, and add interpretive panels. Grizzly Bear Campground located two-miles from Mount Rushmore, is situated at the creek edge and adjacent to steep hills, which limit its size. However, this project will improve the visitor experience.	SD - PENNINGTON	1ST SOUTH DAKOTA
R2, ROCKY MOUNTAIN REGION	GRAND MESA, UNCOMPAHGR E, AND GUNNISON NATIONAL FORESTS	NON-MOTORIZED TRAIL RESTORATION	This multi-year project restores lost access to vast areas of public land and improves water quality. It will also clear down trees, repair failed drainage structures, and rebuild lost tread on non-motorized trails across the forest.	CO - GUNNISON, CO - HINSDALE, CO - MESA, CO - MONTROSE, CO - OURAY, CO - SAGUACHE, CO - SAN MIGUEL	3RD COLORADO

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R2, ROCKY MOUNTAIN REGION	GRAND MESA, UNCOMPAHGR E, AND GUNNISON NATIONAL FORESTS	FOREST-WIDE TRAILS RECONSTRUCTION	This project will clear accumulated downed trees, re-establish trail corridors, replace failed drainage structures, rebuild eroded tread, and address dangerous trail sections for stock and hikers on a huge network of non-motorized trails. It will also restore lost access to vast areas of the forest and reduce damage to natural resources, particularly water quality and will completely restore trail to design standards providing greatly improved recreation access.	CO - DELTA, CO - GUNNISON, CO - HINSDALE, CO - MESA, CO - OURAY, CO - SAGUACHE, CO - SAN MIGUEL	3RD COLORADO
R2, ROCKY MOUNTAIN REGION	GRAND MESA, UNCOMPAHGR E, AND GUNNISON NATIONAL FORESTS	BLUE LAKES TRAILHEAD RECONSTRUCTION	This project reconstructs the trailhead to address health and safety as well as resource impacts resulting from expanded use. The work will address erosion, sanitation, user conflicts, travel management, road safety issues. This trail is the access point for the Mount Sneffels Wilderness and the Mount Sneffels trail, the unit's most popular 14,000-foot peak.	CO - OURAY	3RD COLORADO
R2, ROCKY MOUNTAIN REGION	GRAND MESA, UNCOMPAHGR E, AND GUNNISON NATIONAL FORESTS	ALPINE TUNNEL ROAD 7839 AND PALISADE WALL REPAIR	The project will reconstruct the Palisade Wall and roadway, re-opening motorized access to the Alpine Tunnel and the Historic District. It will first start with hillside scaling, followed by palisade wall and road repair.	CO - GUNNISON COUNTY	3RD COLORADO
R2, ROCKY MOUNTAIN REGION	GRAND MESA, UNCOMPAHGR E, AND GUNNISON NATIONAL FORESTS	TOILET REPLACEMENT: GRAND MESA-ERICKSON	This project will improve accessibility, health and safety, and environmental issues resulting from leaking vault toilets and deteriorating buildings at the Ward Way and Big Creek Campgrounds, and the Erickson Springs Recreation Area. Project work includes vault toilet replacement and related maintenance work.	CO - DELTA, CO - GUNNISON	3RD COLORADO
R2, ROCKY MOUNTAIN REGION	MEDICINE BOW-ROUTT NATIONAL FORESTS	BEAR RIVER RECREATION ACCESS DEFERRED MAINTENANCE	This project will spot resurface problem areas of the road to improve safety and reduce maintenance frequency. Additionally, the project will improve signage and sight distances with the replacement or addition of signs and brushing along the road prism. The Bear River Road on the Yampa Ranger District is heavily used by recreation users as well as other users.	CO - GARFIELD COUNTY, CO - ROUTT	3RD COLORADO
R2, ROCKY MOUNTAIN REGION	MEDICINE BOW-ROUTT NATIONAL FORESTS	FOREST-WIDE RECREATION RENTAL CABIN	This project will reduce deferred maintenance and enhance recreation rental cabins and lookouts. Work includes converting propane lighting to solar, replacing appliances and furniture, and repairing or replacing windows, doors, roofing, siding, and site fencing.	CO - JACKSON, CO - ROUTT, WY - ALBANY, WY - CARBON, WY - CONVERSE	1ST WYOMING, 3RD COLORADO

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R2, ROCKY MOUNTAIN REGION	MEDICINE BOW-ROUTT NATIONAL FORESTS	TIE HACK TRAIL AND MAD CREEK BRIDGES SURVEY, DESIGN, AND CONSTRUCTION	This project includes the survey, design and replacement of trail bridges as well as replacement of the deteriorated Mad Creek Bridge. In 2010, three bridges on the Tie Hack Trail on the Medicine Bow-Routt National Forests washed out due to weather.	CO - ROUTT, WY - CARBON	1ST WYOMING, 3RD COLORADO
R2, ROCKY MOUNTAIN REGION	MEDICINE BOW-ROUTT NATIONAL FORESTS	FOREST-WIDE RECREATION SITE DECOMMISSIONING	This project will decommission nine campgrounds identified in the 2017 Recreation Site Analysis, the abandoned Centennial dump station, and Sewage Lagoon near Centennial, Wyoming.	CO - JACKSON, WY - ALBANY, WY - CARBON	1ST WYOMING, 3RD COLORADO
R2, ROCKY MOUNTAIN REGION	PIKE AND SAN ISABEL NATIONAL FORESTS	WHITESTAR CAMPGROUND WATER SYSTEM MAINTENANCE	This project will improve existing water systems at multiple campgrounds to accommodate current state water system regulations.	CO - LAKE	3RD COLORADO, 5TH COLORADO
R2, ROCKY MOUNTAIN REGION	PIKE AND SAN ISABEL NATIONAL FORESTS	BUFFALO CAMPGROUND WATER SYSTEM REPAIR	This project consists of the design and construction work necessary to bring the water system up to standard. The Buffalo Campground water system on the Pike and San Isabel National Forests is currently not in compliance with Colorado Department of Public Health and Environment standards.	CO - JEFFERSON	2ND COLORADO
R2, ROCKY MOUNTAIN REGION	R2, ROCKY MOUNTAIN REGION	COLORADO FOURTEENERS TRAIL DEFERRED MAINTENANCE	This project will address severe resource damage caused by extremely fragile alpine environment combined with user-created trails and heavy visitation. The work completed will create sustainable trails to improve resource conditions and visitor experience.	CO - CHAFFEE, CO - CLEAR CREEK, CO - CUSTER, CO - EL PASO, CO - LAKE, CO - SAGUACHE, CO - TELLER, NM - TAOS	2ND COLORADO, 3RD COLORADO, 3RD NEW MEXICO, 5TH COLORADO
R2, ROCKY MOUNTAIN REGION	RIO GRANDE NATIONAL FOREST	FOREST-WIDE HANDPUMP REPLACEMENT AND CAPPING	This project will replace handpumps, raise the casings to the state recommended height, and replace the concrete pads.	CO - CONEJOS, CO - HINSDALE, CO - MINERAL, CO - RIO GRANDE, CO - SAGUACHE	3RD COLORADO
R2, ROCKY MOUNTAIN REGION	RIO GRANDE NATIONAL FOREST	STUNNER BRIDGE REPLACEMENT	This project includes demolition and removal of the deteriorated structure and construction of a new bridge. The Stunner Bridge on the Rio Grande National Forest has fallen into disrepair, evident from spalling concrete and exposed rebar.	CO - CONEJOS, CO - CONEJOS	3RD COLORADO
R2, ROCKY MOUNTAIN REGION	RIO GRANDE NATIONAL FOREST	BUILDING IMPROVEMENTS CREEDE	This project will make critical updates to the Creede building, including exterior paint, window replacement, front porch rail repair, concrete stair repairs, and energy efficient electrical upgrades.	CO - MINERAL	3RD COLORADO
R2, ROCKY MOUNTAIN REGION	SHOSHONE NATIONAL FOREST	ROAD SLUMP REPAIR	This project reconstructs slide mitigation features to prevent these roads from closing on an annual basis. The Clay Butte Road and Parque Creek Road on the Shoshone National Forest are damaged regularly by landslides.	WY - FREMONT, WY - PARK	1ST WYOMING

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R2, ROCKY MOUNTAIN REGION	SHOSHONE NATIONAL FOREST	SHOSHONE FIRST FOREST AND FACILITY MAINTENANCE	This project will maintain historical infrastructure, expand recreation rentals, and develop partnerships and sponsorship to ensure sustainable funding sources. Some buildings will be converted into alternate uses, and some will be decommissioned.	WY - FREMONT, WY - PARK	1ST WYOMING
R2, ROCKY MOUNTAIN REGION	WHITE RIVER NATIONAL FOREST	SWEETWATER LAKE RECREATION REHABILITATION AND MODERNIZATION	The project will improve public offerings at the lake in line with those provided by Colorado Parks and Wildlife and the Forest Service at other locations with upgrades targeting camping, cabin and boat rentals, horse rides, hiking, food service, fishing, educational programs.	CO - EAGLE, CO - GARFIELD, WY - PARK	1ST WYOMING, 2ND COLORADO, 3RD COLORADO
R2, ROCKY MOUNTAIN REGION	WHITE RIVER NATIONAL FOREST	ASPEN-SOPRIS DISTRICT OFFICE REDEVELOPMENT	This project focuses on the construction of the Aspen-Sopris District Office and subsequent phases to design and construct the warehouse, shop, yard, and pasture.	CO - GARFIELD	3RD COLORADO
R2, ROCKY MOUNTAIN REGION	WHITE RIVER NATIONAL FOREST	FOREST-WIDE AQUATIC ORGANISM PASSAGE	This project improves aquatic organism passage at Lower East Brush and Lower Last Chance.	CO - EAGLE, CO - PITKIN	3RD CONGRESSIONAL DISTRICT
R2, ROCKY MOUNTAIN REGION	WHITE RIVER NATIONAL FOREST	FOREST-WIDE PARTNERSHIP TRAIL PROJECT	This project utilizes partnerships, Youth Corps, volunteers, contractors, and Forest Service seasonals to address forest-wide deferred maintenance needs on trails.	CO - EAGLE, CO - GARFIELD, CO - GUNNISON, CO - MESA, CO - PITKIN, CO - RIO BLANCO, CO - SUMMIT	2ND COLORADO, 3RD COLORADO
R3, SOUTHWESTERN REGION	APACHE-SITGREAVES NATIONAL FOREST	FOREST-WIDE DEVELOPED RECREATION SITE RENOVATION	This multi-year project will address deferred maintenance work that includes, but is not limited to, pavement, site amenity replacements, replacement of signs and markers, and installation of kiosks to improve visitor safety, interpretive and payment information.	AZ - APACHE, AZ - COCONINO, AZ - GREENLEE, AZ - NAVAJO	1ST ARIZONA
R3, SOUTHWESTERN REGION	CARSON NATIONAL FOREST	ECHO AMPHITHEATER CAMPGROUND RENOVATION	This project will address the deferred maintenance on the Echo Amphitheater Campground 's infrastructure. Project work includes, but is not limited to, renovating unused host sites, remodeling restrooms, replacing concrete, retaining walls, and providing accessible recreational opportunities leading to the amphitheater.	NM - RIO ARRIBA	3RD NEW MEXICO
R3, SOUTHWESTERN REGION	CARSON NATIONAL FOREST	CANJILON LAKES ALKALI SPRING ROAD 129 REPAVING	This project addresses maintenance needs on Alkali Spring Road including, but is not limited to, milling and applying an overlay to the pavement, improving drainage and installing culverts. Intents is to restore road prism stability, improve access to recreation sites, aid in watershed restoration, and provide for user safety.	NM - RIO ARRIBA	3RD NEW MEXICO
R3, SOUTHWESTERN REGION	CARSON NATIONAL FOREST	EL RITO CAMPGROUND RENOVATION AND IMPROVEMENT	This project addresses deferred maintenance at El Rito and La Bobita Campgrounds by reconfiguration and renovation activities. Project work includes, but is not limited to, reconfiguring, and replacing visitor information signage, tables, restrooms, and other amenity replacements.	NM - RIO ARRIBA, NM - TAOS	3RD NEW MEXICO

