

# Gifford Pinchot National Forest

## FY07 Native Plant Material Accomplishments

The Gifford Pinchot National Forest received \$10,000 of NFN3 funding to help operate its native seed program in 2007. This money was used to support: (1) a Forest-wide collection contract for *Elymus glaucus*, (2) an inventory and seed collection contract for *Festuca idahoensis*, and (3) administrative efforts related to these and other ongoing projects, as well as management of the Forest's current inventory of stored seed.
