

# Uinta National Forest Silver Meadow Wildflower Viewing Area

From Heber City, travel north on Highway 40, then turn east onto State Route 35. Travel about 25 miles until you pass Wolf Creek Summit and the Wolf Creek campground. Then look for a left turn (north) onto Forest Road 174, a graveled dirt road. There should be a small sign at the junction showing the road is the way to Silver Meadow. Silver Meadow is about two miles northeast of the junction.