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R3, SOUTHWESTERN REGION	CIBOLA NATIONAL FOREST	SANDIA CREST RECREATION COMPLEX DESIGN AND CONSTRUCTION	This project includes tasks like repaving and restriping the parking area, removing and reconstructing all access routes, observation decks and the installation of new interpretive panels. The Sandia Crest Recreation Complex project includes design and reconstruction of site features that have deteriorated over time.	NM - BERNALILLO	1ST NEW MEXICO
R3, SOUTHWESTERN REGION	COCONINO NATIONAL FOREST	RED ROCK TRAILS UNIVERSAL ACCESS ENHANCEMENT PROJECT	The Red Rock Trail 's Universal Access Enhancement is a 3-phased project that includes: trailhead survey and design; construction of new accessible trailhead; and addressing deferred maintenance on trails near the new accessible trailhead.	AZ - NAVAJO, AZ - YAVAPAI	1ST ARIZONA
R3, SOUTHWESTERN REGION	COCONINO NATIONAL FOREST	RED ROCK TRAIL HEAVY DEFERRED MAINTENANCE PROJECT	This multi-year project will address trail and trailhead deferred maintenance at major trail systems in the Sedona area. Major renovation and repair at the highest use trails and trailheads, including environmental protection measures for cryptobiotic soils and sensitive wildlife species, will address safety concerns and resource protection. Sedona is an eco-tourism destination with millions of visitors seeking trail experiences annually.	AZ - COCONINO, AZ - YAVAPAI	1ST ARIZONA
R3, SOUTHWESTERN REGION	COCONINO NATIONAL FOREST	FOREST PORTAL AND RECREATION SITE SIGN REPLACEMENT PROJECT	This multi-year project will replace dilapidated signs at campgrounds, day-use sites and trailheads, in addition to other forest portal signs for a consistent look. Many signs at recreation sites across the Coconino National Forest have outstanding deferred maintenance needs.	AZ - COCONINO, AZ - YAVAPAI	1ST ARIZONA
R3, SOUTHWESTERN REGION	CORONADO NATIONAL FOREST	REPLACE BEAR CANYON BRIDGE	This project includes realignment of road approaches and a hardened bridge bypass for overweight equipment on this bridge. Mitigation measures to protect the threatened and endangered species in the water course will be implemented.	AZ - COCHISE, AZ - SANTA CRUZ	8TH ARIZONA
R3, SOUTHWESTERN REGION	CORONADO NATIONAL FOREST	SKY ISLAND TRAIL MAINTENANCE AND IMPROVEMENT	This project will maintain and improve trails in Santa Catalina, Galiuro, and Chiricahua Mountains in year one, before moving to other portions of the forest in future years. Work will be prioritized based on safety and visitor use.	AZ - COCHISE, AZ - GRAHAM, AZ - PIMA, AZ - SANTA CRUZ	1ST ARIZONA, 2ND ARIZONA, 3RD ARIZONA
R3, SOUTHWESTERN REGION	CORONADO NATIONAL FOREST	TANQUE VERDE FALLS RECREATION ENHANCEMENT PROJECT	This project will help improve public safety, provide a high-quality recreation experience, and protect forest resources. Replacing existing unsurfaced and user created trailheads with basic amenities such as a restroom, picnic sites, trash service and picnic sites in the Tanque Verde Falls will help improve recreation and resource conditions. The project also includes trail maintenance, adoption and construction to sustainable standards.	AZ - PIMA	2ND ARIZONA, 8TH ARIZONA
R3, SOUTHWESTERN REGION	CORONADO NATIONAL FOREST	IMPROVE SIERRA VISTA RECREATION ACCESS, ROADS AND TRAILS	This project improves the road and recreation trail network in the Sierra Vista Ranger District of the Coronado National Forest. Roads that access that popular Carr Canyon and Brown Canyon Ranch areas in the Huachuca Mountains will have deferred maintenance activities performed and trails will be maintained.	AZ - COCHISE, AZ - SANTA CRUZ	2ND ARIZONA, 8TH ARIZONA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R3, SOUTHWESTERN REGION	CORONADO NATIONAL FOREST	REPLACE GIBB WASH BRIDGE	This project will replace existing bridge with new bottomless buried multiplate arch on realigned road segment.	AZ - PIMA	8TH ARIZONA
R3, SOUTHWESTERN REGION	GILA NATIONAL FOREST	GILA NATIONAL FOREST ROAD 141 REPAVEMENT	This project includes, but is not limited to, reconstructing segments of failed road, new sign installations and resurfacing with asphalt. Forest Road 141 is an arterial road on the Gila National Forest that provides access to the Gila Wilderness, the Negrito Fire Base, to many recreation sites, and serves as haul road for restoration projects.	NM - CATRON	2ND NEW MEXICO
R3, SOUTHWESTERN REGION	GILA NATIONAL FOREST	ROMERO CREEK BRIDGE REPLACEMENT	This project will replace the Romero Creek bridge with a similar structure due to a large amount of delamination. This bridge is on a major timber haul road for several projects. During hunting season this area is popular for large game hunting.	NM - CATRON	2ND NEW MEXICO
R3, SOUTHWESTERN REGION	GILA NATIONAL FOREST	GILA WILDERNESS AND URBAN INTERFACE TRAIL ACCESS IMPROVEMENT	This project aims to restore access to this unique, rugged, and exceptional area through focused efforts on arterial trails and other key access points. The Gila Wilderness is a premier destination that offers exceptional opportunities for solitude and backcountry adventure. Trail access is currently limited.	NM - CATRON, NM - GRANT	2ND NEW MEXICO
R3, SOUTHWESTERN REGION	GILA NATIONAL FOREST	SOUTH NEGRITO CREEK BRIDGE REPLACEMENT	This project will replace the bridge with a similar structure to eliminate deferred maintenance. South Fork Negrito bridge on Road 141 provides access to recreation sites, the Gila Wilderness, Negrito Fire Base, and haul road for restoration projects.	NM - CATRON	2ND NEW MEXICO
R3, SOUTHWESTERN REGION	GILA NATIONAL FOREST	WHITEWATER TRAIL DEFERRED MAINTENANCE ON THE CATWALK NATIONAL RECREATION TRAIL	This multi-year project will address the deferred maintenance divided into multiple site components on the Whitewater Trail and the Catwalk National Recreation Trail.	NM - CATRON	2ND NEW MEXICO
R3, SOUTHWESTERN REGION	KAIBAB NATIONAL FOREST	ROAD 307 AND ROAD 310 AND PARKING LOT RECONSTRUCTION	This project includes road reconditioning, surfacing, drainage improvements, and the addition of lignin for improvements. These roads access to several hiking trails, heritage sites, day use areas, and dispersed camping. The parking lot to the Arizona Trail & Grandview Lookout will also be reconstructed. Road improvements are needed to maintain public access, protect natural and cultural resources, and enhance public safety.	AZ - COCONINO	1ST ARIZONA
R3, SOUTHWESTERN REGION	LINCOLN NATIONAL FOREST	CEDAR CREEK TRAIL ACCESS CAPITAL IMPROVEMENT	This project includes trailhead design and development, installation of multi-use pedestrian and bike bridge, design approved water crossings, and construction of accessible trail.	NM - LINCOLN	2ND NEW MEXICO

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R3, SOUTHWESTERN REGION	PRESCOTT NATIONAL FOREST	PRESCOTT TRAILS MAINTENANCE	This multi-year project will reduce such deferred maintenance by brushing and repairing drainage structures of the trail. A number of the trails on the Prescott National Forest have outstanding maintenance needs.	AZ - YAVAPAI	1ST ARIZONA
R3, SOUTHWESTERN REGION	R3, SOUTHWESTERN REGION	CANJILON AND KINGSTON RESTROOM REPLACEMENT	This project includes purchase and installation of new vault toilet facilities in two forests - the Carson and Gila National Forests. The work includes demolition of existing toilets, design, contract administration, and finally, accessibility infrastructure and pathways to the newly installed vault toilet facilities. The repairs will meet current environmental and construction standards and will eliminate existing deferred maintenance.	NM - GRANT, NM - RIO ARRIBA, NM - SIERRA	2ND NEW MEXICO, 3RD NEW MEXICO
R3, SOUTHWESTERN REGION	R3, SOUTHWESTERN REGION	ARIZONA NATIONAL SCENIC TRAIL DEFERRED MAINTENANCE	This multi-year project will address trails on the Coronado, Tonto, Coconino and Kaibab National Forests. Many trail segments of the Arizona National Scenic Trail have outstanding maintenance needs. Project work includes routine maintenance, spring and burned area restoration, infrastructure improvements, and segment rerouting.	AZ - COCHISE, AZ - COCONINO, AZ - GILA, AZ - MARICOPA, AZ - PIMA, AZ - PINAL, AZ - SANTA CRUZ	1ST ARIZONA, 2ND ARIZONA, 3RD ARIZONA, 5TH ARIZONA
R3, SOUTHWESTERN REGION	SANTA FE NATIONAL FOREST	JEMEZ NATIONAL RECREATION AREA DISPERSED RECREATION MANAGEMENT	This multi-year collaborative planning project includes designating group and individual campsites, restroom facilities, pavement maintenance, and other resource protection features. The Cuba and Jemez Ranger Districts are experiencing a rise in visitation and unmanaged recreation that are causing damage to natural and cultural resources, including sites that are sacred to Pueblos and Tribes of northern New Mexico.	NM - SANDOVAL	3RD NEW MEXICO
R3, SOUTHWESTERN REGION	SANTA FE NATIONAL FOREST	SANTA FE NATIONAL FOREST DEVELOPED RECREATION SITES IMPROVEMENTS	This project will replace visitor information kiosks, fee payment receptacles, and trash collection device that were identified in poor condition through our condition surveys. Visitor will experience an enhanced visitor information and recreation fee payment in a modular unit.	NM - MORA, NM - RIO ARRIBA, NM - SAN MIGUEL, NM - SANDOVAL, NM - SANTA FE	3RD NEW MEXICO
R3, SOUTHWESTERN REGION	SANTA FE NATIONAL FOREST	JACKS CREEK ROAD STABILIZATION AND RECONSTRUCTION	This project will address road deferred maintenance. Work includes but not limited to retaining wall structure repairs and improvements, pavement preservation and replacement, and other roadside work.	NM - SAN MIGUEL	3RD NEW MEXICO
R3, SOUTHWESTERN REGION	TONTO NATIONAL FOREST	COMPOST TOILET CONVERSIONS	This project will retrofit the remaining four composting restrooms on the Tonto Basin Ranger District to vault type toilets to minimize our employee's exposure to risks associated with direct human waste contact.	AZ - GILA	1ST ARIZONA, 4TH ARIZONA
R4, INTERMOUNTAIN REGION	ASHLEY NATIONAL FOREST	UINTA GUARD STATION REHABILITATION	This project includes replacing the roof, interior improvements, painting the exterior, adding a CXT, new appliances, and multiple other tasks. The rehabilitation of this historic structure is being done before it is added it to the recreation rental program.	UT - DUCHESNE	1ST UTAH

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R4, INTERMOUNTAIN REGION	ASHLEY NATIONAL FOREST	FLAMING GORGE NATIONAL RECREATION AREA WATER AND WASTEWATER SYSTEM REPAIR	The project will replace the water and wastewater systems on the Flaming Gorge National Recreation Area that significantly impact the operation of special use permit full-service marinas, resorts, restaurants, campgrounds, including unique boat-in-only campgrounds, day-use sites, and administrative facilities. This project will also replace the main water distribution lines for the Greendale water system, which serves multiple campgrounds at the Cedar Springs Marina.	UT - DAGGETT, WY - SWEETWATER	1ST UTAH, 1ST WYOMING
R4, INTERMOUNTAIN REGION	ASHLEY NATIONAL FOREST	LIMBER FLAG AND GRIZZLY RIDGE YURT REPLACEMENTS	This project will make improvements to the Limber Flag and Grizzly Ridge yurts that will reinforce walls and fix roof leaks.	UT - DAGGETT, UT - UINTAH	1ST UTAH
R4, INTERMOUNTAIN REGION	ASHLEY NATIONAL FOREST	DUCHESNE AND ROOSEVELT DISTRICT WATER SYSTEM AND CAMPGROUND ROAD REHABILITATION	This project will repair water systems at campgrounds within the Duchesne Roosevelt Ranger District. The Grants Spring water system serves Swift Creek and Reservoir campgrounds, which are popular for visitors hiking to Kings Peak, the highest point in Utah.	UT - DAGGETT, UT - DUCHESNE	1ST UTAH
R4, INTERMOUNTAIN REGION	BOISE NATIONAL FOREST	KIRKHAM DAY USE SITE IMPROVEMENTS	This project will make improvements to the Kirkham campground to include work on reconfigured parking and replacement of day-use facilities, such as shelters and changing rooms. To the extent possible, the project will also replace the deteriorated asphalt road surface, gate, and potable water lines, as well as eliminate roadside parking and rehabilitate damaged areas.	ID - BOISE	1ST IDAHO, 2ND IDAHO
R4, INTERMOUNTAIN REGION	BOISE NATIONAL FOREST	LITTLE ROARING AND POWER PLANT CAMPGROUND FURNITURE REPLACEMENT	This project will replace all tables, fire rings, utility tables, lantern hooks, and tend pads associated with the Little Roaring and Power Plant campgrounds on the Boise National Forest.	ID - ELMORE	2ND IDAHO
R4, INTERMOUNTAIN REGION	BOISE NATIONAL FOREST	PAYETTE RIVER CORRIDOR DEFERRED MAINTENANCE AND MANAGEMENT PLAN	This project will address deferred maintenance within the Payette River corridor and develop a long-term management plan for the entire corridor. The management plan is being completed in cooperation with the Bureau of Land Management.	ID - BOISE	1ST IDAHO
R4, INTERMOUNTAIN REGION	BRIDGER-TETON NATIONAL FOREST	COMPLEX TRAIL BRIDGE REPAIR	This project will replace decking, running boards, and railings, as well as reconstruct and repair approaches and gabions on five complex trail bridges on the Bridger-Teton National Forest: North Fork Buffalo Creek Bridge, South Fork Buffalo Bridge, Boulder Canyon Bridge, Macs Creek Bridge, and the Green River Outlet Bridge.	WY - FREMONT, WY - SUBLETTE, WY - TETON	1ST WYOMING
R4, INTERMOUNTAIN REGION	BRIDGER-TETON NATIONAL FOREST	ELKHART-POLE CREEK TRAILHEAD PAVEMENT PRESERVATION	This project is intended for pavement preservation and minor patching of Elkhart Trailhead parking lots, which allows visitors to access Bridger Wilderness. This trailhead is part of Skyline Drive corridor improvement project.	WY - FREMONT, WY - SUBLETTE	1ST WYOMING

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R4, INTERMOUNTAIN REGION	BRIDGER-TETON NATIONAL FOREST	FOREST PORTAL AND CAMPGROUND SIGN REPLACEMENT	This project will replace highest-priority Forest boundary portal signs on highways and secondary access routes, as well as replace campground entrance signs Forest-wide.	WY - FREMONT, WY - LINCOLN, WY - SUBLETTE, WY - TETON	1ST WYOMING
R4, INTERMOUNTAIN REGION	CARIBOU-TARGHEE NATIONAL FOREST	TETON CANYON CORRIDOR ACCESS AND DEFERRED MAINTENANCE	This project will reconstruct, revitalize, and restore recreation sites to improve access, reduce deferred maintenance on trails and infrastructure, provide for safety and health, comply with Americans with Disabilities Act standards, enhance the visitor experience, and engage partners. This project will focus on the Teton Canyon campgrounds.	ID - TETON, WY - TETON	1ST WYOMING
R4, INTERMOUNTAIN REGION	CARIBOU-TARGHEE NATIONAL FOREST	MINNETONKA CAVE PHASE TWO ACCESS AND RECREATION DEFERRED MAINTENANCE	This project will reconstruct and revitalize the Minnetonka Cave recreation sites by reducing deferred maintenance on infrastructure, provide for safety and health, improve the education experience, comply with Americans with Disabilities Act standards, enhance the visitor experience, and engage partners.	ID - BEAR LAKE	2ND IDAHO
R4, INTERMOUNTAIN REGION	DIXIE NATIONAL FOREST	DUCK CREEK CAMPGROUND RECONSTRUCTION	This project will address deferred maintenance at Duck Creek Campground. The project will help accommodate larger vehicles by expanding spurs and provide modern, accessible amenities to enhance visitor experiences.	UT - KANE	2ND UTAH
R4, INTERMOUNTAIN REGION	DIXIE NATIONAL FOREST	SPRUCES CAMPGROUND RECONSTRUCTION	The project will reconstruct the Spruces Campground to include demolition work and reconstruction of new sites, tent pads, site furniture, and water system repairs.	UT - KANE	2ND UTAH
R4, INTERMOUNTAIN REGION	FISHLAKE NATIONAL FOREST	FOREST-WIDE ROAD DEFERRED MAINTENANCE	This project will mitigate deferred maintenance on the main access roads into the Fishlake National Forest with reconditioning roads, restoring proper drainage, removing roadside vegetation, and placing a stabilized gravel or roto mill road surface.	UT - GARFIELD, UT - MILLARD, UT - PIUTE, UT - SEVIER, UT - WAYNE	2ND UTAH, 3RD UTAH
R4, INTERMOUNTAIN REGION	FISHLAKE NATIONAL FOREST	FISH LAKE BASIN RECREATION AREA DEFERRED MAINTENANCE REDUCTION	This project will include maintaining campground roads, marinas, campground spurs and site furnishings, and a central sewer system to the Fish Lake Basin Recreation Area.	UT - SEVIER	3RD UTAH
R4, INTERMOUNTAIN REGION	FISHLAKE NATIONAL FOREST	KENTS LAKE ROAD CORRIDOR DM REDUCTION	This project will renovate the infrastructure in the popular Kents Lake Road corridor to improve the visitor experience, increase accessibility, and reduce deferred maintenance. The project will improve the road surface with placement of gravel and adding dust control products. The project will also replace site furnishings and toilets in five of the district's highest use campgrounds.	UT - BEAVER, UT - PIUTE	1ST UTAH, 2ND UTAH, 3RD UTAH

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R4, INTERMOUNTAIN REGION	FISHLAKE NATIONAL FOREST	FISHLAKE TRAILS AND DISPERSED RECREATION	The project will reduce deferred maintenance for Fishlake National Forest trails and dispersed recreation by replacing toilets and conducting trail work to improve resource condition and visitor experience on non-motorized trails on the forest.	UT - BEAVER, UT - GARFIELD, UT - JUAB, UT - MILLARD, UT - PIUTE, UT - SEVIER, UT - WAYNE	1ST UTAH, 2ND UTAH, 3RD UTAH
R4, INTERMOUNTAIN REGION	HUMBOLDT-TOIYABE NATIONAL FOREST	OPHIR CREEK TRAIL BRIDGE	This project is necessary to provide safe access over the Ophir Creek trail bridge. The trail bridge provides access for thousands of recreational visitors during the summer and is subject to significant snow loads during the winter. The bridge replacement will address safety concerns identified during inspections.	NV - WASHOE	2ND NEVADA
R4, INTERMOUNTAIN REGION	HUMBOLDT-TOIYABE NATIONAL FOREST	MOUNT ROSE AND TAHOE MEADOWS RESTROOM RECONSTRUCTION	This project will address this deferred maintenance at the Mt. Rose and Tahoe Meadows trailheads. Project work includes, but is not limited to, replacement of two vault toilets and repair and reconstruction of the parking area.	NV - WASHOE	2ND NEVADA
R4, INTERMOUNTAIN REGION	HUMBOLDT-TOIYABE NATIONAL FOREST	CAROLYN CREEK TRAIL BRIDGE	This project will address structural concerns, replace the deck, and replace the railing. To improve access and address safety deficiencies, renovation and replacement of the Carolyn Creek trail bridge on the popular Island Lake trail is necessary. Extreme ice flows pushing on the bridge caused significant damage.	NV - ELKO	2ND NEVADA
R4, INTERMOUNTAIN REGION	HUMBOLDT-TOIYABE NATIONAL FOREST	MARTIN CREEK GUARD STATION CABIN RENTAL REPAIRS AND LYE CREEK CAMPGROUND ACCESS IMPROVEMENTS	This project will address significant deferred maintenance items to provide accessibility and improve safety and health conditions at the Martin Creek Guard Station and the Lye Creek Campground. This project will repair the interior, septic system, and gas system at Martin Creek Guard Station. Concrete pads or ramps will be built for accessibility at the Lye Creek campground.	NV - HUMBOLDT, NV - HUMBOLDT	2ND NEVADA
R4, INTERMOUNTAIN REGION	HUMBOLDT-TOIYABE NATIONAL FOREST	BOB SCOTT CAMPGROUND RENOVATION	The project will reconstruct the roadway, campsites, and associated items. To improve the overall visitor experience at the Bob Scott campground this project will renovate the campground that was built in the late 1960s. This campground is heavily used by travelers and recreationists. New double vault toilets will replace old toilets.	NV - LANDER	2ND NEVADA
R4, INTERMOUNTAIN REGION	MANTI-LASAL NATIONAL FOREST	GOOSEBERRY GUARD STATION RENOVATION	This project will renovate the campground that was built in the late 1960s to improve the overall visitor experience at the Bob Scott campground. This campground is heavily used by travelers and recreationists. New double vault toilets will replace old toilets. The project will reconstruct the roadway, campsites, and associated items.	UT - SAN JUAN	2ND UTAH, 3RD UTAH
R4, INTERMOUNTAIN REGION	MANTI-LASAL NATIONAL FOREST	BEARS EARS ACCESS MAINTENANCE	This project will improve public access by renewing the road prism and adding aggregate surfacing.	UT - SAN JUAN	3RD UTAH

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R4, INTERMOUNTAIN REGION	MANTI-LASAL NATIONAL FOREST	FOREST ROAD AND TRAIL SIGNAGE	This project will improve road and trail signage, including inventory, planning, purchasing, and installation of new road and trail signs.	UT - CARBON, UT - EMERY, UT - SAN JUAN, UT - SANPETE	2ND UTAH, 3RD UTAH, 4TH UTAH
R4, INTERMOUNTAIN REGION	PAYETTE NATIONAL FOREST	PADDY FLAT GUARD STATION DEFERRED MAINTENANCE	This project will focus on the abatement of lead-based paint, repair siding and trim, re-chink logs, replace windows, plumbing fixtures and appliances, underground propane lines, and install accessibility features.	ID - VALLEY	1ST IDAHO
R4, INTERMOUNTAIN REGION	PAYETTE NATIONAL FOREST	WEST ZONE CAMPGROUND RECONSTRUCTION	This project will improve visitor services, reduce deferred maintenance, and improve accessibility at campgrounds. These sites need significant work to meet current standards and use. Deficiencies identified during inspections include insufficient clearance to maneuver large vehicles, lack of accessibility, and deteriorating infrastructure.	ID - ADAMS	1ST IDAHO
R4, INTERMOUNTAIN REGION	PAYETTE NATIONAL FOREST	BURGDORF GUARD STATION DEFERRED MAINTENANCE	This project will make improvements on Burgdorf Guard Station renovations that will improve accessibility, visitor safety, and experience. Work includes exterior building and utility repairs, window replacements, and interior building repairs.	ID - IDAHO	1ST IDAHO
R4, INTERMOUNTAIN REGION	PAYETTE NATIONAL FOREST	COUNCIL MOUNTAIN TRAIL REROUTE	This project will reroute the portions of trail and relocate the trailhead improved access.	ID - ADAMS	1ST IDAHO
R4, INTERMOUNTAIN REGION	PAYETTE NATIONAL FOREST	SOUTH FORK SALMON RIVER ROAD PAVEMENT REHABILITATION	This project will improve access and protect critical chinook salmon habitat in the South Fork Salmon River corridor by renewing the paved surface. This will ensure the full lifespan of the existing surfacing.	ID - VALLEY	1ST IDAHO
R4, INTERMOUNTAIN REGION	SALMON-CHALLIS NATIONAL FOREST	CENTRAL IDAHO WILDERNESS COMPLEX TRAILS PRIORITY AREA - TRAIL MAINTENANCE	This project will improve visitor access to trails within the Central Idaho Wilderness Complex. Work will include slope stabilization, cutting out fallen trees, trail tread work, and re-routing trails to better locations.	ID - CUSTER, ID - LEMHI, ID - VALLEY	2ND IDAHO
R4, INTERMOUNTAIN REGION	SALMON-CHALLIS NATIONAL FOREST	TRAIL BRIDGE MAINTENANCE IN FRANK CHURCH-RIVER OF NO RETURN WILDERNESS	This project will replace the running boards, decking, curbing, rub rails, and handrails on wooden bridges crossing the Wild and Scenic Middle Fork of the Salmon River in the Frank-Church River of No Return Wilderness.	ID - CUSTER, ID - VALLEY	1ST IDAHO, 2ND IDAHO
R4, INTERMOUNTAIN REGION	SALMON-CHALLIS NATIONAL FOREST	SEAFOAM ROAD MAINTENANCE	This project will improve visitor access and address environmental concerns by replacing culverts, updating drainage structures, renewing the road prism, and adding aggregate surfacing.	ID - CUSTER	2ND IDAHO

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R4, INTERMOUNTAIN REGION	SALMON-CHALLIS NATIONAL FOREST	CENTRAL IDAHO WILDERNESS COMPLEX PRIORITY AREA TRAILS MAINTENANCE	The project will include fixing the drainage, removing vegetation, replacing signs, redefining the trail tread, and backfilling of trenches within the Central Idaho Complex Priority Area.	ID - CUSTER, ID - LEMHI, ID - VALLEY	1ST IDAHO, 2ND IDAHO
R4, INTERMOUNTAIN REGION	SAWTOOTH NATIONAL FOREST	NORTON COMPLEX TRAILHEAD AND TRAIL BRIDGE RECONSTRUCTION	The project will replace a trail bridge, regrade and re-gravel a parking lot, point a vault toilet, replace trail signs, and perform deferred maintenance to the trails.	ID - BLAINE	2ND IDAHO
R4, INTERMOUNTAIN REGION	SAWTOOTH NATIONAL FOREST	HARRINGTON FORK BRIDGE REPLACEMENT	The project will replace the Harrington Fork Bridge so the Harrington Fork Picnic Area and trailhead can officially open.	ID - CASSIA	2ND IDAHO
R4, INTERMOUNTAIN REGION	SAWTOOTH NATIONAL FOREST	BIG SMOKEY GUARD STATION ROOF REPLACEMENTS	The project will replace roofs on various buildings in the Big Smokey Work Center. The work center provides affordable housing within the forest for seasonal employees as well as a station for our fire employees.	ID - CAMAS	1ST IDAHO, 2ND IDAHO
R4, INTERMOUNTAIN REGION	SAWTOOTH NATIONAL FOREST	REDFISH LAKE ROAD IMPROVEMENTS, PHASE THREE	This project implements road, parking lot and trail reconstruction to improve overall user safety and address infrastructure deficiencies. The project will reconstruct the remainder of Redfish Lake Road between State Highway 75 and the North Shore area of Redfish Lake to match the new roadway template and to meet current design standards. The project will also reconstruct the adjacent parking lots.	ID - CUSTER	2ND IDAHO
R4, INTERMOUNTAIN REGION	UINTA-WASATCH-CACHE NATIONAL FOREST	BLACKHAWK CAMPGROUND RECONSTRUCTION	This project will reconstruct family and group sites, restrooms, water and wastewater systems, signs, trail and roads on the Blackhawk campground. After the site was destroyed by fire, the corridor has become overrun by dispersed camping and reconstruction will restore the Scenic Byway.	UT - UTAH	3RD UTAH
R4, INTERMOUNTAIN REGION	UINTA-WASATCH-CACHE NATIONAL FOREST	EMERALD LAKE SHELTER PRESERVATION	This project is improving visitor access by addressing trail deferred maintenance and shelter repairs along the trail.	UT - UTAH	3RD UTAH
R4, INTERMOUNTAIN REGION	UINTA-WASATCH-CACHE NATIONAL FOREST	HISTORIC GUINAVAH-MALIBU CIVILIAN CONSERVATION CORPS CAMPGROUND AND AMPHITHEATER RECONSTRUCTION	This project will address outstanding site maintenance with work that includes repairs to the amphitheater's original stonework and seat, with additional reconstruction on restrooms, roads, trails, and interpretative signage on the Guinavah-Malibu Campground.	UT - CACHE	1ST UTAH

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R5, PACIFIC SOUTHWEST REGION	ANGELES NATIONAL FOREST	WEST FORK SAN GABRIEL ACCESSIBLE FISHING OPPORTUNITIES	This project addresses the deferred maintenance with work that includes accessible fishing platforms, road maintenance, parking area striping and signage. The Westfork Bike Trail on the Angeles National Forest has outstanding maintenance needs.	CA - LOS ANGELES	26TH CALIFORNIA, 27TH CALIFORNIA, 33RD CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	ANGELES NATIONAL FOREST	SPUNKY, SAWMILL AND BEAR CAMPGROUND RENOVATIONS	The project will renovate the Sawmill and Bear campgrounds. Improvements at the Sawmill Campground will better define the site, install a barrier system and pave the campground loops and spurs, and include installation of food lockers. Improvements at Bear Campground will relocate campground amenities to a more suitable location.	CA - LOS ANGELES	20TH CALIFORNIA, 22ND CALIFORNIA, 25TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	ANGELES NATIONAL FOREST	BIG TUJUNGA WATER SYSTEM REPAIR	The project will repair exterior surfaces of the cylindrical tanks, install a liner to improve water quality, improve safety concerns by adding exterior access ladder for operators to troubleshoot the cylindrical concrete tanks and the reconfiguration of water valves.	CA - LOS ANGELES	26TH CALIFORNIA, 28TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	ANGELES NATIONAL FOREST	FIRE STATION CONSOLIDATION AND DEMOLITION OF GREEN VALLEY AND SAN FRANCISQUITO STATIONS	This project will reduce facility maintenance backlog by removing facilities no longer needed or abandoned and restoring sites to natural conditions. Efforts will be made to provide demonstration landscaping for defensible space, aesthetics, and drought-tolerant landscape.	CA - LOS ANGELES	20TH CALIFORNIA, 22ND CALIFORNIA, 25TH CALIFORNIA, 26TH CALIFORNIA, 27TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	ANGELES NATIONAL FOREST	CRYSTAL LAKE RECREATION AREA AND COLDBROOK CAMPGROUND SITE IMPROVEMENTS	This project will improve Deer Flat Group Campground and Coldbrook Campground. Renovation of the amphitheater and improved signage and public information will enhance the visitor experience. Pavement and road stabilization is needed for the Crystal Lake Recreation Area road network.	CA - LOS ANGELES	26TH CALIFORNIA, 27TH CALIFORNIA, 33RD CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	ELDORADO NATIONAL FOREST	PLACERVILLE NURSERY EXPANSION WITH RENEWABLE ENERGY	The project will expand container growing capacity since the Placerville Nursery is near or at capacity for container orders. Work includes constructing new greenhouses with heating, cooling, irrigation, and lighting system, complete shade structure, plumbing including fertilizer injectors. It will also include installing solar panels, repairing existing facilities, and developing feasible water recycling system to reuse some of the irrigation runoff from the nursery.	CA - EL DORADO	4TH CALIFORNIA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R5, PACIFIC SOUTHWEST REGION	ELDORADO NATIONAL FOREST	HIGHWAY 88 TRAILHEAD IMPROVEMENTS AND TRAIL MAINTENANCE	This project addresses capacity challenges at very popular trailheads and includes trail maintenance and trailhead improvements to the parking area, signage and restrooms. Additional project work will include parking lot and road access improvements to the trailhead.	CA - ALPINE, CA - AMADOR, CA - EL DORADO	3RD CALIFORNIA, 4TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	INYO NATIONAL FOREST	DAY USE SITES SAFETY AND ACCESSIBILITY IMPROVEMENTS	This project will fix major safety and accessibility deficiencies at heavily used day use sites on the Inyo National Forest. Accessibility, safety, pedestrian flow, and site layout will all be analyzed and updated. This project complements a Federal Lands Access Program project with the Federal Highway Administration to address pavement at one site, so this project will improve the rest of the area for a holistic renovation to aging day use sites.	CA - MADERA, CA - MONO	25TH CALIFORNIA, 8TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	LAKE TAHOE BASIN MGT UNIT	BAYVIEW PARKING LOT UPGRADES	This project will upgrade the vehicular circulation and parking lot at the Bayview recreation site. The existing vehicle circulation and parking lot is antiquated and does not meet the needs of this busy trailhead. The new parking lot will accommodate more vehicles, and provide public access to desolation wilderness, inspiration point, and Cathedral Fall Trailhead.	CA - EL DORADO, CA - ELDORADO	4TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	LASSEN NATIONAL FOREST	RECREATION DEFERRED MAINTENANCE	This project will improve the visitor experience and enhance visitor safety by replacing or installing double bear bins, fee tubes, visitor information signs, campground gates, fire rings and picnic tables across the Lassen National Forest.	CA - BUTTE, CA - LASSEN, CA - PLUMAS, CA - SHASTA, CA - TEHAMA	1ST CALIFORNIA, 2ND CALIFORNIA, 4TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	MENDOCINO NATIONAL FOREST	CRITICAL FOREST-WIDE ROOF REPLACEMENT	This project will remove and replace roofing on buildings across the forest. The roofs show visible signs of leaking, and deterioration.	CA - BUTTE, CA - LAKE, CA - MENDOCINO, CA - TEHAMA	1ST CALIFORNIA, 2ND CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	MODOC NATIONAL FOREST	BLUE LAKE RECREATION IMPROVEMENTS	This project involves reconditioning and resurfacing of Forest Service roads, boat launch, day use area, and the accessible National Recreation Trail around Blue Lake. It also includes replacement of the boat dock and repairs to the fishing platforms.	CA - LASSEN, CA - MODOC, CA-MODOC	4TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	PLUMAS NATIONAL FOREST	FIRE DETECTION AND REC LOOKOUT DEFERRED MAINTENANCE UPGRADES	The project will decommission and replace lookout pit toilets with new vaults. It will also include a new roof, paint and interior cabinets at several lookout points on the Plumas National Forest. Additionally, these upgrades will include new stairs, roofing, windows and siding. All of these repairs have long term future value as fire lookouts can be transferred into recreation rental opportunities if decisions are made not to continue staffing.	CA - LASSEN, CA - PLUMAS, CA - SIERRA	1ST CALIFORNIA, 2ND CALIFORNIA, 4TH CALIFORNIA

<u>Region</u>	<u>Forest or Station</u>	<u>Project Name</u>	<u>Project Summary</u>	<u>State - County</u>	<u>Congressional District</u>
R5, PACIFIC SOUTHWEST REGION	SAN BERNARDINO NATIONAL FOREST	LYTLE CREEK RECREATION CORRIDOR IMPROVEMENTS	This project will reduce traffic hazards and riparian area damage and provide for convenient restrooms and improved parking areas that will improve the flow of traffic. Work will also include construction of purpose-built trails. Lytle Creek is a major recreation corridor for people from the valley and the creek is heavily visited. Most parking areas and trails to the creek are user made and cause traffic congestion the narrow canyon road.	CA - SAN BERNARDINO	8TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	SAN BERNARDINO NATIONAL FOREST	FOREST-WIDE RECREATION SITES WATER SYSTEM IMPROVEMENTS AND REPAIRS	This project includes removal and replacement of multiple old valves and other equipment on multiple recreation water systems and bringing them up to an acceptable level of infrastructure for current public health guidelines and best practices.	CA - RIVERSIDE, CA - SAN BERNARDINO	26TH CALIFORNIA, 35TH CALIFORNIA, 41ST CALIFORNIA, 45TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	SAN BERNARDINO NATIONAL FOREST	IMPROVING AND REPLACING AGED INTERPRETIVE MATERIAL AT THE BIG BEAR DISCOVERY CENTER	This project will reduce site deferred maintenance with work that includes replacement of dated interpretive materials at the Big Bear Discovery Center on the San Bernardino National Forest.	CA - SAN BERNARDINO	41ST CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	SIERRA NATIONAL FOREST	FOREST-WIDE BRIDGES REPAIR PROJECT	This project provides preventive maintenance to road bridges and will help to mitigate deterioration of bridge components.	CA - FRESNO, CA - MADERA, CA - MARIPOSA	4TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	SIERRA NATIONAL FOREST	SIERRA VISTA SCENIC BYWAY REHABILITATION PROJECT	This project includes chip seal for paved roads and campgrounds, base rock for gravel roads, and replacement of regulatory, warning, road destination and recreation site identification signs. The Scenic Byway roads, campgrounds and vista points are in poor condition.	CA - MADERA	4TH CALIFORNIA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R5, PACIFIC SOUTHWEST REGION	STANISLAUS NATIONAL FOREST	ACCESSIBLE UPGRADE - TOILET REPLACEMENT - HIGH SIERRA FORESTS	This project addresses the need to correct legal non-compliance challenges and provide recreation facilities which are universally accessible and meet Accessibility Guidelines. Old wooden vault toilets will be replaced by units that have low maintenance and meet accessibility requirements.	CA - ALPINE, CA - ALPINE, TUOLUMNE, CA - CALAVERAS, CA - FRESNO, CA - INYO, CA - MADERA, CA - MARIPOSA, CA - MONO, CA - TULARE, CA - TUOLUMNE	19TH CALIFORNIA, 21ST CALIFORNIA, 23RD CALIFORNIA, 25TH CALIFORNIA, 3RD CALIFORNIA, 4TH CALIFORNIA, 8TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	STANISLAUS NATIONAL FOREST	SOUTHERN SIERRA ZONE PAVEMENT STRIPING AND SAFETY MAINTENANCE	This project will improve pavement markings and install regulatory, warning, road destination and recreation site identification signs. The Southern Sierra Zone has over 500 miles of paved roads many of which lack consistent pavement markings.	CA - CALAVERAS, CA - FRESNO, CA - MADERA, CA - TUOLUMNE	19TH CALIFORNIA, 4TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	STANISLAUS NATIONAL FOREST	SOUTHERN SIERRA ZONE RECREATION FACILITY IMPROVEMENTS	This project will improve the quality and diversity of sustainable recreational opportunities at recreation sites across three forests in the Southern Sierra Zone. It includes repairs and upgrades to potable water sources and distribution systems as well as roofing, painting, plumbing, and camp site amenity and access improvements. On the Inyo, Sequoia, and Stanislaus National Forests, many recreation facilities have urgent health and safety maintenance needs.	CA - ALPINE, CA - CALAVERAS, CA - INYO, CA - KERN, CA - MARIPOSA, CA - TULARE, CA - TUOLUMNE	19TH CALIFORNIA, 21ST CALIFORNIA, 22ND CALIFORNIA, 25TH CALIFORNIA, 3RD CALIFORNIA, 4TH CALIFORNIA
R5, PACIFIC SOUTHWEST REGION	STANISLAUS NATIONAL FOREST	HIGH SIERRA WILDERNESS TRAILS RECONSTRUCTION - SOUTHERN SIERRA ZONE	This project includes completing general maintenance trail work in the wilderness areas of the Sierra, Inyo, Stanislaus, and Sequoia National Forests. Funding also covers a term archeologist and heritage contract to complete survey work within each wilderness area.	CA - ALPINE, CA - CALAVERAS, CA - FRESNO, CA - INYO, CA - MADERA, CA - MONO, CA - TULARE, CA - TUOLUMNE	19TH CALIFORNIA, 21ST CALIFORNIA, 25TH CALIFORNIA, 3RD CALIFORNIA, 4TH CALIFORNIA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R5, PACIFIC SOUTHWEST REGION	TAHOE NATIONAL FOREST	TAHOE PUBLIC SERVICE CENTER MODERNIZATION	This project will consolidate leased administrative offices within 30 miles to reduce annual lease costs. The project will result in a Forest Service-owned building that meets the needs of the Supervisor's Office and District within the current community center in Nevada City, California.	CA - NEVADA, CA - SIERRA, YUBA	2ND CALIFORNIA, 4TH CALIFORNIA
R6, PACIFIC NORTHWEST REGION	COLUMBIA RIVER GORGE NATIONAL SCENIC AREA	ROAD 1400 EAST FORK WOODARD CREEK BRIDGE AQUATIC ORGANISM PASSAGE	This project involves replacement of a culvert with a bridge. The bridge will provide for aquatic organism passage and restoration of the natural stream channel to improve access to over a mile of upstream fish habitat.	WA - SKAMANIA	3RD WASHINGTON
R6, PACIFIC NORTHWEST REGION	COLUMBIA RIVER GORGE NATIONAL SCENIC AREA	HISTORIC MULTNOMAH FALLS LODGE, CRITICAL ACCESSIBILITY, UTILITY, AND SECURITY SYSTEM UPGRADES	This project involves critical upgrades to lodge utilities including water, wastewater, electrical, and HVAC systems, security improvements, and renovation of the visitor center, restrooms, and garbage enclosure area. Multnomah Falls Lodge is the most popular recreation site in the Pacific Northwest.	OR - MULTNOMAH	3RD OREGON
R6, PACIFIC NORTHWEST REGION	COLUMBIA RIVER GORGE NATIONAL SCENIC AREA	DOG MOUNTAIN TRAILHEAD RELOCATION	The project will relocate the trailhead to address congestion and safety concerns at popular recreation site on State Route 14 in Skamania County, Washington.	WA - SKAMANIA	3RD WASHINGTON, 4TH WASHINGTON
R6, PACIFIC NORTHWEST REGION	COLVILLE NATIONAL FOREST	INTERNATIONAL SELKIRK LOOP TRAIL RESTORATION	This project consists of trail restoration, minor reroutes, culvert replacement, and puncheon, turnpike, and trail bridge reconstruction on trails on the forest. Work will primarily take place along the International Selkirk Loop.	WA - PEND OREILLE, WA - STEVENS	5TH WASHINGTON
R6, PACIFIC NORTHWEST REGION	COLVILLE NATIONAL FOREST	INTERNATIONAL SELKIRK LOOP RECREATION AREA ACCESSIBILITY AND AMENITY IMPROVEMENTS PHASE ONE	This project bundles multiple recreation and visitor services needs including site rehabilitation, improved site accessibility, dock replacement, toilet refurbishment, etc. Specific project work includes replacement of picnic shelters, amenity improvements to lookout and cabin, water system design and replacements, recreation site road and access road rehabilitation, and realignment of the recreation and administrative sites to meet public demand.	WA - PEND OREILLE, WA - STEVENS	5TH WASHINGTON

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R6, PACIFIC NORTHWEST REGION	DESCHUTES NATIONAL FOREST	FOREST-WIDE TRAIL BRIDGE RECONSTRUCTION	This project will replace multiple trail bridges on the forest. The Deschutes National Forest is known for outstanding recreational opportunities, and its trails system is one of the primary attractions. This project will replace failed or failing trail bridges that provide critical infrastructure and trail connectivity for some of the most popular forest trails.	OR - DESCHUTES, OR - JEFFERSON, OR - KLAMATH	2ND OREGON
R6, PACIFIC NORTHWEST REGION	FREMONT-WINEMA NATIONAL FORESTS	OREGON TIMBER TRAIL ACCESS IMPROVEMENTS RECREATION	This project will improve parking surfaces at trailheads, reconstruct the access path between the parking areas and trail, reestablish a section of the trail destroyed by the Brattain Fire, and replace trail signage and reassurance markers lost because of the fire.	OR - LAKE	2ND OREGON
R6, PACIFIC NORTHWEST REGION	GIFFORD PINCHOT NATIONAL FOREST	GIFFORD PINCHOT TRAIL BRIDGE REPLACEMENTS	The purpose of this project is to replace multiple trail bridges across the forest. Replacing these trail bridges will greatly reduce resource impacts and improve the visitor experience.	WA - LEWIS, WA - SKAMANIA	3RD WASHINGTON
R6, PACIFIC NORTHWEST REGION	GIFFORD PINCHOT NATIONAL FOREST	CRITICAL UPGRADES TO JOHNSTON RIDGE OBSERVATORY, MOUNT SAINT HELENS NATIONAL VOLCANIC MONUMENT	This project addresses outstanding maintenance needs with work that includes fire system repairs, energy conservation upgrades and repairs to the theater. This project will improve the visitor experience while reducing deferred maintenance and restoring the visitor center for the mission of educating the public.	WA - SKAMANIA	3RD WASHINGTON
R6, PACIFIC NORTHWEST REGION	GIFFORD PINCHOT NATIONAL FOREST	HIGH PRIORITY SAFETY AND RECREATION ACCESS IMPROVEMENTS	This project will repair road failures. The majority of issues are subgrade failures. This project will improve visitor access, visitor experience and improve critical health and safety issues.	WA - LEWIS, WA - SKAMANIA	3RD WASHINGTON
R6, PACIFIC NORTHWEST REGION	MT BAKER-SNOQUALMIE NATIONAL FOREST	HEATHER MEADOWS TRAILS AND RECREATION SITE DEFERRED MAINTENANCE AND DAM REHABILITATION	This project will complete deferred maintenance and reconstruction on hiking trails and make improvements to provide universal access at interpretive sites, picnic areas, and viewpoints. Bagley Dam will be decommissioned, and the stream channel restored to natural conditions; a trail bridge will be constructed to maintain trail connectivity.	WA - WHATCOM	1ST WASHINGTON, 2ND WASHINGTON
R6, PACIFIC NORTHWEST REGION	MT BAKER-SNOQUALMIE NATIONAL FOREST	PACIFIC CREST TRAIL ACCESS ROADS, BRIDGES, AND TRAILS DEFERRED MAINTENANCE	The project will complete maintenance on multiple roads. The project includes relocation of the Milk Creek Trail and replacement of the Milk Creek Trail bridge, which will restore access to the Pacific Crest Trail. Trail rehabilitation will also be completed in the Downey Creek fire area.	WA - SKAGIT, WA - SNOHOMISH	1ST WASHINGTON, 2ND WASHINGTON, 8TH WASHINGTON

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R6, PACIFIC NORTHWEST REGION	MT BAKER-SNOQUALMIE NATIONAL FOREST	MOUNTAIN LOOP HIGHWAY ROAD, TRAIL, AND BRIDGES DEFERRED MAINTENANCE	This multi-year landscape enhancement project addresses critical road and bridge repair and replacements to support scheduled timber sales, completion of deferred trail maintenance, trail reconstruction and trail bridge repairs, as well as a trailhead expansion at Heather Lake Trailhead. The project includes improvements to Aquatic Organism Passages.	WA - SNOHOMISH	1ST WASHINGTON, 2ND WASHINGTON
R6, PACIFIC NORTHWEST REGION	MT BAKER-SNOQUALMIE NATIONAL FOREST	MOUNTAIN LOOP HIGHWAY CORRIDOR ENHANCEMENT: BRIDGES, PICNIC SITES, TRAILHEADS, AND TRAILS	This project will enhance and repair recreation infrastructure on the Mountain Loop Scenic Byway, a National Forest Foundation Treasured Landscape. It will replace a failed bridge and elevated boardwalk, decommission several defunct outhouses and replace them with vault toilets at trailheads.	WA - SNOHOMISH	1ST WASHINGTON, 2ND WASHINGTON
R6, PACIFIC NORTHWEST REGION	MT BAKER-SNOQUALMIE NATIONAL FOREST	BRIDGE REPAIRS AND PRESERVATION	This project will correct bridge safety issues by replacing damaged approach rails and rotting deck boards, paving gravel surface bridges to preserve weathering steel superstructures, and paving bridge approaches to reduce future damage.	WA - KING, WA - KITTITAS, WA - SKAGIT, WA - SNOHOMISH, WA - WHATCOM	1ST WASHINGTON, 2ND WASHINGTON, 8TH WASHINGTON
R6, PACIFIC NORTHWEST REGION	MT HOOD NATIONAL FOREST	CRITICAL BOILER SYSTEM UPGRADES AT HISTORIC TIMBERLINE LODGE	This project will renovate the lodge boiler system that requires critical upgrades to maintain heating capability for both the Main and Day Lodge, which serves mountain skiing venues. Boiler and heating distribution system replacement and upgrade of the underground fuel tanks that serve the boiler system will ensure continued capability to heat the Lodge complex year-round. The Timberline Lodge is a National Historic Landmark and is one of Oregon's most popular tourist destinations, with nearly two million visitors per year.	OR - CLACKAMAS	3RD OREGON
R6, PACIFIC NORTHWEST REGION	OCHOCO NATIONAL FOREST	FOREST-WIDE CATTLE GUARD MAINTENANCE AND RECONSTRUCTION	This project will repair and reconstruct cattle guards that do not meet Highway Safety Act standards. It will also provide for safe passage of vehicles over cattle guards that no longer meet the loading requirements and will keep livestock within designated areas for range management.	OR - CROOK, OR - GRANT, OR - WHEELER	2ND OREGON
R6, PACIFIC NORTHWEST REGION	OCHOCO NATIONAL FOREST	PAVEMENT REHABILITATION FOR RECREATION AND TIMBER USE	This project improves visitor access by doing road surface pavement repairs. Work includes grinding old asphalt to be reused, establishing a cement treated base and adding new pavement and striping.	OR - CROOK, OR - WHEELER	2ND OREGON

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R6, PACIFIC NORTHWEST REGION	OKANOGAN-WENATCHEE NATIONAL FORESTS	STEVEN'S PASS NATIONAL HISTORIC BYWAY: ICICLE RIVER RECREATION CORRIDOR IMPROVEMENTS	This project removes sites from the riparian zone, replaces flush toilets with vault toilets, removes the old wastewater treatment system, installs potable water supply system, and mitigate of hazard trees. Work also includes trail and road maintenance within this recreation corridor.	WA - CHELAN	8TH WASHINGTON, 4TH WASHINGTON
R6, PACIFIC NORTHWEST REGION	OKANOGAN-WENATCHEE NATIONAL FORESTS	AQUATIC ORGANISM PASSAGE DESIGN AND CONSTRUCTION	This project entails design and construction of multiple structures that will replace existing culverts on several creeks within the Mission Restoration Project area to provide for aquatic organism passage for listed species and prevent resource and property damage.	WA - OKANOGAN	5TH WASHINGTON
R6, PACIFIC NORTHWEST REGION	R6, PACIFIC NORTHWEST REGION	ROGUE-UMPQUA SCENIC BYWAY: DIAMOND LAKE COMPOSITE-DELLENBACK TRAIL DEFERRED MAINTENANCE	This project will repair the paved trail around Diamond Lake and Diamond Lake Resort. The trail is extensively used by tourists as part of longer trips to Crater Lake National Park. In addition, the project will replace a steel trail bridge on the North Umpqua Trail, as well as the Lemolo Falls, Deception and Medicine Creek Bridges. Trail maintenance will be completed on the North Umpqua Trail, Pacific Crest Trail, and wilderness trails along the North Umpqua Scenic Byway.	OR - DOUGLAS	4TH OREGON
R6, PACIFIC NORTHWEST REGION	R6, PACIFIC NORTHWEST REGION	HIGH PRIORITY RECREATION SITE DEFERRED MAINTENANCE	This project will address routine and deferred maintenance deficiencies within our most important developed recreation sites and settings. Project work includes, but is not limited to, sign and kiosk repair, accessibility improvements, painting, picnic table and fire ring installation. Deferred maintenance activities will be prioritized within recreation areas and corridors that increase the impact of investments and model shared stewardship.	OR - BAKER, OR - CROOK, OR - DESCHUTES, OR - GRANT, OR - JEFFERSON, OR - KLAMATH, OR - LAKE, OR - LANE, OR - LINCOLN, OR - LINN, OR - MARION, OR - MULTNOMAH, OR - WALLOWA, WA - COLUMBIA, WA - GRAYS HARBOR, WA - LEWIS, WA - PEND OREILLE, WA - STEVENS, WA - YAKIMA	2ND OREGON, 3RD OREGON, 3RD WASHINGTON, 4TH OREGON, 4TH WASHINGTON, 5TH OREGON, 5TH WASHINGTON, 6TH WASHINGTON

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R6, PACIFIC NORTHWEST REGION	R6, PACIFIC NORTHWEST REGION	DEFERRED MAINTENANCE ON 1500 MILES OF PRIORITY TRAILS IN THE PACIFIC NORTHWEST	This project reduces trail deferred maintenance with work that includes installation and repair of trail structures and signage and reconstruction of tread. There is a significant backlog of maintenance across the trails in the Pacific Northwest Region.	ID - ADAMS, OR - BAKER, OR - UNION, OR - WALLOWA, WA - CHELAN, WA - OKANOGAN, WA - WHATCOM	1ST IDAHO, 1ST WASHINGTON, 2ND OREGON, 4TH WASHINGTON, 5TH WASHINGTON, 8TH WASHINGTON
R6, PACIFIC NORTHWEST REGION	ROGUE RIVER-SISKIYOU NATIONAL FOREST	QUOSATANA CAMPGROUND SEPTIC REPLACEMENTS	This project seeks to replace subsurface septic systems serving the comfort stations and recreation vehicle dump within the campground.	OR - CURRY	4TH OREGON
R6, PACIFIC NORTHWEST REGION	SIUSLAW NATIONAL FOREST	VISITOR CENTER AND ROOF REPLACEMENTS	This project involves replacement of roof and gutter systems on several buildings throughout the forest, and includes minor carpentry to replace rotten decking, fascia, etc. as needed.	OR - DOUGLAS, OR - LANE, OR - LINCOLN, OR - TILLAMOOK	4TH OREGON, 5TH OREGON
R6, PACIFIC NORTHWEST REGION	UMATILLA NATIONAL FOREST	BLUE MOUNTAIN SCENIC BYWAY CHIP SEAL (63.6 MILES)	This project will repair roads that are part of the Blue Mountain Scenic Byway and the Tucannon recreation corridor.	OR - GRANT, OR - MORROW, OR - UMATILLA	2ND OREGON
R6, PACIFIC NORTHWEST REGION	UMPQUA NATIONAL FOREST	SOUTH UMPQUA TRANSPORTATION REMEDIATION AND WATERSHED IMPROVEMENT TO AID IN CRITICAL ACCESS AND AQUATIC ORGANISM PASSAGE	This project will replace critical infrastructure to provide access for recreation visitors and natural resource management across the forest. These routes provide the only road access to cultural sites for tribes and the general public. This project will eliminate deferred maintenance and improve access and safety on roads that will likely soon need to be closed if not repaired.	OR - DOUGLAS	4TH OREGON
R6, PACIFIC NORTHWEST REGION	WALLOWA WHITMAN NATIONAL FOREST	SCENIC BYWAY ROAD PAVEMENT MAINTENANCE AND CHIP SEAL	This project entails patch and chip sealing major paved roads on the forest. These roads impact Baker City, Granite and La Grande, and are known as the Elkhorn Scenic Byway.	OR - BAKER, OR - GRANT, OR - UNION	2ND OREGON
R6, PACIFIC NORTHWEST REGION	WALLOWA WHITMAN NATIONAL FOREST	LITTLE FLY CULVERT AQUATIC ORGANISM PASSAGE	The project entails priority aquatic organism passage culvert replacements on the forest.	OR - UNION	2ND OREGON
R6, PACIFIC NORTHWEST REGION	WILLAMETTE NATIONAL FOREST	SALT CREEK FALLS DAY USE SITE RESTORATION	The project will replace several thousand feet of wood and rock raiiling that is severe disrepair, replace a trail bridge, replace an existing toilet, and decommission a water system.	OR - KLAMATH, OR - LANE	4TH OREGON

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R6, PACIFIC NORTHWEST REGION	WILLAMETTE NATIONAL FOREST	TRAIL BRIDGE REPLACEMENT PROJECT	This project involves the replacement of several bridges along high-use, high-priority trails that have either failed or are nearing failure. The bridges provide critical linkages and resource protection along popular trails.	OR - JEFFERSON, OR - LANE, OR - LINN, OR - MARION	4TH OREGON, 5TH OREGON
R6, PACIFIC NORTHWEST REGION	WILLAMETTE NATIONAL FOREST	AUFDERHEIDE WEST CASCADE NATIONAL SCENIC BYWAY ROAD REPAIR AND FISH PASSAGE	This project will subgrade repairs and resurfacing on Aufderheide Road. Delta Campground was burned over in the Holiday Farm fire and the road to the Campground will be decommissioned.	OR - LANE	4TH OREGON
R6, PACIFIC NORTHWEST REGION	WILLAMETTE NATIONAL FOREST	TOILET REPLACEMENT AND COMPOSTING TOILET CONVERSION PROJECT	This project will convert existing outdated bathrooms that no longer function to vault toilets in multiple campgrounds and day use areas.	OR - DESCHUTES, OR - LANE, OR - LINN	4TH OREGON
R8, SOUTHERN REGION	CHEROKEE NATIONAL FOREST	SINK MOUNTAIN BOAT LAUNCH RECONSTRUCTION	This project will decommission portions of Sink Mountain Road and the existing boat launch, then construct a new boat launch in a more sustainable location. Sink Mountain Boat Launch is the only public access to Watauga Lake in Johnson County, TN.	TN - HICKMAN, TN - JOHNSON	1ST TENNESSEE
R8, SOUTHERN REGION	CHEROKEE NATIONAL FOREST	FOREST HISTORIC CIVILIAN CONSERVATION CORPS STRUCTURES AND SITE REHABILITATION	This project will focus on recreation sites and landscapes associated with Civilian Conservation Corps-built picnic shelters and arbors. The focus is on restoring these recreation sites to their original design, aesthetic, and intent while meeting modern recreation program needs. Restoration of the historic landscape character and integrity of these recreation sites and landscape features will enhance the historic integrity of the structures.	TN - CARTER, TN - GREENE, TN - JOHNSON, TN - MONROE, TN - POLK, TN - UNICOI	1ST TENNESSEE, 3RD TENNESSEE
R8, SOUTHERN REGION	CHEROKEE NATIONAL FOREST	TELLICO CORRIDOR AND ROAD IMPROVEMENTS	This project rehabilitates heavily used streambanks, improves day use and overnight experiences, and maintains access along trophy trout-fishing streams. Deferred maintenance will be eliminated at campgrounds, picnic areas, and day use areas along the Tellico River.	TN - MONROE	2ND TENNESSEE, 3RD TENNESSEE
R8, SOUTHERN REGION	CHEROKEE NATIONAL FOREST	OCOEE RIVER CORRIDOR FACILITIES AND ACCESS IMPROVEMENTS	The project improves conditions at recreation sites, trailheads, and scenic overlooks, and improves water access to Ocoee River and Parksville Lake. Work includes upgrades to the water and wastewater systems, upgrades to electrical systems, and repairs to accessibility improvements. Repairs on Oswald Dome Road are also included.	TN - POLK	10TH GEORGIA, 3RD TENNESSEE
R8, SOUTHERN REGION	FRANCIS MARION-SUMTER NATIONAL FORESTS	PALMETTO TRAIL ENOREE PASSAGE REHABILITATION	This project will replace boardwalk with more sustainable structures along the Enoree Passage. The Enoree Passage of the mountains to the sea Palmetto Trail is maintained through an agreement with the Palmetto Conservation Corps. Despite the strong partnership, there are several structures that need replaced to make the facility sustainable.	SC - LAURENS, SC - NEWBERRY, SC - UNION	5TH SOUTH CAROLINA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R8, SOUTHERN REGION	GEORGE WASHINGTON AND JEFFERSON NATIONAL FORESTS	SHERANDO RECREATION AREA REHABILITATION	This project will repave the main access road, rehabilitate restroom facilities, repair Civilian Conservation Corps era facilities, and repair waterlines.	VA - AUGUSTA	6TH VIRGINIA
R8, SOUTHERN REGION	GEORGE WASHINGTON AND JEFFERSON NATIONAL FORESTS	COMERS CREEK APPALACHIAN TRAIL BRIDGE REPLACEMENT	This project will replace the Comers Creek Appalachian Trail bridge with an appropriate design meeting Forest Service standard.	VA - AMHERST, VA - AUGUSTA, VA - BEDFORD, VA - BLAND, VA - BOTETOURT, VA - GILES, VA - GRAYSON, VA - NELSON, VA - ROANOKE, VA - ROCKBRIDGE, VA - SMYTH, VA - WASHINGTON, VA - WYTHE	5TH VIRGINIA, 6TH VIRGINIA, 9TH VIRGINIA
R8, SOUTHERN REGION	GEORGE WASHINGTON AND JEFFERSON NATIONAL FORESTS	VIRGINIA WATERFALL TRAILS RECONSTRUCTION AND REALIGNMENT	This project will address needed repairs on multiple popular trails. Facilities to be addressed include trail bridges, handrails, stairs, safety and educational signing, barriers and fencing, decommissioning, trail restoration, boardwalk, parking lot repairs, and overlook reconstruction.	VA - BOTETOURT, VA - GILES, VA - NELSON, VA - SCOTT	5TH VIRGINIA, 6TH VIRGINIA, 9TH VIRGINIA
R8, SOUTHERN REGION	GEORGE WASHINGTON AND JEFFERSON NATIONAL FORESTS	ROARING RUN ROAD BRIDGE SUPERSTRUCTURE REPLACEMENT	This project will replace the rotting nail laminated timber superstructure and deck with an appropriate designed structure.	VA - BOTETOURT	6TH VIRGINIA
R8, SOUTHERN REGION	NATIONAL FORESTS IN ALABAMA	COLEMAN LAKE RENOVATION	This project includes the drilling of an engineered commercial well that will provide domestic water to the Coleman Lake Campground. This project also includes removing and disposing of the existing asphalt composition roofs on the Coleman Lake Campground Bath Houses and installs new standard seam metal roofing systems on the bath houses.	AL - CLEBURNE	3RD ALABAMA
R8, SOUTHERN REGION	NATIONAL FORESTS IN ALABAMA	LEE CREEK BRIDGE	This project consists of replacing the existing crossing with a single deck slab with 30-foot spans.	AL - LAWRENCE	4TH ALABAMA
R8, SOUTHERN REGION	NATIONAL FORESTS IN ALABAMA	LAKE CHINNABEE RECREATION AREA	This project will relocate the double vault concrete toilet and reposition the fee tube.	AL - CLAY	3RD ALABAMA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R8, SOUTHERN REGION	NATIONAL FORESTS IN ALABAMA	BARTRAM TRAIL BRIDGE REPAIR	The project replaces the existing deficient trail bridge on the Bartram National Recreation Trail.	AL - MACON	3RD ALABAMA
R8, SOUTHERN REGION	NATIONAL FORESTS IN FLORIDA	JUNIPER SPRINGS AND ALEXANDER SPRINGS BOARDWALK REPLACEMENT	This project will replace dilapidated boardwalks at Juniper Springs and Alexander Springs recreation areas.	FL - LAKE, FL - MARION	3RD FLORIDA
R8, SOUTHERN REGION	NATIONAL FORESTS IN FLORIDA	NEW OSCEOLA OFFICE SITE	The project will renovate buildings, which contain asbestos and extensive mold and improve the roof and ventilation systems that are beyond their useful life. The administrative offices and work center complex need to be replaced to provide a safe and efficient workplace for employees and lower lifecycle building maintenance costs. The new administrative office and associated buildings will be located on a new site.	FL - BAKER	2ND FLORIDA, 4TH FLORIDA, 5TH FLORIDA, 6TH FLORIDA
R8, SOUTHERN REGION	NATIONAL FORESTS IN MISSISSIPPI	TURKEY FORK RECREATION AREA BOAT LAUNCH RESURFACING	The project will repave the parking lot at a popular recreation area. Turkey Fork Recreation Area is one of the most popular campgrounds in South Mississippi. Located on a 240-acre lake, it provides opportunities for camping, boating, hiking and swimming. The heavily used boat ramp parking lot was last paved in the 1990's and is severely cracked, breaking off at the edges, and needs to be replaced.	MS - GREENE	4TH MISSISSIPPI
R8, SOUTHERN REGION	NATIONAL FORESTS IN NORTH CAROLINA	CRADLE OF FORESTRY IN AMERICA NATIONAL HISTORIC AREA MAJOR REHABILITATION	This project will restore chimneys at historic buildings; rebuild historic sawmill; interpretive masterplan and exhibit improvements; trail resurfacing; finish amphitheater wings; heating and air conditioning upgrades and pond enhancement.	NC - TRANSYLVANIA	11TH NORTH CAROLINA
R8, SOUTHERN REGION	NATIONAL FORESTS IN NORTH CAROLINA	ROAN MOUNTAIN WELL AND WATER SYSTEM RELOCATION AND SITE RECONSTRUCTION	This project will drill a new well and replace water distribution system and reservoir in new location, improve road surface, replace curbing and fencing, rehabilitate picnic sites, replace visitor center flooring and interpretive signage, and repair damaged observation decks.	NC - MADISON, NC - MITCHELL	10TH NORTH CAROLINA, 11TH CONG DIST NORTH CAROLINA, 11TH NORTH CAROLINA
R8, SOUTHERN REGION	OUACHITA NATIONAL FOREST	SHADY LAKE RECREATION SITE DAY USE RENOVATION	This project will repair the roof on the Civilian Conservation Corps pavilion, repair potable water lines, upgrade deteriorated electric lines, and replace sewer lines providing service for the bathhouse; repair and resurface campsite spurs and roadway. Deteriorated decking and support structure of the fishing pier with be replaced. Silt material will be dredged from the swim site, the swim buoy will be replaced and the swim platform with be repaired.	AR - POLK	4TH ARKANSAS

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R8, SOUTHERN REGION	OZARK-ST FRANCIS NATIONAL FOREST	BLANCHARD SEWAGE LINE REPLACEMENT	This project will replace or rehabilitate sewer lines, lift stations and associated alarms and control circuits, including replacing the sewage infrastructure within the North Sylamore Creek Wild and Scenic River. Additional optional items will be to inspect and rehabilitate lift stations located in the swim beach area and the Day Use Areas, including the sewage lines under the bridge and throughout the day use area next to the creek within the corridor.	AR - STONE	1ST ARKANSAS
R8, SOUTHERN REGION	OZARK-ST FRANCIS NATIONAL FOREST	COVE LAKE DAM SPILLWAY REHABILITATION	This project will rehabilitate Cove Lake Dam spillway.	AR - LOGAN	4TH ARKANSAS
R8, SOUTHERN REGION	OZARK-ST FRANCIS NATIONAL FOREST	BEAR CREEK LAKE SPILLWAY REHABILITATION	This project will rehabilitate Bear Creek Lake spillway and mitigate the current erosion issues.	AR - LEE	1ST ARKANSAS
R9, EASTERN REGION	ALLEGHENY NATIONAL FOREST	LOLETA RECREATION REHABILITATION	This project will address deferred maintenance at Loleta Recreation Area. Funding will go toward repairing the roofs of restroom buildings and making water system repairs.	PA - ELK, PA - FOREST	15TH PENNSYLVANIA
R9, EASTERN REGION	ALLEGHENY NATIONAL FOREST	TANBARK AND HEARTS CONTENT TRAIL MAINTENANCE	This project addresses several miles of deferred maintenance on the Tanbark Trail and Tom's Run and Ironwood sections of Hearts Content Trail System.	PA - WARREN	15TH PENNSYLVANIA
R9, EASTERN REGION	ALLEGHENY NATIONAL FOREST	LONGHOUSE SCENIC DRIVE AND JAKES ROCK ROAD AND CULVERT REPAIR	This project targets the replacement of culverts and improving drainage on Longhouse Scenic Drive and Jakes Rocks Roads. This is a multi-year project that will include design and construction.	PA - WARREN	15TH PENNSYLVANIA
R9, EASTERN REGION	ALLEGHENY NATIONAL FOREST	KIASUTHA RECREATION AREA IMPROVEMENTS AND REDEVELOPMENT	This project includes repair of the boat launch, removing and renovating old toilet and shower buildings, and replacing with new toilets as necessary. Project includes design and construction.	PA - MCKEAN	15TH PENNSYLVANIA
R9, EASTERN REGION	CHEQUAMEGON N-NICOLET NATIONAL FOREST	CHEQUAMEGON-NICOLET SAINT PETER'S DOME TRAIL REHABILITATION	This project reconstructs sections of the St. Peter's Dome Trail, one of the most popular and most heavily used walking trails on the Chequamegon-Nicolet National Forest, to improve trail resiliency, reduce environmental degradation, and reduce long-term deferred maintenance.	WI - ASHLAND	7TH WISCONSIN

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R9, EASTERN REGION	CHEQUAMEGO N-NICOLET NATIONAL FOREST	CHEQUAMEGON-NICOLET CAMPGROUND WELL AND WASTEWATER REPLACEMENTS	This project eliminates some aging water and wastewater systems and replaces them in kind with new reliable systems at the Day Lake Campground and Picnic, Eastwood Campground, Spearhead Campground, and Bass Lake Swim Area. Replacement will eliminate backlogged deferred maintenance, ensure the public has reliable water and sewer systems to use well into the future, and eliminate a significant level of ongoing upkeep currently required of system operators.	WI - ASHLAND, WI - OCONTO, WI - TAYLOR	7TH WISCONSIN, 8TH WISCONSIN
R9, EASTERN REGION	CHEQUAMEGO N-NICOLET NATIONAL FOREST	CHEQUAMEGON-NICOLET SIGNATURE SITE BOULDER CAMPGROUND SHOWERHOUSE REHABILITATION	This project will address deferred maintenance of the heavily used shower houses at the Boulder Campground, the most popular campground on the Chequamegon-Nicolet National Forest.	WI - OCONTO	8TH WISCONSIN
R9, EASTERN REGION	CHEQUAMEGO N-NICOLET NATIONAL FOREST	CHEQUAMEGON-NICOLET PUBLIC FISHING ACCESS IMPROVEMENTS - PINE LAKE, LAKEVIEW, NAMAKAGON, DAY LAKE, AND CHIPPEWA	This project replaces fishing piers with permanent, accessible floating or permanent docks designed specifically for fishing, including piers at Pine Lake, Mondeaux, Namakagon, Day Lake, and Chippewa.	WI - ASHLAND, WI - BAYFIELD, WI - FOREST, WI - TAYLOR	7TH WISCONSIN
R9, EASTERN REGION	CHEQUAMEGO N-NICOLET NATIONAL FOREST	CHEQUAMEGON-NICOLET ROAD 238 RECONSTRUCTION TO SUPPORT TIMBER HAULING AND PROVIDE HUNTER AND GATHERING ACCESS	This project will reconstruct portions of Forest Service Road 238. Activities will include brushing, cleaning ditches and culverts, re-ditching, replacing culverts, pavement patching, pavement preservation, and resurfacing.	WI - BAYFIELD	7TH CONGRESSIONAL DIST
R9, EASTERN REGION	CHIPPEWA NATIONAL FOREST	MAINTENANCE FOR MULTIPLE HISTORIC INTERPRETIVE SITES, INCLUDING A CIVILIAN CONSERVATION CORPS CHALET	This project will address deferred maintenance at Historic Interpretive Sites on the Forest, including roof replacements and major structural repairs.	MN - CASS, MN - ITASCA	8TH MINNESOTA
R9, EASTERN REGION	CHIPPEWA NATIONAL FOREST	STONY POINT CAMPGROUND IMPROVEMENTS	The project includes providing upgraded electrical infrastructure, replacing signs and fee boards, improving the water supply system, and assessing the outdated sanitation system to the Stony Point Campground.	MN - CASS	8TH MINNESOTA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R9, EASTERN REGION	CHIPPEWA NATIONAL FOREST	CAMP RABIDEAU UPGRADE AND MAINTENANCE	The project will include repainting and completing minor repairs at the buildings, repairing the picnic shelter, and addressing safety issues. Camp Rabideau is a National Historic Landmark and one of the most complete Civilian Conservation Corps camps extant in the United States.	MN - BELTRAMI	8TH MINNESOTA
R9, EASTERN REGION	CHIPPEWA NATIONAL FOREST	LOST 40 ACCESS ROADWAY IMPROVEMENTS	This project addresses deferred maintenance along Forest Service Road 2240 which provides access to the Lost 40 Trailhead and parking area.	MN - ITASCA	8TH MINNESOTA
R9, EASTERN REGION	GREEN MOUNTAIN AND FINGER LAKES NATIONAL FORESTS	FOREST-WIDE ROAD BRIDGE DEFERRED MAINTENANCE	This project will address deferred maintenance and structural deficiencies on several road bridges, which are also part of the snowmobile trails in the winter, on main access Forest Service Roads 73, 264, 278 and 279.	VT - BENNINGTON, VT - RUTLAND	1ST VERMONT
R9, EASTERN REGION	GREEN MOUNTAIN AND FINGER LAKES NATIONAL FORESTS	FOREST-WIDE DEVELOPED RECREATION SITE DEFERRED MAINTENANCE REDUCTION	This multi-year project addresses outstanding deferred maintenance items identified in the 2020 Recreation Facility Strategy in alignment with the Framework for Sustainable Recreation. Specific actions include hardening campsite parking areas and replacing picnic tables, toilets, kiosks, and signs. This project addresses health and safety concerns associated with dilapidated infrastructure, soil and water resource impacts from site erosion, and impediments prohibiting universal access.	NY - SCHUYLER, NY - SENECA, VT - ADDISON, VT - BENNINGTON, VT - RUTLAND, VT - WASHINGTON, VT - WINDHAM, VT - WINDSOR	1ST VERMONT, 29TH NEW YORK
R9, EASTERN REGION	GREEN MOUNTAIN AND FINGER LAKES NATIONAL FORESTS	GREEN MOUNTAIN TRAIL BRIDGE REPLACEMENTS	This multi-year project will replace or repair structurally deficient bridges that are essential for maintaining public safety and reducing stream sedimentation. Project activities will improve the user experience for bridges located on the Appalachian Trail, Long Trail, Vermont snowmobile trail network and Vermont mountain bike system. This project will improve fish passage by removing stream barriers narrowing stream channels.	VT - ADDISON, VT - BENNINGTON, VT - RUTLAND, VT - WINDHAM, VT - WINDSOR	1ST VERMONT
R9, EASTERN REGION	GREEN MOUNTAIN AND FINGER LAKES NATIONAL FORESTS	APPALACHIAN NATIONAL SCENIC TRAIL AND LONG TRAIL SHELTER AND PRIVY IMPROVEMENTS	This project will repair or replace multiple shelters and privies on the Appalachian Trail and Long Trail. This project will address health and safety concerns associated with dilapidated infrastructure, soil and water resource impacts from outdated privies, and impediments prohibiting universal access.	VT - ADDISON, VT - BENNINGTON, VT - RUTLAND, VT - WINDSOR	1ST VERMONT
R9, EASTERN REGION	GREEN MOUNTAIN AND FINGER LAKES NATIONAL FORESTS	HAPGOOD POND DAY USE SITE IMPROVEMENT	This project will address deferred maintenance at the Hapgood Pond Day Use Site including improving energy and water efficiency at the bathhouse, trail work, stone step replacement, and placement of vehicle barrier bollards at the entrance to preserve defined historic features.	VT - BENNINGTON	1ST VERMONT

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R9, EASTERN REGION	HIAWATHA NATIONAL FOREST	HIAWATHA NORTH COUNTRY TRAIL BRIDGE REPLACEMENTS	This project addresses several deficient trail bridges on the North Country Trail.	MI - CHIPPEWA, MI - MACKINAC	11TH MICHIGAN, 1ST MICHIGAN
R9, EASTERN REGION	HIAWATHA NATIONAL FOREST	HIAWATHA HISTORIC LIGHTHOUSES: STABILIZATION AND REHABILITATION	This project will address repairs to Hiawatha National Forest historic lighthouses that include stabilizing and restoring the structural and historic integrity of walls and stairs to ensure safe visitor access.	MI - ALGER, MI - CHIPPEWA, MI - MACKINAC	1ST MICHIGAN
R9, EASTERN REGION	HIAWATHA NATIONAL FOREST	GRAND ISLAND NATIONAL RECREATION AREA REHABILITATION	These projects include trail bridge replacement, beach access facilities, facility renovation of the water system, kiosks, and erosion control.	MI - ALGER	11TH MICHIGAN, 1ST MICHIGAN
R9, EASTERN REGION	HOOSIER NATIONAL FOREST	HOOSIER CELINA AND GERMAN RIDGE BUILDINGS HISTORIC STRUCTURE REHABILITATION AND STABILIZATION	This project includes interior and exterior work to the historic Rickenbaugh House, constructed 1874, in the Celina Recreation Area and to several Civilian Conservation Corps buildings at German Ridge Picnic Area.	IN - PERRY	8TH INDIANA, 9TH INDIANA
R9, EASTERN REGION	HOOSIER NATIONAL FOREST	HOOSIER HARDIN RIDGE SHOWER-BATH-CAMPGROUND IMPROVEMENT	This project will replace multiple toilet and shower buildings at the campground.	IN - MONROE	9TH INDIANA
R9, EASTERN REGION	HOOSIER NATIONAL FOREST	DEVELOPED CAMPGROUNDS DEFERRED MAINTENANCE AND IMPROVEMENTS PROJECT	This project addresses deferred maintenance at two developed campgrounds, Shirley Creek Campground and Youngs Creek Campground. The project includes replenishing and adding crushed aggregate to better define campsites. Replacing and adding features such as picnic tables and fire rings will also occur. Day use parking will be better defined by adding crushed aggregate, for access to trailheads within the campgrounds.	IN - MONROE, IN - ORANGE, IN - PERRY	8TH INDIANA, 9TH INDIANA
R9, EASTERN REGION	HURON MANISTEE NATIONAL FOREST	PERE MARQUETTE WILD AND SCENIC RIVER GREEN COTTAGE ACCESS IMPROVEMENTS	This project will improve the boat slide and walk-in access to the Green Cottage Access point on the Pere Marquette Wild and Scenic River, a regional iconic site. This project includes replacement of the existing boat slide, boardwalk, and stairs, as well as other minor site improvements including signage upgrades, vault toilet, new fee tube and information board, picnic tables, benches, fencing, gates, and animal resistant trash cans.	MI - LAKE	2ND MICHIGAN

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R9, EASTERN REGION	HURON MANISTEE NATIONAL FOREST	HISTORIC IARGO SPRINGS INTERPRETIVE SITE STAIR AND BOARDWALK RENOVATION	The project involves replacing failing stairs, boardwalks, overlooks and site amenities with more sustainable facilities. The iconic site was built by Consumer 's Energy to provide safe, free public access to historic natural springs and for viewing the AuSable River.	MI - IOSCO	1ST MICHIGAN
R9, EASTERN REGION	HURON MANISTEE NATIONAL FOREST	POPLAR CREEK BRIDGE REPLACEMENT- SNOWMOBILE, OHV, AND TIMBER ACCESS	The project replaces the Poplar Creek Bridge. The bridge is part of the Snowmobile Trail System that connects the Caberfae Way Trailhead and the Cadillac West Trailhead in Wexford County. It is part of the Michigan Cycle Conservation Trail which is a popular single-track motorcycle trail. This bridge also connects Forest Service roads 7887 and 7849. The bridge is currently under an emergency closure order resulting in a ten-mile detour for all road and trail users.	MI - WEXFORD, MO - PHELPS	2ND MICHIGAN, 8TH MISSOURI, 4TH MICHIGAN
R9, EASTERN REGION	HURON MANISTEE NATIONAL FOREST	ROUND LAKE RECREATION AREA CAMPGROUND AND KNEFF LAKE RECREATION AREA SAFETY IMPROVEMENTS	This project will remove the failing retaining walls at both sites and restore with a more natural and sustainable solution. The project will include water and wastewater improvements, and various site improvements at both recreation sites including swim area and boat launch improvements, host site improvements, and repair of stairs and other safety issues.	MI - CRAWFORD, MI - IOSCO	1ST MICHIGAN, 5TH MICHIGAN
R9, EASTERN REGION	MARK TWAIN NATIONAL FOREST	DESTINATION MOUNTAIN BIKE TRAIL DEFERRED MAINTENANCE	This project will mitigate several miles of mountain bike trail deferred maintenance on the Berryman Loop, the Wolf Creek Trail system, and the Council Bluff Lake Trail. Project work includes tread restoration, trail corridor clearing, logging out down trees, mowing, trail realignments and other similar maintenance activities, including but not limited to repairing cribbing, rolling dips and other trail structures.	MO - BUTLER, MO - IRON, MO - WASHINGTON	8TH MISSOURI
R9, EASTERN REGION	MARK TWAIN NATIONAL FOREST	MULTIPLE CAMPGROUND HOST SITE IMPROVEMENTS	The project will assess, design, and construct necessary utility hook-ups at campground host sites at multiple campgrounds across the forest.	MO - CARTER, MO - IRON, MO - MADISON, MO - SHANNON, MO - WAYNE	8TH MISSOURI
R9, EASTERN REGION	MARK TWAIN NATIONAL FOREST	OZARK NATIONAL RECREATION TRAIL DEFERRED MAINTENANCE	This project will address trail deferred maintenance on the Ozark National Recreation Trail. Primary activities include tread work and establishment of erosion control structures within priority watershed.	MO - BUTLER, MO - CARTER, MO - CRAWFORD, MO - IRON, MO - MADISON, MO - OREGON, MO - REYNOLDS, MO - SHANNON, MO - WASHINGTON, MO - WAYNE	3RD MISSOURI, 8TH MISSOURI

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R9, EASTERN REGION	MARK TWAIN NATIONAL FOREST	TRAIL IMPROVEMENTS ZONE THREE	This project will address deferred maintenance and public safety on several trails, bringing them back to standard.	MO - DOUGLAS, MO - HOWELL, MO - OZARK, MO - TEXAS	7TH MISSOURI, 8TH MISSOURI
R9, EASTERN REGION	MONONGAHEL A NATIONAL FOREST	MARLINTON AND WHITE SULPHUR RANGER DISTRICT STREAM CROSSING STRUCTURES FOR TROUT FISHERIES	This project is implementing the Panther Ridge Wildlife Habitat Improvement project. It will replace undersized and deteriorating stream crossing culverts on Forest Road 296 and Forest Road 298 in Laurel Run and Forest Road 999 in Williams River. This project will address passage barriers for aquatic species. This is particularly important because one crossing occurs on a stream in which an isolated trout population was recently discovered.	WV - GREENBRIER, WV - POCAHONTAS	3RD WEST VIRGINIA
R9, EASTERN REGION	MONONGAHEL A NATIONAL FOREST	INTERNATIONAL MOUNTAIN BIKING ASSOCIATION RIDE CENTER TEA CREEK MOUNTAIN TRAIL IMPROVEMENTS	This project will repair drainage structures, harden tread with aggregate, and replace trail signs to provide a sustainable and safer trail system.	WV - GREENBRIER, WV - POCAHONTAS, WV - RANDOLPH	2ND WEST VIRGINIA, 3RD WEST VIRGINIA
R9, EASTERN REGION	MONONGAHEL A NATIONAL FOREST	HOLCOMB BRIDGE REPLACEMENT	This project will address deferred maintenance and structural deficiencies on the Holcomb Bridge.	WV - WEBSTER	3RD WEST VIRGINIA
R9, EASTERN REGION	OTTAWA NATIONAL FOREST	NESBIT ROAD REHABILITATION	This project will address deferred road maintenance. Work includes replacing aggregate to re-establish the crown, multiple culverts replacements, and improving drainage.	MI - BARAGA, MI - GOGEBIC, MI - HOUGHTON, MI - IRON	1ST MICHIGAN
R9, EASTERN REGION	OTTAWA NATIONAL FOREST	HISTORIC CIVILIAN CONSERVATION CORPS BUILDINGS REHABILITATION AT CLARK LAKE, LAKE OTTAWA, AND NORWAY LAKE CAMPGROUNDS	This project addresses deferred maintenance and rehabilitation of several historic buildings across multiple campgrounds. Project work includes repair and replacement of roofs, windows, doors, and wood portions of buildings, chimney and foundational rock work, and replacement of water damaged interior finishes.	MI - GOGEBIC, MI - IRON	1ST MICHIGAN
R9, EASTERN REGION	SHAWNEE NATIONAL FOREST	LAKE GLENDALE PHASED REHABILITATION PROJECT	This project addresses significant age-related deterioration of facilities at the Lake Glendale Recreation Area. Work includes replacing the electric line serving the entire site, replacing toilet buildings, shower buildings, beach house, picnic shelters, and campsite features. Also included is work on the dam, roads, and trail.	IL - POPE	15TH ILLINOIS, 19TH ILLINOIS
R9, EASTERN REGION	SHAWNEE NATIONAL FOREST	TRIGG TOWER REPAIRS AND IMPROVEMENTS	This project addresses deferred maintenance and safety at the historic Trigg Tower Observation structure. Repairs include sand blasting metal structure, priming and painting, repair of the wooden steps, and replacement of the existing chain link fencing.	IL - JOHNSON	15TH ILLINOIS, 19TH ILLINOIS

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R9, EASTERN REGION	SHAWNEE NATIONAL FOREST	BELL SMITH SPRINGS ROAD AND PARKING REHABILITATION RECREATION ACCESS	This project will prepare the roads for oil and chip surfacing, add a parking area, and reconstruct the campground loop, fixing drainage issues.	IL - POPE	15TH ILLINOIS, 19TH ILLINOIS, 1ST KENTUCKY
R9, EASTERN REGION	SUPERIOR NATIONAL FOREST	HONEYMOON TRAIL RECONSTRUCTION RECREATION ACCESS	This project resurfaces and improves drainage on several miles of Forest Service Road 164.	MN - COOK	8TH MINNESOTA
R9, EASTERN REGION	SUPERIOR NATIONAL FOREST	KAWISHIWI TRAILS	The project will address trail maintenance to include brushing and gravel lifts and fill. This will include brushing of Old Man Winter Trail; gravel fill in multiple areas and gravel lift on sections of the Stoney Spur All-terrain Vehicle trail. The project will also replace multiple gates with bollards and add gravel to the parking area on Tomahawk Trail.	MN - LAKE, MN - SAINT LOUIS	8TH MINNESOTA
R9, EASTERN REGION	SUPERIOR NATIONAL FOREST	MINNESOTA INTERAGENCY FIRE CENTER ROOF REPLACEMENT	This project replaces the roof on the Minnesota Interagency Fire Center.	MN - ITASCA	8TH MINNESOTA
R9, EASTERN REGION	WAYNE NATIONAL FOREST	MONDAY CREEK OFF-HIGHWAY VEHICLE TRAILHEAD BRIDGE REPAIR	This project addresses the deferred maintenance and structural deficiencies and will restore full access to Forest Service Road 3706 and the Main Corridor Trail of the Monday Creek Off-Highway Vehicle Trail System.	OH - HOCKING	15TH OHIO
R9, EASTERN REGION	WAYNE NATIONAL FOREST	LAMPING HOMESTEAD AND SAND RUN DAM REPAIR AND RENOVATION	The project will address deferred maintenance items such as replacing spillway risers and outlet barrels, installing reservoir drain valves in and trash racks on risers, re-grade dam crests, reconstruct and armor outlet plunge pools to comply with current dam safety guidelines.	OH - HOCKING, OH - MONROE	15TH OHIO, 6TH OHIO
R9, EASTERN REGION	WHITE MOUNTAIN NATIONAL FOREST	RUMNEY ROCKS CLIMBING AREA TRAILS IMPROVEMENTS	This project reduces deferred maintenance on high use trails and staging areas while protecting those areas outside the trail system at the internationally popular Rumney Rocks Climbing Area.	NH - GRAFTON	2ND NEW HAMPSHIRE
R9, EASTERN REGION	WHITE MOUNTAIN NATIONAL FOREST	TRIPOLI TWO ROAD BRIDGE CRITICAL FINDING REPAIRS	This project address deferred maintenance and structural deficiencies on the Tripoli Two Bridge on the Tripoli Road.	NH - GRAFTON	2ND NEW HAMPSHIRE
R9, EASTERN REGION	WHITE MOUNTAIN NATIONAL FOREST	WELCH-DICKEY PARKING LOT IMPROVEMENTS AND PAVING	This project addresses deferred maintenance and capacity issues at the Welsh-Dickey Trailhead Parking area. Specifically, the project will resurface the parking area, improve drainage, and stripe the lot to increase capacity at this four-season destination.	IL - GALLATIN, NH - GRAFTON	19TH ILLINOIS, 2ND NEW HAMPSHIRE

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R9, EASTERN REGION	WHITE MOUNTAIN NATIONAL FOREST	AMMONOOSUC RAVINE TRAIL MAINTENANCE AND RECONSTRUCTION	This project will address deferred maintenance on several miles and sections of the Ammonoosuc Ravine Trail.	NH - COOS	2ND NEW HAMPSHIRE
R9, EASTERN REGION	WHITE MOUNTAIN NATIONAL FOREST	BACKCOUNTRY TOILET REPLACEMENT	This project replaces failing backcountry pit toilets with moldering composting toilets at several sites.	NH - CARROLL, NH - GRAFTON	1ST NEW HAMPSHIRE, 2ND NEW HAMPSHIRE
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	MILE 10 AND MILE 22 RECREATION SITES RENOVATION	This project will reconstruct hardened day use pads, renovate a pad with a covered structure, and complete deferred maintenance on an existing hardened boat launch.	AK - CHUGACH CA	1ST ALASKA
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	IDITAROD NATIONAL HISTORIC TRAIL MASTER DEFERRED MAINTENANCE PROJECT	This project proposes to address deferred maintenance on portions of the existing trail and bridges on the Iditarod National Historic Trail Southern Trek. This is an immensely popular trail seeing hundreds of thousands of visitors annually. The trails are popular for hikers, bikers, backpackers, runners, fishermen, hunters, subsistence gathering as well as winter activities including skiing, snowshoeing, fat biking and snowmachining.	AK - KENAI PENINSULA BOROUGH, AK - ANCHORAGE MUNICIPALITY, AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	CHUGACH FOREST-WIDE CAMPGROUND INFRASTRUCTURE REPLACEMENT	Upgrades will improve visitor experience and ensure campsites and campgrounds meet current safety and fire standards. This project will purchase and install campfire rings, picnic tables, and gates at campgrounds across the forest.	AK - ANCHORAGE MUNICIPALITY, AK - CHUGACH CA, AK - KENAI PENINSULA BOROUGH	1ST ALASKA
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	ALAGANIK SLOUGH RECREATION SITE RENOVATION	This project will improve visitor experience by reconstructing hardened day use pads, renovating pads with covered structures, replacing the existing vault toilet, and completing deferred maintenance on a viewing platform at the end of an elevated boardwalk.	AK - CHUGACH CA, AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	CENTER RIDGE TRAILHEAD RECONSTRUCTION	This project will improve the Center Ridge Trail, a popular Turnagain Pass area of the Kenai Peninsula. Current high use levels have resulted in water infiltration issues that exceed design and requires pumping twice per year. To mitigate water infiltration issues and provide better service to trail users, the Center Ridge Trailhead outhouses will be relocated further away from the parking lot and closer to the trailhead.	AK - KENAI PENINSULA BOROUGH	1ST ALASKA

<u>Region</u>	<u>Forest or Station</u>	<u>Project Name</u>	<u>Project Summary</u>	<u>State - County</u>	<u>Congressional District</u>
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	PIPELINE LAKES TRAIL DEFERRED MAINTENANCE	This project will replace several minor trail bridges, repair drainage structures, replace step and run boardwalk, replace split log puncheons and rock and wood steps along the muskeg meadow route. This trail route leads users along a primarily muskeg meadow with stunning mountain views. It accesses five cutthroat fishing lakes. Boardwalk and bridges protect fragile muskeg vegetation, control sediment entering spawning channels, and provide access to diverse users.	AK - CHUGACH CA, AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	CRATER LAKE TRAIL DEFERRED MAINTENANCE	This project will improve access to a 14-mile contiguous trail system with two public use cabins, numerous alpine lakes, and spectacular views of the Copper River Delta, Prince William Sound, and the Gulf of Alaska.	AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	FOREST-WIDE CABIN DEFERRED MAINTENANCE	This project will address maintenance concerns at many of the forest 's public use cabin. The work will improve visitor experience, reduce annual maintenance, improve user health and safety concerns, and encourage continued use by public. The Chugach National Forest maintains many remote cabins that provide the public with recreational opportunities for diverse user groups including the disabled.	AK - ANCHORAGE MUNICIPALITY, AK - CHUGACH CA, AK - KENAI PENINSULA BOROUGH	1ST ALASKA
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	RECREATION TOILET REPLACEMENT	This project focuses on replacing multiple outhouses. Heavy rainfall, snow melt, improper placement, and poor grade of surrounding areas causes excess water to infiltrate the pits. There has also been snow-plow damage and vandalism. The project will fix multiple outhouses at various locations with maintenance needs such as: replacing access hatches; replacing miscellaneous parts; climate and weather renovations; establishing proper grading for drainage; relocation; and replacement.	AK - ANCHORAGE MUNICIPALITY, AK - CHUGACH CA, AK - KENAI PENINSULA BOROUGH	1ST ALASKA
R10, ALASKA REGION	CHUGACH NATIONAL FOREST	PORT CHALMERS PUBLIC USE CABIN RECONSTRUCTION	This project will completely reconstruct the cabin. Bringing the cabin to National Forest standards will improve user experience, reduce safety issues, and eliminate back-logged facility maintenance. Located on Montague Island, the Port Chalmers public use cabin provides access for locals and visitors alike to National Forest System lands in Prince William Sound for deer and bear hunting, trapping, sports fishing and subsistence fishing.	AK - CHUGACH CA	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	DUDE MOUNTAIN TRAIL RECONSTRUCTION	The project will renovate the beginning of the trail, replacing boardwalk with gravel where possible. The last part of trail would be rerouted, appropriate tread installed, and extensive rock work conducted to control water drainage issues.	AK - KETCHIKAN GATEWAY BOROUGH	1ST ALASKA

<u>Region</u>	<u>Forest or Station</u>	<u>Project Name</u>	<u>Project Summary</u>	<u>State - County</u>	<u>Congressional District</u>
R10, ALASKA REGION	TONGASS NATIONAL FOREST	WRANGELL COOPERATIVE ASSOCIATION TRAIL MAINTENANCE PROJECT	This project will purchase materials and fund a trail leader position to support trail maintenance. Work will include replacing boardwalk, fixing gravel drainage sections, installing culverts, and installing nonskid material on the trail. The Wrangell Cooperative Association Tribal Nation is a long-standing partner who performs trail maintenance on shared trails and tribal travel routes. Trail maintenance benefits tribal members' recreation and subsistence use while also benefitting the public.	AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	DANGEROUS RIVER ALL-TERRAIN VEHICLE TRAIL	This project will work to divert as much water as possible off the existing trail, as the Middle Dangerous River Trail receives the most use in the fall around the moose hunting season. Moisture and high traffic volumes have taken a toll on the sustainability of this trail. The trail currently alters the natural drainage patterns and collects surface flow along its length.	AK - YAKUTAT CITY AND BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	HISTORIC SPASSKI TRAIL RECONSTRUCTION	This project will reconstruct and reroute segments of a Civilian Conservation Core era trail from the Hoonah City limits to scenic Spasski Bay. Trail will be designed to meet Forest Service Trail Accessibility Guidelines with improved signage, stream bridges, and trailhead parking.	HOONAH-ANGOON CA	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	MARGARET VIEWING SITE	The project will replace failing culverts along the road to the platform, toilets, and the failing observation platform. Work will also repair the administration cabin and install interpretive kiosks and panels. Salmon move upstream via a fish ladder here. Ten outfitter guides are permitted to the area. It is also an important area for subsistence use.	AK - KETCHIKAN GATEWAY BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	EXCHANGE COVE BRIDGE AND AQUATIC ORGANISM PASSAGE STRUCTURE	The project will include remediation of the Hilficker wall to address corrosion and replace Neck Lake Bridge. The focus will be on treating the existing retaining wall to prevent additional corrosion and limit impacts to the stream	AK - PRINCE OF WALES-HYDER CA, AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	IDEAL COVE TRAIL RECONSTRUCTION	This project is reconstructing the Ideal Cove Trail, a trail that has been identified by the tourism industry as a priority project for trail reconstruction and currently has 800 to 900 user days from outfitters and guides. This project will provide an improved, sustainable trail that will improve access and reduce long term maintenance costs and replace bridges that are nearing the end of their lifecycle.	AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	NINE-MILE DOWNSTREAM TRAIL RECONSTRUCTION	This project will realign the trail and construct boardwalks over roots. The trail was originally user-made, with many long, wet and muddy sections. Current use is causing water channelization and significant resource damage.	AK - YAKUTAT CITY AND BOROUGH	1ST ALASKA

<u>Region</u>	<u>Forest or Station</u>	<u>Project Name</u>	<u>Project Summary</u>	<u>State - County</u>	<u>Congressional District</u>
R10, ALASKA REGION	TONGASS NATIONAL FOREST	CHIEF SHAKES HOT TUB OUTDOOR TUB DECK REPLACEMENT	This project will replace the outdoor tub deck and foundation. The Stikine River is heavily used by Wrangell residents and tourists. Uplands surrounding the river are designated wilderness and have few developed recreation opportunities. Chief Shakes Hot Springs is the only developed hot spring in Alaska wilderness.	AK - PETERSBURG BOROUGH, AK - WRANGELL CITY AND BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	CATHEDRAL FALLS TRAIL RECONSTRUCTION	This project will reconstruct and relocate the trail to provide a safer and more sustainable location and tread type. The project will eliminate deferred maintenance and reduce future maintenance costs.	AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	EL CAP RECREATION AREA IMPROVEMENTS	This project will reconstruct substandard boat launches and campsites, establish a new trailhead and trail to the cave, establish a multi-use area for outfitters and day use, construct vault toilets, and improve crew housing. El Cap cave, the largest cave in Alaska, is a major destination for visitors.	AK - PRINCE OF WALES-HYDER CA, AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	SUNNAHAE TRAIL RECONSTRUCTION	This project is the final phase of reconstruction of the Sunnahae Trail. Improved signage, new water crossings, new trail surfaces and features, the installation of rest pads, and trail spurs will improve visitor experience on the trail. Sunnahae Tail is located next to the city of Craig, Alaska. This trail is heavily used by the local community for exercise and to access public lands around the city.	AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	HOONAH ROAD SURFACING AND WUKUKLOOK RECREATION ACCESS IMPROVEMENTS	This project will improve access to recreation areas on the Hoonah road system. This project will upgrade and surface roads, replace a trail bridge, improve a trailhead, and make additional minor site improvements. This work will correct traffic safety issues, including uneven surfaces, blind corners, and steep unprotected side slopes.	AK - SKAGWAY MUNICIPALITY, AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	MISTY FJORDS NATIONAL MONUMENT WILDERNESS TRAILS DEFERRED MAINTENANCE	This project will address deferred maintenance on trails within the Misty Fjords National Monument Wilderness Boundary and deferred maintenance at associated cabins and shelters. Work will reopen trails by logging out and brushing.	AK - KETCHIKAN GATEWAY BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	HOONAH ROAD, AQUATIC ORGANISM PASSAGE IMPROVEMENTS, AND BRIDGE RECONSTRUCTION	This project will improve traffic safety on the Road 8502, replace deficient and functionally obsolete bridges on the 8502 and 8509 roads, and improve fish passage in streams along these community connected roads.	AK - HOONAH-ANGOON CA, AK - UNORGANIZED BOROUGH	1ST ALASKA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R10, ALASKA REGION	TONGASS NATIONAL FOREST	ZAREMBO ISLAND BOAT LAUNCH, SAINT JOHNS BRIDGE, ROAD RECONSTRUCTION AND AQUATIC ORGANISM PASSAGE STRUCTURES	This project proposes to reconstruct a 100-foot bridge on St John's Creek needed to retain stream course and address scour issues. Additionally, funding will be used to replace multiple existing culverts with Aquatic Organism Passageway structures.	AK - UNORGANIZED BOROUGH, AK - WRANGELL CITY AND BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	ANAN WILDLIFE OBSERVATORY	The project will eliminate deferred maintenance and will reduce long-term maintenance costs. The project will provide safe, high-quality wildlife viewing for locals and guided visitors. Anan is an economic driver for Wrangell community.	AK - WRANGELL CITY AND BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	PETERSBURG LAKE TRAIL IMPROVEMENTS	This project will focus on making improvements to the Wilderness section of the trail to better assist recreationists in accessing the Petersburg Lake Cabin. Eroded and muddy spots, exposed roots, drainage, tread, brushing, and other backlogged maintenance will be addressed.	AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	MENDENHALL GLACIER VISITOR CENTER DEFERRED MAINTENANCE	This project will mitigate deferred maintenance issues at Mendenhall Glacier Visitor Center. The project will: 1) replace the roof; 2) renovate the heating and ventilation system; 3) conduct envelope improvements such as insulation upgrades and air sealing; 4) improve the visitor space, such as repairing doors, upgrading plumbing, painting, replacing lighting and the lighting control system, fixing ceiling leaks, re-pointing stone masonry, and fire protection upgrades.	AK - JUNEAU CITY AND BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	INDIAN RIVER TRAIL BRIDGE REPLACEMENTS	This project will replace two single stringer spruce log bridges	AK - SITKA CITY AND BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	MOUNT EDGE CUMBE TRAIL GRAVEL	The project will add a 3-inch gravel lift to trail where it has become concave shaped. The trail is remote from the Sitka road system and a barge will be necessary to sling gravel to the drop sites using a helicopter.	AK - SITKA CITY AND BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	YAKUTAT CABIN MAINTENANCE	This project will maintain cabins along the Situk River, Dangerous River, and Tanis Mesa. Maintenance includes replacing rotten wood on the backwall of the Middle Dangerous River Cabin, replacing entire Tanis Mesa Cabin, placing decks onto new foundations, replacing shed on Eagle and Raven Cabins, and replacing cabin furniture and countertops.	AK - YAKUTAT CITY AND BOROUGH	1ST ALASKA

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
R10, ALASKA REGION	TONGASS NATIONAL FOREST	MENDENHALL GLACIER MASTER PLAN IMPLEMENTATION: PARKING PLANNING PHASE	This project will complete the parking and paving deferred maintenance identified in the master plan. The Mendenhall Area Master Plan is exploring changes and improvements to address increased use and improve visitor experience. The Master Plan identifies the parking area, plaza, welcome center, visitor center, trails, and other recreation assets as priorities.	AK - JUNEAU CITY AND BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	OHMER CREEK TRAIL FLOATING BRIDGE REPLACEMENT	The project will relocate the crossing with an improved elevated boardwalk design that will minimize site disturbance. The new structure will complete the reconstruction of the Ohmer Creek Trail, which is accessible.	AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	STARRIGAVAN RECREATION AREA DEFERRED MAINTENANCE	This project will make improvements to campground roads, convert culverts to bridges to allow fish passage, gate replacement, amphitheater conversion, site conversion, site decommissioning, and maintaining site kiosks and picnic tables.	AK - SITKA CITY AND BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	TONGASS DOCKS AND MARINE INFRASTRUCTURE REPAIRS	This project is addressing damage to marine infrastructure across the Tongass National Forest. Work involves repairs to docks, buoys and anchors, and marinas and offices. Marine docks and access facilities are critical infrastructure on the Tongass National Forest. They have been damaged and corroded by wind, waves, currents, vessel impacts, rain, snow, ice, salt spray, tides, and wetting-drying and freeze-thaw events.	AK - PETERSBURG BOROUGH, AK - PRINCE OF WALES-HYDER CA, AK - SITKA CITY AND BOROUGH, AK - WRANGELL CITY AND BOROUGH, AK - WRANGELL-PETERSBURG	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	RAINBOW FALLS TRAIL COMPLEX	This project will improve sustainable trail routes designed for the Rainbow Falls area trails including Rainbow Falls, Institute Creek, North Wrangell Trails.	AK - UNORGANIZED BOROUGH	1ST ALASKA
R10, ALASKA REGION	TONGASS NATIONAL FOREST	AMALGA TRAIL DEFERRED MAINTENANCE	This project addresses maintenance on the Amalga Trail, which embarks from the Juneau road system and leads to the Eagle Glacier Cabin that rents over 200 nights a year. This project addresses trail tread issues on the trail, mostly by laying down aggregate to harden a single route and replacing a bridge. The first section of the Amalga Trail will be brought up to accessibility guidelines to provide opportunities for the mobility limited.	AK - JUNEAU CITY AND BOROUGH	1ST ALASKA
RESEARCH AND DEVELOPMENT	FOREST PRODUCTS LABORATORY	FOREST PRODUCTS LABORATORY CEILING REPLACEMENT AND FIRE SUPPRESSION	This project will replace ceilings at the Forest Products Laboratory that aids research directed at boosting productivity on National Forest System lands by improving forest health.	WI - DANE	2ND WISCONSIN

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
RESEARCH AND DEVELOPMENT	FOREST PRODUCTS LABORATORY	PEDESTRIAN BRIDGE REPLACEMENT	This project will replace the deteriorated pedestrian bridge, repair foundation, and install a sprinkler system at the Forest Products Laboratory. This work will provide an accessible entrance for researchers, partners, and visitors. The project will demonstrate recovery and reuse of construction debris and wastepaper.	WI - DANE	2ND WISCONSIN
RESEARCH AND DEVELOPMENT	INTERNATIONAL INSTITUTE OF TROPICAL FORESTRY	HEADQUARTERS ECOLOGICAL PARKING PROJECT	This project will repair the ecological parking structure to manage surface water runoff.	PR - PUERTO RICO	1ST PUERTO RICO
RESEARCH AND DEVELOPMENT	ROCKY MOUNTAIN RESEARCH STATION	LOGAN FORESTRY SCIENCES LABORATORY RENOVATION	This project will make renovation improvements to laboratory space to meet modern research grade standards along with accessible upgrades to maximize the utilization and energy efficiency of the space to provide critical entomology and landscape science.	UT - CACHE	1ST UTAH
RESEARCH AND DEVELOPMENT	ROCKY MOUNTAIN RESEARCH STATION	MISSOULA FIRE SCIENCES LABORATORY ROOF AND WINDOW REPLACEMENT	This project will replace the existing roof and add insulation. It will also replace single-pane windows to improve energy efficiency and comfort.	MT - MISSOULA	1ST MONTANA
RESEARCH AND DEVELOPMENT	ROCKY MOUNTAIN RESEARCH STATION	FORT COLLINS HEADQUARTERS MECHANICAL AND ELECETRICAL UPGRADES	This project will replace failing mechanical equipment that increases utility cost and impacts the research programs.	CO - LARIMER	2ND COLORADO, 4TH COLORADO
RESEARCH AND DEVELOPMENT	NORTHERN RESEARCH STATION	SAINT PAUL FIELD OFFICE FIRST FLOOR RESTROOM REMODEL	This project will remodel the first-floor restrooms into modern and accessible restrooms in the Saint Paul field office on the Saint Paul campus of the University of Minnesota.	MN - RAMSEY	4TH MINNESOTA
RESEARCH AND DEVELOPMENT	NORTHERN RESEARCH STATION	RHINELANDER OFFICE AND LABORATORY ENTRY AND RESTROOM REMODEL	This project will create a secure vestibule within the main entrance of the facility and remodel the restrooms to meet accessibility requirements.	WI - ONEIDA	7TH WISCONSIN
RESEARCH AND DEVELOPMENT	PACIFIC NORTHWEST RESEARCH STATION	OLYMPIA FORESTRY SCIENCES LABORATORY ACCESSIBILITY-SAFETY COMPLIANCE RENOVATION	This project will reconstruct the parking lot, repair concrete walkways including accessible parking spots. Additionally, it will reconstruct restrooms, kitchen area, replace door hardware, and update the fire alarm system.	WA - THURSTON	10TH WASHINGTON, 3RD WASHINGTON

Region	Forest or Station	Project Name	Project Summary	State - County	Congressional District
RESEARCH AND DEVELOPMENT	PACIFIC NORTHWEST RESEARCH STATION	POTABLE WATER SYSTEM REPLACEMENT AT HOLLIS SHARED WITH LOCAL SCHOOL	This project will replace the portable dilapidated water system that is shared with a local school and provides water to the Maybeso administrate site. This project replacement will meet Safe Water Drinking Act standards.	AK - PRINCE OF WALES-HYDER CA	1ST ALASKA
RESEARCH AND DEVELOPMENT	PACIFIC NORTHWEST RESEARCH STATION	OLYMPIA FORESTRY SCIENCES LABORATORY PUMPHOUSE ROOF CONSTRUCTION	This project will update the pumphouse that supports the fire suppression system, cooling system, and main electrical distribution system.	WA - THURSTON	10TH WASHINGTON, 3RD WASHINGTON
RESEARCH AND DEVELOPMENT	PACIFIC SOUTHWEST FOREST AND RANGE EXPERIMENT STATION	RENOVATE HISTORICAL SAN DIMAS EXPERIMENTAL FOREST	This project will repair and renovate the trails and parking areas, followed by a site survey, site assessment, evaluation, and design for the site's comprehensive rehabilitation at the San Dimas Experimental Forest. The plan will provide for a safe and potable water system, expansion of the septic system, roof, siding and repairs to barracks, cooking and dining facilities, and improved road access.	CA - LOS ANGELES	26TH CALIFORNIA, 27TH CALIFORNIA
RESEARCH AND DEVELOPMENT	SOUTHERN RESEARCH STATION	ATHENS FORESTRY SCIENCES LABORATORY NORTH BUILDING AND SOUTH BUILDING ROOF REPLACEMENT	This project involves the replacement of existing roofing at the Athens Forestry Sciences Laboratory north and south building.	GA - CLARKE	12TH GEORGIA
RESEARCH AND DEVELOPMENT	SOUTHERN RESEARCH STATION	COWEETA HISTORIC BUILDING REPAIRS	This project will replace the roofing and gutters at the Coweeta Hydrologic Laboratory, complete existing building deferred maintenance, and increase security measures to protect site and facilities from theft and vandalism. The site requires maintenance and need protection to preserve the integrity of this historic site that honors the legacy of Civilian Conservation Corps workers, Job Corps, past research staff who produced critical ecosystem research for land managers.	NC - MACON	11TH NORTH CAROLINA
